

of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by December 7, 2007.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 25 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was based on the merits of each case and only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all of these drivers, are not currently achieving the statutory level of safety should immediately notify FMCSA.

The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.

Issued on: November 1, 2007.

Larry W. Minor,

Associate Administrator for Policy and Program Development.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[FTA Docket No. FTA-2007-0015]

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for approval. The **Federal Register** Notice with a 60-day comment period soliciting comments was published on August 24, 2007. No comments were received in response to that notice.

DATES: Comments must be submitted before December 7, 2007. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: LaStar Matthews, Office of Administration, Office of Management Planning, (202) 366-2295 or e-mail: LaStar.Matthews@dot.gov.

ADDRESSES: All written comments must refer to the docket number that appears at the top of this document and be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention: FTA Desk Officer.

SUPPLEMENTARY INFORMATION:

Title: Charter Service Operations (OMB Number: 2132-0549).

Abstract: 49 U.S.C. 5323(d) requires all applicants for financial assistance from FTA to enter into a charter bus agreement with the Secretary of Transportation (delegated to the Administrator of FTA in 49 CFR 1.51(a)). 49 U.S.C. 5323(d) provides protections for private intercity charter bus operators from unfair competition by FTA recipients. 49 U.S.C. Section 5302(a)(10) as interpreted by the Comptroller General permits FTA recipients, but does not state that recipients have a right, to provide charter bus service with FTA-funded facilities and equipment only if it is incidental to the provision of mass transportation service. These statutory requirements have been implemented in FTA's charter regulation, 49 CFR 604.7. 49 CFR 604.7 requires all applicants for financial assistance under 49 U.S.C. 5309, 5336, or 5311 to include two copies of a charter bus agreement with

the first grant application submitted after the effective date of the rule. The applicant signs the agreement, but FTA executes it only upon approval of the application. This is a one-time submission with incorporation by reference in subsequent grant applications. 49 CFR 604.11(b) requires recipients to provide notice to all private charter operators and allows them to submit written evidence demonstrating that they are willing and able to provide the charter service the recipient is proposing to provide. The notice must be published in a newspaper and sent to any private operator requesting notice and to the United Bus Owners of America and the American Bus Association, the two trade associations to which most private charter operators belong. To continue receiving federal financial assistance, recipients must publish this notice annually. 49 CFR 604.13(b) requires recipients to review the evidence submitted and notify the submitter of its decision. This notice is also an annual requirement. On December 30, 1988, FTA issued an amendment to the Charter Service regulation that allows additional exceptions for certain non-profit social service groups that meet eligibility requirements.

Estimated Total Annual Burden: 1,984 hours.

Comments Are Invited On: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued: November 1, 2007.

Ann M. Linnertz,

Associate Administrator for Administration.

BILLING CODE 4910-57-P

DEPARTMENT OF TRANSPORTATION

Maritime Administration

Voluntary Intermodal Sealift Agreement

AGENCY: Maritime Administration, DOT.

ACTION: Notice of Voluntary Intermodal Sealift Agreement (VISA).

SUMMARY: The Maritime Administration announces the extension of the Voluntary Intermodal Sealift Agreement (VISA) until October 1, 2009, pursuant to the Defense Production Act of 1950, as amended. The purpose of the VISA is to make intermodal shipping services/systems, including ships, ships' space, intermodal equipment and related management services, available to the Department of Defense as required to support the emergency deployment and sustainment of U.S. military forces. This is to be accomplished through cooperation among the maritime industry, the Department of Transportation and the Department of Defense.

FOR FURTHER INFORMATION CONTACT:

Taylor E. Jones II, Director, Office of Sealift Support, Room W25-209, Maritime Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, (202) 366-2323, Fax (202) 493-2180.

SUPPLEMENTARY INFORMATION: Section 708 of the Defense Production Act of 1950, as amended, (50 U.S.C. App. 2158), as implemented by regulations of the Federal Emergency Management Agency (44 CFR Part 332), Voluntary agreements and plans of action for preparedness programs and expansion of production capacity and supply, authorizes the President, upon a finding that conditions exist which may pose a direct threat to the national defense or its preparedness programs to consult with representatives of industry, business, financing, agriculture, labor, or other interests in order to provide the making of such voluntary agreements. It further authorizes the President to delegate that authority to individuals who are appointed by and with the advice and consent of the Senate, upon the condition that such individuals obtain the prior approval of the Attorney General after the Attorney General's consultation with the Federal Trade Commission. Section 501 of Executive Order 12919, as amended, delegated this authority of the President to the Secretary of Transportation (Secretary), among others. By DOT Order 1900.9, the Secretary delegated to the Maritime Administrator the authority under which the VISA is sponsored. Through advance arrangements in joint planning, it is intended that participants in VISA will provide capacity to support a significant portion of surge and sustainment requirements in the deployment of U.S. military forces during war or other national emergency.

The text of the VISA was first published in the **Federal Register** on

February 13, 1997, to be effective for a two-year term until February 13, 1999. The VISA document has been extended and subsequently published in the **Federal Register** every two years. The last extension was published on September 23, 2005. The text published herein will now be implemented. Copies will be made available to the public upon request.

Text of the Voluntary Intermodal Sealift Agreement:

Abbreviations

“AMC”—Air Mobility Command.
 “CCA”—Carrier Coordination Agreements.
 “CFR”—Code of Federal Regulations.
 “CONOPS”—Concept of Operations.
 “DoD”—Department of Defense.
 “DOJ”—Department of Justice.
 “DOT”—Department of Transportation.
 “DPA”—Defense Production Act.
 “EUSC”—Effective United States Control.
 “FAR”—Federal Acquisition Regulations.
 “FEMA”—Federal Emergency Management Agency. FEMA is an element of the Emergency Preparedness and Response

Directorate, Department of Homeland Security.
 “FTC”—Federal Trade Commission.
 “JCS”—Joint Chiefs of Staff.
 “JPAC”—Joint Planning Advisory Group.
 “MARAD”—Maritime Administration, DOT.
 “MSP”—Maritime Security Program.
 “MSC”—Military Sealift Command.
 “NCA”—National Command Authorities.
 “NDRF”—National Defense Reserve Fleet maintained by MARAD.
 “RRF”—Ready Reserve Force component of the NDRF.
 “SecDef”—Secretary of Defense.
 “SecTrans”—Secretary of Transportation.
 “SDDC”—Military Surface Deployment and Distribution Command.
 “Commander”—Commander, United States Transportation Command.
 “USTRANSCOM”—United States Transportation Command (including its components, Air Mobility Command, Military Sealift Command and Military Surface Deployment and Distribution Command).
 “VISA”—Voluntary Intermodal Sealift Agreement.
 “VSA”—Vessel Sharing Agreement.
 Definitions—For purposes of this agreement, the following definitions apply:
 Administrator—Maritime Administrator.
 Agreement—Agreement (proper noun) refers to the Voluntary Intermodal Sealift Agreement (VISA).
 Attorney General—Attorney General of the United States.
 Broker—A person who arranges for transportation of cargo for a fee.
 Carrier Coordination Agreement (CCA)—An agreement between two or more Participants or between Participant and non-Participant carriers to coordinate their services in a Contingency, including agreements to: (i) Charter vessels or portions of the cargo-carrying capacity of vessels; (ii) share cargo handling equipment, chassis, containers and ancillary transportation equipment; (iii) share wharves, warehouse, marshaling yards and other marine terminal facilities; and (iv) coordinate the movement of vessels.
 Chairman—FTC—Chairman of the Federal Trade Commission (FTC).
 Charter—Any agreement or commitment by which the possession or services of a vessel are secured for a period of time, or for one or more voyages, whether or not a demise of the vessel.
 Commercial—Transportation service provided for profit by privately owned (not government owned) vessels to a private or government shipper. The type of service may be either common carrier or contract carriage.
 Contingency—Includes, but is not limited to a “contingency operation” as defined at 10 U.S.C. 101(a)(13), and a JCS-directed, NCA-approved action undertaken with military forces in response to: (i) Natural disasters; (ii) terrorists or subversive activities; or (iii) required military operations, whether or not there is a declaration of war or national emergency.
 Contingency contracts—DoD contracts in which Participants implement advance commitments of capacity and services to be provided in the event of a Contingency.

Contract carrier—A for-hire carrier who does not hold out regular service to the general public, but instead contracts, for agreed compensation, with a particular shipper for the carriage of cargo in all or a particular part of a ship for a specified period of time or on a specified voyage or voyages.

Controlling interest—More than a 50-percent interest by stock ownership.

Director—FEMA—Director of Federal Emergency Management Agency (FEMA). The Director-FEMA is also Under Secretary for Emergency Preparedness and Response, Department of Homeland Security.

Effective U.S. Control (EUSC)—U.S. citizen-owned ships which are registered in certain open registry countries and which the United States can rely upon for defense in national security emergencies. The term has no legal or other formal significance. U.S. citizen-owned ships registered in Liberia, Panama, Honduras, the Bahamas and the Republic of the Marshall Islands are considered under effective U.S. control because these do not have any laws that prohibit U.S. requisition. EUSC registries are recognized by the Maritime Administration after consultation with DoD. (MARAD OPLAN 001A, 17 July 1990).

Enrollment Contract—The document, executed and signed by MSC, and the individual carrier enrolling that carrier into VISA Stage III.

Foreign flag vessel—A vessel registered or documented under the law of a country other than the United States of America.

Intermodal equipment—Containers (including specialized equipment), chassis, trailers, tractors, cranes and other materiel handling equipment, as well as other ancillary items.

Liner—Type of service offered on a definite, advertised schedule and giving relatively frequent sailings at regular intervals between specific ports or ranges.

Liner throughput capacity—The system/intermodal capacity available and committed, used or unused, depending on the system cycle time necessary to move the designated capacity through to destination. Liner throughput capacity shall be calculated as: static capacity (outbound from CONUS) X voyage frequency X.5.

Management services—Management expertise and experience, intermodal terminal management, information resources, and control and tracking systems.

Ocean common carrier—An entity holding itself out to the general public to provide transportation by water of passengers or cargo for compensation; which assumes responsibility for transportation from port or point of receipt to port or point of destination; and which operates and utilizes a vessel operating on the high seas for all or part of that transportation. (As defined in 46 App. U.S.C. 1702 and 801 regarding international and interstate commerce, respectively).

Operator—An ocean common carrier or contract carrier that owns or controls or manages vessels by which ocean transportation is provided.

Organic sealift—For the purposes of this agreement ships considered to be under government control or long-term charter—

Fast Sealift Ships, Ready Reserve Force and commercial ships under long-term charter to DoD.

Participant—A signatory party to VISA, and otherwise as defined within section VI of this document.

Person—Includes individuals and corporations, partnerships, and associations existing under or authorized by the laws of the United States or any state, territory, district, or possession thereof, or of a foreign country.

Service contract—A contract between a shipper (or a shipper's association) and an ocean common carrier (or conference) in which the shipper makes a commitment to provide a certain minimum quantity of cargo or freight revenue over a fixed time period, and the ocean common carrier or conference commits to a certain rate or rate schedule, as well as a defined service level (such as assured space, transit time, port rotation, or similar service features), as defined in the Shipping Act of 1984. The contract may also specify provisions in the event of nonperformance on the part of either party.

Standby period—The interval between the effective date of a Participant's acceptance into the Agreement and the activation of any stage, and the periods between deactivation of all stages and any later activation of any stage.

U.S.-flag Vessel—A vessel registered or documented under the laws of the United States of America.

Vessel Sharing Agreement (VSA) Capacity—Space chartered to a Participant for carriage of cargo, under its commercial contracts, service contracts or in common carriage, aboard vessels shared with another carrier or carriers pursuant to a commercial vessel sharing agreement under which the carriers may compete with each other for the carriage of cargo. In U.S. foreign trades the agreement is filed with the Federal Maritime Commission (FMC) in conformity with the Shipping Act of 1984 and implementing regulations.

Volunteers—Any vessel owner/operator who is an ocean carrier and who offers to make capacity, resources or systems available to support contingency requirements.

Preface

The Administrator, pursuant to the authority contained in section 708 of the Defense Production Act of 1950, as amended (50 App. U.S.C. 2158)(Section 708)(DPA), in cooperation with DoD, has developed this Agreement [hereafter called the Voluntary Intermodal Sealift Agreement (VISA)] to provide DoD the commercial sealift and intermodal shipping services/systems necessary to meet national defense Contingency requirements.

USTRANSCOM procures commercial shipping capacity to meet requirements for ships and intermodal shipping services/systems through arrangements with common carriers, with contract carriers and by charter. DoD (through USTRANSCOM) and DOT (through MARAD) maintain and operate a fleet of

ships owned by or under charter to the Federal Government to meet the logistic needs of the military services which cannot be met by existing commercial service. Government controlled ships are selectively activated for peacetime military tests and exercises, and to satisfy military operational requirements which cannot be met by commercial shipping in time of war, national emergency, or military Contingency. Foreign-flag shipping is used in accordance with applicable laws, regulations and policies.

The objective of VISA is to provide DoD a coordinated, seamless transition from peacetime to wartime for the acquisition of commercial sealift and intermodal capability to augment DoD's organic sealift capabilities. This Agreement establishes the terms, conditions and general procedures by which persons or parties may become VISA Participants. Through advance joint planning among USTRANSCOM, MARAD and the Participants, Participants may provide predetermined capacity in designated stages to support DoD Contingency requirements.

VISA is designed to create close working relationships among MARAD, USTRANSCOM and Participants through which Contingency needs and the needs of the civil economy can be met by cooperative action. During Contingencies, Participants are afforded maximum flexibility to adjust commercial operations by Carrier Coordination Agreements (CCA), in accordance with applicable law.

Participants will be afforded the first opportunity to meet DoD peacetime and Contingency sealift requirements within applicable law and regulations, to the extent that operational requirements are met. In the event VISA Participants are unable to fully meet Contingency requirements, the shipping capacity made available under VISA may be supplemented by ships/capacity from non-Participants in accordance with applicable law and by ships requisitioned under section 902 of the Merchant Marine Act, 1936 (as amended) (46 App. U.S.C. 1242). In addition, containers and chassis made available under VISA may be supplemented by services and equipment acquired by USTRANSCOM or accessed by the Administrator through the provisions of 46 CFR Part 340.

TheSecDef has approved VISA as a sealift readiness program for the purpose of section 909 of the Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1248) and (46 U.S.C. 53107).

Voluntary Intermodal Sealift Agreement

I. Purpose

A. The Administrator has made a determination, in accordance with section 708(c)(1) of the Defense Production Act (DPA) of 1950, that conditions exist which may pose a direct threat to the national defense of the United States or its preparedness programs and, under the provisions of Section 708, has certified to the Attorney General that a standby agreement for utilization of intermodal shipping services/systems is necessary for the national defense. The Attorney General, in consultation with the Chairman of the Federal Trade Commission, has issued a finding that dry cargo shipping capacity to meet national defense requirements cannot be provided by the industry through a voluntary agreement having less anticompetitive effects or without a voluntary agreement.

B. The purpose of VISA is to provide a responsive transition from peace to Contingency operations through pre-coordinated agreements for sealift capacity to support DoD Contingency requirements. VISA establishes procedures for the commitment of intermodal shipping services/systems to satisfy such requirements. VISA will change from standby to active status upon activation by appropriate authority of any of the Stages, as described in section V.

C. It is intended that VISA promote and facilitate DoD's use of existing commercial transportation resources and integrated intermodal transportation systems, in a manner which minimizes disruption to commercial operations, whenever possible.

D. Participants' capacity which may be committed pursuant to this Agreement may include all intermodal shipping services/systems and all ship types, including container, partial container, container/bulk, container/roll-on/roll-off, roll-on/roll-off (of all varieties), breakbulk ships, tug and barge combinations, and barge carrier (LASH, SeaBee).

II. Authorities

A. MARAD

1. Sections 101 and 708 of the DPA, as amended (50 App. U.S.C. 2158); Executive Order 12919 as amended, 59 FR 29525, June 7, 1994; Executive Order 12148, as amended, 3 CFR 1979 Comp., p. 412, as amended; 44 CFR part 332; DOT Order 1900.9; 46 CFR part 340.

2. Section 501 of Executive Order 12919, as amended, delegated the

authority of the President under section 708 to SecTrans, among others. By DOT Order 1900.9, SecTrans delegated to the Administrator the authority under which VISA is sponsored.

B. USTRANSCOM

1. Section 113 and Chapter 6 of Title 10 of the United States Code.

2. DoD Directive 5158.4 designating the Commander to provide common user air, land, and sea transportation for DoD.

III. General

A. Concept

1. VISA provides for the staged, time-phased availability of Participants' shipping services/systems to meet NCA-directed DoD Contingency requirements in the most demanding defense oriented sealift emergencies and for less demanding defense oriented situations through prenegotiated Contingency contracts between the government and Participants (see Figure 1). Such arrangements will be jointly planned with MARAD, USTRANSCOM, and Participants in peacetime to allow effective, and efficient and best valued use of commercial sealift capacity, provide DoD assured Contingency access, and minimize commercial disruption, whenever possible.

a. Stages I and II provide for prenegotiated contracts between DoD and Participants to provide sealift capacity against all projected DoD Contingency requirements. These agreements will be executed in accordance with approved DoD contracting methodologies.

b. Stage III will provide for additional capacity to DoD when Stages I and II commitments or volunteered capacity are insufficient to meet Contingency requirements, and adequate shipping services from non-Participants are not available through established DoD contracting practices or U.S. Government treaty agreements.

2. Activation will be in accordance with procedures outlined in Section V of this Agreement.

3. Following is the prioritized order for utilization of commercial sealift capacity to meet DoD peacetime and Contingency requirements:

a. U.S.-flag vessel capacity operated by a Participant and U.S.-flag Vessel Sharing Agreement (VSA) capacity of a Participant.

b. U.S.-flag vessel capacity operated by a non-Participant.

c. Combination U.S./foreign flag vessel capacity operated by a Participant and combination U.S./foreign flag VSA capacity of a Participant.

d. Combination U.S./foreign flag vessel capacity operated by a non-Participant.

e. U.S. owned or operated foreign flag vessel capacity and VSA capacity of a Participant.

f. U.S. owned or operated foreign flag vessel capacity and VSA capacity of a non-Participant.

g. Foreign-owned or operated foreign flag vessel capacity of a non-Participant.

4. Under Section VI.F. of this Agreement, Participants may implement CCAs to fulfill their contractual commitments to meet VISA requirements.

B. Responsibilities

1. The SecDef, through USTRANSCOM, shall:

a. Define time-phased requirements for Contingency sealift capacity and resources required in Stages I, II and III to augment DoD sealift resources.

b. Keep MARAD and Participants apprised of Contingency sealift capacity required and resources committed to Stages I and II.

c. Obtain Contingency sealift capacity through the implementation of specific prenegotiated DoD Contingency contracts with Participants.

d. Notify the Administrator upon activation of any stage of VISA.

e. Co-chair (with MARAD) the Joint Planning Advisory Group (JPAG).

f. Establish procedures, in accordance with applicable law and regulation, providing Participants with necessary determinations for use of foreign flag vessels to replace an equivalent U.S.-flag capacity to transport a Participant's normal peacetime DoD cargo, when Participant's U.S.-flag assets are removed from regular service to meet VISA Contingency requirements.

g. Provide a reasonable time to permit an orderly return of a Participant's vessel(s) to its regular schedule and termination of its foreign flag capacity arrangements as determined through coordination between DoD and the Participants.

h. Review and endorse Participants' requests to MARAD for use of foreign flag replacement capacity for non-DoD government cargo, when U.S.-flag capacity is required to meet Contingency requirements.

2. The SecTrans, through MARAD, shall:

a. Review the amount of sealift resources committed in DoD contracts to Stages I and II and notify USTRANSCOM if a particular level of VISA commitment will have serious adverse impact on the commercial sealift industry's ability to provide essential services. MARAD's analysis

shall be based on the consideration that all VISA Stage I and II capacity committed will be activated. This notification will occur on an as required basis upon the Commander's acceptance of VISA commitments from the Participants. If so advised by MARAD, USTRANSCOM will adjust the size of the stages or provide MARAD with justification for maintaining the size of those stages. USTRANSCOM and MARAD will coordinate to ensure that the amount of sealift assets committed to Stages I and II will not have an adverse, national economic impact.

b. Coordinate with DOJ for the expedited approval of CCAs.

c. Upon request by the Commander and approval by SecDef to activate Stage III, allocate sealift capacity and intermodal assets to meet DoD Contingency requirements. DoD shall have priority consideration in any allocation situation.

d. Establish procedures, pursuant to section 53107(f) of the Maritime Security Act of 2003 (MSA 2003) (Pub. L. 108-136, 117 Stat. 1392), for determinations regarding the equivalency and duration of the use of foreign flag vessels to replace U.S.-flag vessel capacity to transport the cargo of a Participant which has entered into an operating agreement under section 53103 of the MSA 2003 and whose U.S.-flag vessel capacity has been removed from regular service to meet VISA contingency requirements. Such foreign flag vessels shall be eligible to transport cargo that is subject to the Cargo Preference Act of 1904 (10 U.S.C. 2631), P.R. 17 (46 App. U.S.C. 1241-1), and Public Law 664 (46 App. U.S.C. 1241(a) and (b)). However, any procedures regarding the use of such foreign flag vessels to transport cargo subject to the Cargo Preference Act of 1904 must have the concurrence of USTRANSCOM before it becomes effective.

e. Co-chair (with USTRANSCOM) the JPAG.

f. Seek necessary Jones Act waivers as required. To the extent feasible, participants with Jones Act vessels or vessel capacity will use CCAs or other arrangements to protect their ability to maintain services for their commercial customers and to fulfill their commercial peacetime commitments with U.S.-flag vessels. In situations where the activation of this Agreement deprives a Participant of all or a portion of its Jones Act vessels or vessel capacity and, at the same time, creates a general shortage of Jones Act vessel(s) or vessel capacity on the market, the Administrator may request that the Secretary of Homeland Security grant a temporary waiver of the provisions of

the Jones Act to permit a Participant to charter or otherwise utilize non-Jones Act vessel(s) or vessel capacity, with priority consideration recommended for U.S. crewed vessel(s) or vessel capacity. The vessel(s) or vessel capacity for which such waivers are requested will be approximately equal to the Jones Act vessel(s) or vessel capacity chartered or under contract to DoD, and any waiver that may be granted will be effective for the period that the Jones Act vessel(s) or vessel capacity is on charter or under contract to DoD plus a reasonable time for termination of the replacement charters as determined by the Administrator.

C. Termination of Charters, Leases and Other Contractual Arrangements

1. USTRANSCOM will notify the Administrator as soon as possible of the prospective termination of charters, leases, management service contracts or other contractual arrangements made by DoD under this Agreement.

2. In the event of general requisitioning of ships under 46 App. U.S.C. 1242, the Administrator shall consider commitments made with DoD under this Agreement.

D. Modification/Amendment of This Agreement

1. The Attorney General may modify this Agreement, in writing, after consultation with the Chairman—FTC, SecTrans, through his representative MARAD, and SecDef, through his representative the Commander. Although Participants may withdraw from this Agreement pursuant to section VI.D, they remain subject to VISA as amended or modified until such withdrawal.

2. The Administrator, Commander and Participants may modify this Agreement at any time by mutual agreement, but only in writing with the approval of the Attorney General and the Chairman—FTC.

3. Participants may propose amendments to this Agreement at any time.

E. Administrative Expenses—Administrative and Out-of-pocket Expenses Incurred by a Participant Shall Be Borne Solely by the Participant

F. Record Keeping

1. MARAD has primary responsibility for maintaining carrier VISA application records in connection with this Agreement. Records will be maintained in accordance with MARAD Regulations. Once a carrier is selected as a VISA Participant, a copy of the VISA application form will be forwarded to USTRANSCOM.

2. In accordance with 44 CFR 332.2(c), MARAD is responsible for the making and record maintenance of a full and verbatim transcript of each JPAG meeting. MARAD shall send this transcript, and any voluntary agreement resulting from the meeting, to the Attorney General, the Chairman—FTC, the Director—FEMA, any other party or repository required by law and to Participants upon their request.

3. USTRANSCOM shall be the official custodian of records related to the contracts to be used under this Agreement, to include specific information on enrollment of a Participant's capacity in VISA.

4. In accordance with 44 CFR 332.3(d), a Participant shall maintain for five (5) years all minutes of meetings, transcripts, records, documents and other data, including any communications with other Participants or with any other member of the industry or their representatives, related to the administration, including planning related to and implementation of Stage activations of this Agreement. Each Participant agrees to make such records available to the Administrator, the Commander, the Attorney General, and the Chairman—FTC for inspection and copying at reasonable times and upon reasonable notice. Any record maintained by MARAD or USTRANSCOM pursuant to paragraphs 1, 2, or 3 of this subsection shall be available for public inspection and copying unless exempted on the grounds specified in 5 U.S.C. 552(b) or identified as privileged and confidential information in accordance with Section 708(e).

G. MARAD Reporting Requirements—MARAD Shall Report to the Director—FEMA, as Required, on the Status and Use of This Agreement

IV. Joint Planning Advisory Group

A. The JPAG provides USTRANSCOM, MARAD and VISA Participants a planning forum to:

1. Analyze DoD Contingency sealift/intermodal service and resource requirements.

2. Identify commercial sealift capacity that may be used to meet DoD requirements, related to Contingencies and, as requested by USTRANSCOM, exercises and special movements.

3. Develop and recommend CONOPS to meet DoD-approved Contingency requirements and, as requested by USTRANSCOM, exercises and special movements.

B. The JPAG will be co-chaired by MARAD and USTRANSCOM, and will

convene as jointly determined by the co-chairs.

C. The JPAG will consist of designated representatives from MARAD, USTRANSCOM, each Participant, and maritime labor. Other attendees may be invited at the discretion of the co-chairs as necessary to meet JPAG requirements. Representatives will provide technical advice and support to ensure maximum coordination, efficiency and effectiveness in the use of Participants' resources. All Participants will be invited to all open JPAG meetings. For selected JPAG meetings, attendance may be limited to designated Participants to meet specific operational requirements.

1. The co-chairs may establish working groups within JPAG. Participants may be assigned to working groups as necessary to develop specific CONOPS.

2. Each working group will be co-chaired by representatives designated by MARAD and USTRANSCOM.

D. The JPAG will not be used for contract negotiations and/or contract discussions between carriers and DoD; such negotiations and/or discussions will be in accordance with applicable DoD contracting policies and procedures.

E. The JPAG co-chairs shall:

1. Notify the Attorney General, the Chairman-FTC, Participants and the maritime labor representative of the time, place and nature of each JPAG meeting.

2. Provide for publication in the **Federal Register** of a notice of the time, place and nature of each JPAG meeting. If the meeting is open, a **Federal Register** notice will be published reasonably in advance of the meeting. If a meeting is closed, a **Federal Register** notice will be published within ten (10) days after the meeting and will include the reasons for closing the meeting.

3. Establish the agenda for each JPAG meeting and be responsible for adherence to the agenda.

4. Provide for a full and complete transcript or other record of each meeting and provide one copy each of transcript or other record to the Attorney General, the Chairman-FTC, and to Participants, upon request.

F. Security Measures—The co-chairs will develop and coordinate appropriate security measures so that Contingency planning information can be shared with Participants to enable them to plan their commitments.

V. Activation of VISA Contingency Provisions

A. General

VISA may be activated at the request of the Commander, with approval of SecDef, as needed to support Contingency operations. Activating voluntary commitments of capacity to support such operations will be in accordance with prenegotiated Contingency contracts between DoD and Participants.

B. Notification of Activation

1. The Commander will notify the Administrator of the activation of Stages I, II, and III.

2. The Administrator shall notify the Attorney General and the Chairman-FTC when it has been determined by DoD that activation of any Stage of VISA is necessary to meet DoD Contingency requirements.

C. Voluntary Capacity

1. Throughout the activation of any Stages of this Agreement, DoD may utilize voluntary commitment of sealift capacity or systems.

2. Requests for volunteer capacity will be extended simultaneously to both Participants and other carriers. First priority for utilization will be given to Participants who have signed Stage I and/or II contracts and are capable of meeting the operational requirements. Participants providing voluntary capacity may request USTRANSCOM to activate their prenegotiated Contingency contracts; to the maximum extent possible, USTRANSCOM, where appropriate, shall support such requests. Volunteered capacity will be credited against Participants' staged commitments, in the event such stages are subsequently activated.

3. In the event Participants are unable to fully meet Contingency requirements, or do not voluntarily offer to provide the required capacity, the shipping capacity made available under VISA may be supplemented by ships/capacity from non-Participants.

4. When voluntary capacity does not meet DoD Contingency requirements, DoD will activate the VISA stages as necessary.

D. Stage I

1. Stage I will be activated in whole or in part by the Commander, with approval of SecDef, when voluntary capacity commitments are insufficient to meet DoD Contingency requirements. The Commander will notify the Administrator upon activation.

2. USTRANSCOM will implement Stage I Contingency contracts as needed to meet operational requirements.

E. Stage II

1. Stage II will be activated, in whole or in part, when Contingency requirements exceed the capability of Stage I and/or voluntarily committed resources.

2. Stage II will be activated by the Commander, with approval of SecDef, following the same procedures discussed in paragraph D above.

F. Stage III

1. Stage III will be activated, in whole or in part, when Contingency requirements exceed the capability of Stages I and II, and other shipping services are not available. This stage involves DoD use of capacity and vessels operated by Participants which will be furnished to DoD when required in accordance with this Agreement. The capacity and vessels are allocated by MARAD on behalf of SecTrans to the Commander.

2. Stage III will be activated by the Commander upon approval by SecDef. Upon activation, SecDef will request SecTrans to allocate sealift capacity based on DoD requirements, in accordance with Title 1 of DPA, to meet the Contingency requirement. All Participants' capacity committed to VISA is subject to use during Stage III.

3. Upon allocation of sealift assets by SecTrans, through its designated representative MARAD, the Commander will negotiate and execute Contingency contracts with Participants, using pre-approved rate methodologies as established jointly by SecTrans and SecDef in fulfillment of section 53107 of the MSA 2003. Until execution of such contract, the Participant agrees that the assets remain subject to the provisions of Section 902 of the Merchant Marine Act of 1936, Title 46 App. U.S.C. 1242.

4. Simultaneously with activation of Stage III, the DoD Sealift Readiness Program (SRP) will be activated for those carriers still under obligation to that program.

G. Partial Activation

As used in this section V, activation "in part" of any Stage under this Agreement shall mean one of the following:

1. Activation of only a portion of the committed capacity of some, but not all, of the Participants in any Stage that is activated; or

2. Activation of the entire committed capacity of some, but not all, of the Participants in any Stage that is activated; or

3. Activation of only a portion of the entire committed capacity of all of the Participants in any Stage that is activated.

VI. Terms and Conditions

A. Participation

1. Any U.S.-flag vessel operator organized under the laws of a State of the United States, or the District of Columbia, may become a "Participant" in this Agreement by submitting an executed copy of the form referenced in Section VII, and by entering into a VISA Enrollment Contract with DoD which establishes a legal obligation to perform and which specifies payment or payment methodology for all services rendered.

2. The term "Participant" includes the entity described in VI.A.1 above, and all United States subsidiaries and affiliates of the entity which own, operate, charter or lease ships and intermodal equipment in the regular course of their business and in which the entity holds a controlling interest.

3. Upon request of the entity executing the form referenced in Section VII, the term "Participant" may include the controlled non-domestic subsidiaries and affiliates of such entity signing this Agreement, provided that the Administrator, in coordination with the Commander, grants specific approval for their inclusion.

4. Any entity receiving payments under the Maritime Security Program (MSP), pursuant to the MSA 2003 (Pub. L. 108-136, 117 Stat. 1392)), shall become a "Participant" with respect to all vessels enrolled in MSP at all times until the date the MSP operating agreement would have terminated according to its original terms. The MSP operator shall be enrolled in VISA as a Stage III Participant, at a minimum. Such participation will satisfy the requirement for an MSP participant to be enrolled in an emergency preparedness program approved by SecDef as provided in section 53107 of the MSA 2003.

5. A Participant shall be subject only to the provisions of this Agreement and not to the provisions of the SRP.

6. MARAD shall publish periodically in the **Federal Register** a list of Participants.

B. Agreement of Participant

1. Each Participant agrees to provide commercial sealift and/or intermodal shipping services/systems in accordance with DoD Contingency contracts. USTRANSCOM will review and approve each Participant's commitment to ensure it meets DoD Contingency

requirements. A Participant's capacity commitment to Stages I and II will be one of the considerations in determining the level of DoD peacetime contracts awarded with the exception of Jones Act capacity (as discussed in paragraph 4 below).

2. DoD may also enter into Contingency contracts, not linked to peacetime contract commitments, with Participants, as required to meet Stage I and II requirements.

3. Commitment of Participants' resources to VISA is as follows:

a. Stage III: A carrier desiring to participate in DoD peacetime contracts/traffic must commit no less than 50% of its total U.S.-flag capacity into Stage III. Carriers receiving DOT payments under the MSP, or carriers subject to Section 909 of Merchant Marine Act of 1936, as amended, that are not enrolled in the SRP will have vessels receiving such assistance enrolled in Stage III. Participants' capacity under charter to DoD will be considered "organic" to DoD, and does not count towards the Participant's Contingency commitment during the period of the charter. Participants utilized under Stage III activation will be compensated based upon a DoD pre-approved rate methodology.

b. Stages I and II: DoD will annually develop and publish minimum commitment requirements for Stages I and II. Normally, the awarding of a long-term (*i.e.*, one year or longer) DoD contract, exclusive of charters, will include the annual pre-designated minimum commitment to Stages I and/or II. Participants desiring to bid on DoD peacetime contracts will be required to provide commitment levels to meet DoD-established Stage I and/or II minimums on an annual basis. Participants may gain additional consideration for peacetime contract cargo allocation awards by committing capacity to Stages I and II beyond the specified minimums. If the Participant is awarded a contract reflecting such a commitment, that commitment shall become the actual amount of a Participant's U.S.-flag capacity commitment to Stages I and II. A Participant's Stage III U.S.-flag capacity commitment shall represent its total minimum VISA commitment. That Participant's Stage I and II capacity commitments as well as any volunteer capacity contribution by Participant are portions of Participant's total VISA commitment. Participants activated during Stages I and II will be compensated in accordance with prenegotiated Contingency contracts.

4. Participants exclusively operating vessels engaged in domestic trades will

be required to commit 50% of that capacity to Stage III. Such Participants will not be required to commit capacity to Stages I and II as a consideration of domestic peacetime traffic and/or contract award. However, such Participants may voluntarily agree to commit capacity to Stages I and/or II.

5. The Participant owning, operating, or controlling an activated ship or ship capacity will provide intermodal equipment and management services needed to utilize the ship and equipment at not less than the Participant's normal efficiency, in accordance with the prenegotiated Contingency contracts implementing this Agreement.

C. Effective Date and Duration of Participation

1. Participation in this Agreement is effective upon execution by MARAD of the submitted form referenced in Section VII, and approval by USTRANSCOM by execution of an Enrollment Contract, for Stage III, at a minimum.

2. VISA participation remains in effect until the Participant terminates the Agreement in accordance with paragraph D below, or termination of the Agreement in accordance with 44 CFR 332.4. Notwithstanding termination of VISA or participation in VISA, obligations pursuant to executed DoD peacetime contracts shall remain in effect for the term of such contracts and are subject to all terms and conditions thereof.

D. Participant Termination of VISA

1. Except as provided in paragraph 2 below, a Participant may terminate its participation in VISA upon written notice to the Administrator. Such termination shall become effective 30 days after written notice is received, unless obligations incurred under VISA by virtue of activation of any Contingency contract cannot be fulfilled prior to the termination date, in which case the Participant shall be required to complete the performance of such obligations. Voluntary termination by a carrier of its VISA participation shall not act to terminate or otherwise mitigate any separate contractual commitment entered into with DoD.

2. A Participant having an MSP operating agreement with SecTrans shall not withdraw from this Agreement at any time during the original term of the MSP operating agreement.

3. A Participant's withdrawal, or termination of this Agreement, will not deprive a Participant of an antitrust defense otherwise available to it in accordance with DPA Section 708 for

the fulfillment of obligations incurred prior to withdrawal or termination.

4. A Participant otherwise subject to the DoD SRP that voluntarily withdraws from this Agreement will become subject again to the DoD SRP.

E. Rules and Regulations

Each Participant acknowledges and agrees to abide by all provisions of DPA Section 708, and regulations related thereto which are promulgated by the Secretary, the Attorney General, and the Chairman-FTC. Standards and procedures pertaining to voluntary agreements have been promulgated in 44 CFR Part 332. 46 CFR Part 340 establishes procedures for assigning the priority for use and the allocation of shipping services, containers and chassis. The JPAG will inform Participants of new and amended rules and regulations as they are issued in accordance with law and administrative due process. Although Participants may withdraw from VISA, they remain subject to all authorized rules and regulations while in Participant status.

F. Carrier Coordination Agreements (CCA)

1. When any Stage of VISA is activated or when DoD has requested volunteer capacity pursuant to Section V.B. of VISA, Participants may implement approved CCAs to meet the needs of DoD and to minimize the disruption of their services to the civil economy.

2. A CCA for which the parties seek the benefit of Section 708(j) of the DPA shall be identified as such and shall be submitted to the Administrator for approval and certification in accordance with section 708(f)(1)(A) of the DPA. Upon approval and certification, the Administrator shall transmit the Agreement to the Attorney General for a finding in accordance with section 708(f)(1)(B) of the DPA. Parties to approved CCAs may avail themselves of the antitrust defenses set forth in section 708(j) of the DPA. Nothing in VISA precludes Participants from engaging in lawful conduct (including carrier coordination activities) that lies outside the scope of an approved Carrier Coordination Agreement; but antitrust defenses will not be available pursuant to section 708(j) of the DPA for such conduct.

3. Participants may seek approval for CCAs at any time.

G. Enrollment of Capacity (Ships and Equipment)

1. A list identifying the ships/capacity and intermodal equipment committed by a Participant to each Stage of VISA

will be prepared by the Participant and submitted to USTRANSCOM within seven days after a carrier has become a Participant. USTRANSCOM will maintain a record of all such commitments. Participants will notify USTRANSCOM of any changes not later than seven days prior to the change.

2. USTRANSCOM will provide a copy of each Participant's VISA commitment data and all changes to MARAD.

3. Information which a Participant identifies as privileged or business confidential/proprietary data shall be withheld from public disclosure in accordance with Section 708(h)(3) and Section 705(e) of the DPA, 5 U.S.C. 552(b), and 44 CFR Part 332.

4. Enrolled ships are required to comply with 46 CFR Part 307, Establishment of Mandatory Position Reporting System for Vessels.

H. War Risk Insurance

1. Where commercial war risk insurance is not available on reasonable terms and conditions, DOT shall provide non-premium government war risk insurance, subject to the provisions of section 1205 of the Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1285(a)).

2. Pursuant to 46 CFR 308.1(c), the Administrator (or DOT) will find each ship enrolled or utilized under this agreement eligible for U.S. Government war risk insurance.

I. Antitrust Defense

1. Under the provisions of DPA Section 708, each carrier shall have available as a defense to any civil or criminal action brought under the antitrust laws (or any similar law of any State) with respect to any action taken to develop or carry out this Agreement, that such act was taken in the course of developing or carrying out this Agreement and that the Participant complied with the provisions of DPA Section 708 and any regulation thereunder, and acted in accordance with the terms of this Agreement.

2. This defense shall not be available to the Participant for any action occurring after termination of this Agreement. This defense shall not be available upon the modification of this Agreement with respect to any subsequent action that is beyond the scope of the modified text of this Agreement, except that no such modification shall be accomplished in a way that will deprive the Participant of antitrust defense for the fulfillment of obligations incurred.

3. This defense shall be available only if and to the extent that the Participant asserting it demonstrates that the action,

which includes a discussion or agreement, was within the scope of this Agreement.

4. The person asserting the defense bears the burden of proof.

5. The defense shall not be available if the person against whom it is asserted shows that the action was taken for the purpose of violating the antitrust laws.

6. As appropriate, the Administrator, on behalf of SecTrans, and DoD will support agreements filed by Participants with the Federal Maritime Commission that are related to the standby or Contingency implementation of VISA.

J. Breach of Contract Defense

Under the provisions of DPA Section 708, in any action in any Federal or State court for breach of contract, there shall be available as a defense that the alleged breach of contract was caused predominantly by action taken by a Participant during an emergency (including action taken in imminent anticipation of an emergency) to carry out this Agreement. Such defense shall not release the party asserting it from any obligation under applicable law to mitigate damages to the greatest extent possible.

K. Vessel Sharing Agreements (VSA)

1. VISA allows Participants the use of a VSA to utilize non-Participant U.S.-flag or foreign-owned and operated foreign flag vessel capacity as a substitute for VISA Contingency capability provided:

a. The foreign flag capacity is utilized in accordance with cargo preference laws and regulations.

b. The use of a VSA, either currently in use or a new proposal, as a substitution to meet DoD Contingency requirements is agreed upon by USTRANSCOM and MARAD.

c. The Participant carrier demonstrates adequate control over the offered VSA capacity during the period of utilization.

d. Service requirements are satisfied.

e. Participant is responsible to DoD for the carriage or services contracted for. Though VSA capacity may be utilized to fulfill a Contingency commitment, a Participant's U.S.-flag VSA capacity in another Participant's vessel shall not act in a manner to increase a Participant's capacity commitment to VISA.

2. Participants will apprise MARAD and USTRANSCOM in advance of any change in a VSA of which it is a member, if such changes reduce the availability of Participant capacity provided for in any approved and accepted Contingency Concept of Operations.

3. Participants will not act as a broker for DoD cargo unless requested by USTRANSCOM.

VII. Application and Agreement

The Administrator, in coordination with the Commander has adopted the following form ("Application to Participate in the Voluntary Intermodal Sealift Agreement") on which intermodal ship operators may apply to become a Participant in this Agreement. The form incorporates, by reference, the terms of this Agreement.

United States of America, Department of Transportation, Maritime Administration

Application To Participate in the Voluntary Intermodal Sealift Agreement

The applicant identified below hereby applies to participate in the Maritime Administration's agreement entitled "Voluntary Intermodal Sealift Agreement." The text of said Agreement is published in _____ **Federal Register** _____, _____, 20____. This Agreement is authorized under section 708 of the Defense Production Act of 1950, as amended (50 App. U.S.C. 2158). Regulations governing this Agreement appear at 44 CFR part 332 and are reflected at 49 CFR subtitle A.

The applicant, if selected, hereby acknowledges and agrees to the incorporation by reference into this Application and Agreement of the entire text of the Voluntary Intermodal Sealift Agreement published in _____ **Federal Register** _____, _____, 20____, as though said text were physically recited herein.

The Applicant, as a Participant, agrees to comply with the provisions of section 708 of the Defense Production Act of 1950, as amended, the regulations of 44 CFR part 332 and as reflected at 49 CFR subtitle A, and the terms of the Voluntary Intermodal Sealift Agreement. Further, the applicant, if selected as a Participant, hereby agrees to contractually commit to make specifically enrolled vessels or capacity, intermodal equipment and management of intermodal transportation systems available for use by the Department of Defense and to other Participants as discussed in this Agreement and the subsequent Department of Defense Voluntary Intermodal Sealift Agreement Enrollment Contract for the purpose of meeting national defense requirement.

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

International Standards on the Transport of Dangerous Goods; Public Notice

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), Department of Transportation.

ACTION: Notice of public meeting.

SUMMARY: This notice is to advise interested persons that PHMSA will conduct a public meeting in preparation for the 32nd session of the United Nation's Sub-Committee of Experts on the Transport of Dangerous Goods (UNSCOE) to be held December 3-7, 2007 in Geneva, Switzerland. In addition, input will be solicited on a five year agenda prioritizing PHMSA's international work.

DATES: Tuesday, November 27, 2007; 9:30 am-1:30 pm.

ADDRESSES: The meeting will be held at the new DOT Headquarters, West Building, Oklahoma City Conference Room, 1200 New Jersey Avenue, SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Mr. Duane Pfund, Director, Office of International Standards, Office of Hazardous Materials Safety, Department of Transportation, Washington, DC 20590; (202) 366-0656.

SUPPLEMENTARY INFORMATION: The primary purpose of this meeting will be to prepare for the 32nd session of the UNSCOE and to discuss draft U.S. positions on UNSCOE proposals. The 32nd session of the UNSCOE is the second meeting in the current biennium cycle. The UNSCOE will consider

proposals for the 16th Revised Edition of the United Nations Recommendations on the Transport of Dangerous Goods Model Regulations which will come into force in the international regulations from January 1, 2011. Topics to be covered during the public meetings include:

Transport of limited quantities and consumer commodities, classification of corrosive substances, provisions for training of personnel, use of electronic documentation, subsidiary labeling for toxic by inhalation liquids, requirements for cryogenic receptacles, provisions for impact testing of portable tanks, requirements for lithium batteries, fumigated units and dry ice, harmonization with the IAEA Regulations for the safe transport of radioactive materials, guiding principles for the development of the Model Regulations, and various miscellaneous proposals related to listing, classification, and hazard communication.

In addition to the discussion on proposals to be submitted to the UNSCOE, time will be provided to discuss two issues of importance to our stakeholders: (1) Transport of limited quantities and consumer commodities, and (2) docket HM-215F. The discussion on limited quantities will be for the purpose of summarizing progress made during the first year of the biennium and identifying a way forward for further work during the second year. The discussion on HM-215F will include a review of the recently issued corrections document under the same docket, and will provide time for any additional comments regarding the conditions and limitations for the use of international regulations.

Finally, PHMSA is soliciting comments on how to further enhance harmonization for international transport of hazardous materials. PHMSA is developing a five year plan to address international harmonization and welcomes input on items which stakeholders believe should be included in this plan.

The public is invited to attend without prior notification. Due to the heightened security measures participants are encouraged to arrive early to allow time for security checks necessary to obtain access to the building. In lieu of conducting a public meeting after the 32nd session of the UNSCOE to present the results of the session, PHMSA will place a copy of the Sub-Committee's report and an updated copy of the pre-meeting summary document on PHMSA's Hazardous Materials Safety Homepage at <http://>
