

SUPPLEMENTARY INFORMATION: On June 15, 2007, the Commission released the *VoIP TRS Order*, published at 72 FR 43546, August 6, 2007, WC Docket No. 04–36, CG Docket No. 03–123, WT Docket No. 96–198 and CC Docket No. 92–105, FCC 07–110. In the *VoIP TRS Order*, the Commission extended to providers of interconnected VoIP services the application of its pre-existing TRS rules under sections 225 and 255 of the Communications Act of 1934, as amended. Among other things, the *VoIP TRS Order* required interconnected VoIP providers to offer 711 abbreviated dialing access to TRS “to ensure that TRS calls can be made from any telephone, anywhere in the United States, and that such calls will be properly routed to the appropriate relay center.”

On September 14, 2007, the VON Coalition filed a “Motion for Stay or Waiver,” asking the Commission to stay the effective date of the TRS requirements, including the 711 dialing requirement, as applied to interconnected VoIP providers or, in the alternative, to waive those requirements.

On September 21, 2007, USTelecom filed a petition requesting a two-year waiver for interconnected VoIP providers of the requirement that they route emergency 711 calls to a TRS provider capable of determining the appropriate PSAP to call to respond to an emergency.

On September 21, 2007, Hamilton—a provider of traditional TRS services in various states—filed a request for waiver of the TRS emergency call handling requirements, as applied to traditional TRS providers’ handling of 711 calls that originate on interconnected VoIP networks.

This is a summary of the Commission’s public notice in document DA 07–4178, IP-Enabled Services; Implementation of Sections 255 and 251(a)(2) of The Communications Act of 1934, as Enacted by The Telecommunications Act of 1996: Access to Telecommunications Service, Telecommunications Equipment and Customer Premises Equipment by Persons with Disabilities; Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities; The Use of N11 Codes and other Abbreviated Dialing Arrangements, WC Docket No. 04–36, CG Docket No. 03–123, WT Docket No. 96–198 and CC Docket No. 92–105, adopted October 9, 2007, released October 9, 2007. Document DA 07–4178 also contains a separate order granting in part and denying in part the petitions

for stay or waiver filed by the VON Coalition, USTelecom, and Hamilton.

Pursuant to § 1.1206 of the Commission’s rules, 47 CFR 1.1206, this matter shall be treated as a “permit-but-disclose” proceeding in which *ex parte* communications are subject to disclosure.

Synopsis

In document DA 07–4178, the Commission seeks comment on the petitions for stay or waiver filed by the VON Coalition, USTelecom, and Hamilton. In particular, the Commission seeks comment on technical solutions to the ability of interconnected VoIP providers to route all 711 calls to an appropriate relay center—defined as the relay center(s) serving the state in which the caller is geographically located, or the relay center(s) corresponding to the caller’s last registered address—and to the ability of a relay center to identify the appropriate PSAP to call when receiving an emergency call via 711 and an interconnected VoIP service.

The Commission expects that interconnected VoIP providers, relay service providers, and members of the industry and community will work closely together to achieve a solution as expeditiously as possible that will enable emergency 711 calls placed through interconnected VoIP providers to be handled in accordance with the Commission’s emergency call handling procedures.

Analysis of Agreement Containing Consent Order to Aid Public Comment

I. Introduction

The Federal Trade Commission ("Commission") has accepted, subject to final approval, an Agreement Containing Consent Order from Owens Corning ("Respondent"). The Consent Agreement is intended to resolve anticompetitive effects stemming from Owens Corning's proposed acquisition of certain glass fiber reinforcements and composite fabric assets from Compagnie de Saint Gobain ("Saint Gobain"). The Consent Agreement includes a proposed Decision and Order which requires Respondent Owens Corning to divest its North American Continuous Filament Mat ("CFM") Business, which includes the CFM production facility in Huntingdon, Pennsylvania, the Marbles Furnace in Anderson, South Carolina, which supplies the Huntingdon facility, and related technology and other assets used in the CFM business. The proposed Decision and Order also requires the licensing of all Owens Corning intellectual property related to the production of CFM and certain CFM furnace technology.

Owens Corning and Saint Gobain originally planned to combine their respective glass fiber reinforcement businesses in a new entity to be called Owens Corning Vetrotex Reinforcements. The new entity was to
