

Equities Rule 5.2(j)(6)(B)(I)(1)(b)(ii) that relates to minimum trading volume for each component security is more stringent than the trading volume requirement related to options trading.⁸ Notwithstanding the foregoing, while a significant number of listed equity securities meet the minimum market capitalization and trading volume requirements for components of equity indexes under NYSE Arca Equities Rule 5.2(j)(6), the Exchange represents that many do not meet the current criteria for standardized options trading. The Exchange believes that the explicit market capitalization and trading volume requirements of NYSE Arca Equities Rule 5.2(j)(6)(B)(I)(1)(b)(i) and (ii), respectively, are sufficient to ensure that any component security comprising an Equity Reference Asset underlying a series of Equity Index-Linked Securities will have an adequate liquid trading market. In addition, the Exchange believes that, by requiring that both proposed conditions to NYSE Arca Equities Rule 5.2(j)(6)(B)(I)(1)(b)(v) (*i.e.*, enhancing concentration limits for component securities and increasing the minimum number of component securities) be met in order to avail of the proposed exemption to such rule, the proposal would significantly reduce the possibility of manipulation of the index. Based on the foregoing, the Exchange believes that the protection of requiring such securities to be qualified for options trading is unnecessary.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market

⁸ NYSE Arca Equities Rule 5.2(j)(6)(B)(I)(1)(b)(ii) requires that each component security must have trading volume in each of the last six months or not less than 1,000,000 shares per month, except that for each of the lowest dollar weighted component securities in the index that, in the aggregate, account for no more than 10% of the dollar weight of the index, the trading volume shall be at least 500,000 shares per month in each of the last six months. In contrast, the options criteria for underlying securities generally require a minimum trading volume (in all markets in which the underlying security is traded) of 2,400,000 shares in the preceding twelve months, as stated above.

system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposed rule change will impose no burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange states that no written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which NYSE Arca consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

[Public Notice 5980]

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals: Algeria Youth Leadership Program

Announcement Type: New Grant.
Funding Opportunity Number: ECA/PE/C/PY-08-12.

Catalog of Federal Domestic Assistance Number: 00.000.

Key Dates:

Application Deadline: January 3, 2008.

Executive Summary: The Office of Citizen Exchanges, Youth Programs Division, of the Bureau of Educational and Cultural Affairs announces an open competition for the Algeria Youth Leadership Program. Public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C.

¹¹ 17 CFR 200.30-3(a)(12).

501(c)(3) will submit proposals to recruit and select high school students in Algeria, and conduct a program in Algeria and the United States approximately six weeks in length that will focus on themes of leadership development, respecting diversity, and civic education.

I. Funding Opportunity Description

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose

The Algeria Youth Leadership Program has been established to offer youth from Algeria an opportunity to interact with their American peers and jointly develop their leadership skills. The Office of Citizen Exchanges' Youth Programs Division, through the Algeria Youth Leadership Program, will bring Algerian and American exchange participants (ages 15-17) together in the United States for approximately four weeks in the summer of 2008. The Algerian participants will also undergo two (2) weeks of intensive English language instruction before their departure to the United States.

Components of the program will include: (A) Two (2) weeks of intensive English language instruction in Algeria for the Algerian participants; (B) a pre-departure and post-arrival orientation for the Algerian students, each being no more than two (2) days in length; (C) approximately two (2) weeks of structured activities in U.S. communities when the Algerian students will have homestays with American families; (D) a week at a summer program site for both the Algerians and Americans; (E) a week-long civic education workshop for both the Algerians and Americans, and (F) a one-day wrap-up session at the

conclusion of the program for both the Algerian and American participants. Follow-on activities for alumni will be designed to reinforce the lessons learned on the exchange and enable the alumni to apply their new skills in their home communities.

The grantee organization will be responsible for the entire cycle of the program to include: Recruitment and selection of Algerian and American students; management of travel documents, international airline reservations for Algerian students and up to two (2) adult escorts, who will accompany the Algerian students and participate in the program; domestic transportation for Algerian and American participants; preparation and oversight of all programmatic components in the United States; provision of follow-on activities for Algerian alumni in their home country, and, to the extent possible, for American alumni in the United States.

The grantee organization must recruit and select the Algerian exchange participants in consultation with the Public Affairs Section at the U.S. Embassy in Algiers. The grantee organization must make arrangements for the students to take part in intensive English language instruction before their departure to the United States. English language classes should be no longer than two (2) weeks in duration.

The grantee organization must also recruit and select American high school students. Preference will be given to a nationwide recruitment plan, though a regional recruitment plan may also be considered.

The grantee organization must provide the Algerian participants with pre-departure and post-arrival orientations to prepare them for both the content and the logistics of the exchange. The American students must receive pre-program information on content and logistics.

A successful project will be one that nurtures a cadre of students to be actively engaged in their schools and communities upon their return home, and that equips students with the knowledge, skills, and confidence to do so. By the end of the program, Algerian students will have developed relationships with their peers in the United States and within their delegation; developed their own impression of the United States; strengthened their English language skills; and obtained an understanding of how American democracy operates on a daily basis. The American students will develop an appreciation for another culture and learn more about Algerian society and traditions through their

relationships with the Algerian participants.

Goals

- To develop leadership, civic responsibility, and commitment to community service among youth;
- To strengthen the English language skills of the Algerian participants;
- To foster relationships between Americans and Algerians with a focus on respect for ethnic, socioeconomic and religious diversity; and
- To promote mutual understanding between the people of the United States and the people of Algeria.

Applicants should identify their own specific program objectives, as well as measurable outcomes based on the program goals and specifications provided in this solicitation. Applicants should outline their capacity for doing projects of this nature, focusing on three areas of competency: (1) Provision of leadership and civic education programming, (2) age-appropriate programming for youth, and (3) prior work with individuals from the region.

Participants

Selection of Algerian students must focus on teenagers, aged 15-17, from across the country who represent the full diversity of the Algerian population. They should demonstrate an interest in the project themes and exhibit maturity, flexibility, and open-mindedness.

The program must also include American students, aged 15-17, who demonstrate an interest in the project themes and exhibit maturity, flexibility, and open-mindedness. Care should be taken to ensure a recruitment process that targets a diverse pool of Americans from across the county (or from throughout a region).

Algerian adult participants will be educators or leaders of non-governmental organizations that work with youth. They should be available to support the participants during the course of each component of the exchange.

There will be at least 20 participants from Algeria, plus the two adult escorts. They will be joined by a delegation of at least 10 American students for the camp and civic education components. Applicants must specify the size and composition of each country delegation in their proposal.

U.S. Program

The approximate six-week program will begin in the United States with a two-day orientation for the Algerian participants and wrap up with a one-day debriefing session for both the Algerian and American students. The

camp and civic education experiences will allow Algerian and American students to build relationships, and should combine both recreational and substantive elements addressing such topics as participatory democracy, community service, and respect for diversity. The civic education workshop should include briefings, simulations, and discussions on citizen participation and the fundamentals of the American democratic system of government. During the time that the Algerian students are living with American host families, their scheduled events should include a structured and sustained mix of workshops, simulations and role-playing, meetings, tours, training, and social time among their peers.

The primary components are described in more detail in the Project Objectives, Goals and Implementation (POGI) document.

Approximate Number of Awards: 1.

Approximate Average Award:

\$225,000.

Anticipated Project Completion Date: Approximately 18 months after start date.

Additional Information: Pending successful implementation of this program and the availability of funds in subsequent fiscal years, it is ECA's intent to renew this grant for two additional fiscal years before openly competing it again.

III. Eligibility Information

III.1. Eligible applicants: Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3).

III.2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved grant agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all

costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements: Bureau grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$60,000 in Bureau funding. ECA anticipates awarding one grant, in an amount up to \$225,000 to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition.

Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1. Adherence To All Regulations Governing The J Visa.

The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this RFGP, and an employee of the Bureau will be the "Responsible Officer" for the program under the terms of 22 CFR part 62, which covers the administration of the Exchange Visitor Program (J visa program). Under the terms of 22 CFR part 62, organizations receiving grants under this RFGP will be third parties "cooperating with or assisting the sponsor in the conduct of the sponsor's

program.” The actions of grantee program organizations shall be “imputed to the sponsor in evaluating the sponsor’s compliance with” 22 CFR part 62. Therefore, the Bureau expects that any organization receiving a grant under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR part 62 *et seq.*

The Bureau of Educational and Cultural Affairs places great emphasis on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by grantee program organizations and program participants to all regulations governing the J visa program status. Therefore, proposals should *explicitly state in writing* that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR part 62. If your organization has experience as a designated Exchange Visitor Program Sponsor, the applicant should discuss their record of compliance with 22 CFR part 62 *et seq.*, including the oversight of their Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The Office of Citizen Exchanges of ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://exchanges.state.gov> or from: United States Department of State, Office of Exchange Coordination and Designation, ECA/EC/ECD—SA-44, Room 734, 301 4th Street, SW., Washington, DC 20547, Telephone: (202) 203-5029, FAX: (202) 453-8640.

IV.3d.2. Diversity, Freedom and Democracy Guidelines.

Pursuant to the Bureau’s authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. “Diversity” should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under

the ‘Support for Diversity’ section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that “in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy,” the Bureau “shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries.” Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3. Program Monitoring and Evaluation.

Proposals must include a plan to monitor and evaluate the project’s success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the grantee will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project’s objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are “smart” (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs

include the number of people trained or the number of seminars conducted. *Outcomes*, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. *Participant satisfaction* with the program and exchange experience.
2. *Participant learning*, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. *Participant behavior*, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. *Institutional changes*, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Grantees will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit a comprehensive budget for the entire program. Awards may not exceed \$225,000. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity for clarification. Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

IV.3f. Application Deadline and Methods of Submission:

Application Deadline Date: January 3, 2008.

Therefore, applicants should check with appropriate staff within their organizations immediately after reviewing this RFGP to confirm or determine their registration status with *Grants.gov*. Once registered, the amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your internet connection. Therefore, we strongly recommend that you not wait until the application deadline to begin the submission process through *Grants.gov*. Direct all questions regarding *Grants.gov* registration and submission to: *Grants.gov* Customer Support, Contact Center Phone: 800-518-4726, Business Hours: Monday-Friday, 7 a.m.-9 p.m. Eastern Time, e-mail: support@grants.gov.

Applicants have until midnight (12 a.m.), Washington, DC time of the closing date to ensure that their entire application has been uploaded to the *Grants.gov* site. There are no exceptions to the above deadline. Applications uploaded to the site after midnight of the application deadline date will be automatically rejected by the *grants.gov* system, and will be technically ineligible.

Applicants will receive a confirmation e-mail from *grants.gov* upon the successful submission of an application. ECA will *not* notify you upon receipt of electronic applications.

It is the responsibility of all applicants submitting proposals via the

Grants.gov web portal to ensure that proposals have been received by *Grants.gov* in their entirety, and ECA bears no responsibility for data errors resulting from transmission or conversion processes.
