SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56730; File No. SR-CBOE-2007-74]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing of Proposed Rule Change, as Modified by Amendment No. 1 Thereto, To Amend CBOE Rule 6.13A To Modify the Simple Auction Liaison Auction Process and Incorporate Specific Provisions for Hybrid 3.0 Classes

November 1, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 2, 2007, The Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by CBOE. On October 16, 2007, CBOE filed Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend CBOE Rule 6.13A to (i) modify the increments in which responses may be submitted during the Simple Auction Liaison ("SAL") auction process and (ii) incorporate provisions for Hybrid 3.0

Classes in which SAL is activated. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com/Legal>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBOE Rule 6.13A governs the operation of the Exchange's SAL system. SAL is a feature on CBOE's Hybrid system that auctions marketable orders for price improvement over the National Best Bid and Offer. The purpose of this proposed rule change is to amend CBOE Rule 6.13A to (i) modify the increments in which responses may be submitted during the SAL auction process and (ii) incorporate provisions for Hybrid 3.0 Classes in which SAL is activated. Although modifying the auction increments in which responses could be submitted to include standard increments would widen the quote as compared to one-cent increments, the Exchange believes this modification may encourage Market-Makers and other market participants to quote more aggressively overall. In addition, incorporating SAL on the Hybrid 3.0 Platform will further automate the order handling process on Hybrid 3.0.

In providing marketable orders with the potential for price improvement, SAL provides an auction, for a period of time not to exceed two seconds as determined by the Exchange on a class-by-class basis, for any qualifying order ("Agency Order") that is eligible for automatic execution by CBOE's Hybrid System.⁴ Under the current SAL rule, during the auction process, Market-Makers with an appointment in the relevant option class and CBOE members acting as agents for orders
