Minerals Management Service

Environmental Assessment (EA), Beaufort Sea Outer Continental Shelf (OCS) Deep-Penetration Seismic Survey—2007

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of Availability of an Environmental Assessment and Finding of No Significant Impact.

SUMMARY: The Minerals Management Service (MMS) has prepared an environmental assessment (EA) for Shell Offshore, Inc.’s. (SOI) proposed seismic surveys in the Beaufort Sea Outer Continental Shelf (OCS) in 2007. The EA concludes that with required mitigation no significant adverse effects (40 CFR 1508.27) on the quality of the human environment would occur. Therefore MMS issued a Finding of No Significant Impact (FONSI). Based on the FONSI, MMS issued to SOI the Geological and Geophysical (G&G) Permit 2007-04, which contained mitigation measures to ensure that the Beaufort Sea’s fish, wildlife, and Alaska Native subsistence resources would not be adversely impacted.

FOR FURTHER INFORMATION CONTACT: Minerals Management Service, Alaska OCS Region, 3801 Centerpoint Drive, #500, Anchorage, Alaska 99503-5820, Deborah Cranswick, telephone (907) 334-5267.

EA Availability: To obtain a copy of the EA and FONSI, you may contact the Minerals Management Service, Alaska OCS Region, Attention: Ms. Nikki Lewis, 3801 Centerpoint Drive, #500, Anchorage, Alaska 99503-5820, telephone (907) 334-5206. You may also view the EA, FONSI, and G&G permit (2007-04) on the MMS Web site at [http://www.mms.gov/alaska/re/ recentgg/RECENTGG.HTM](http://www.mms.gov/alaska/re/recentgg/RECENTGG.HTM).

Dated: September 17, 2007.

John T. Goll,

Regional Director, Alaska OCS Region.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Environmental Documents Prepared for Proposed Oil and Gas Operations on the Gulf of Mexico Outer Continental Shelf (OCS)

AGENCY: Minerals Management Service, Interior.

ACTION: Notice of the Availability of Environmental Documents. Prepared for OCS Mineral Proposals on the Gulf of Mexico OCS.

SUMMARY: Minerals Management Service (MMS), in accordance with Federal

Regulations that implement the National Environmental Policy Act (NEPA), announces the availability of NEPA-related Site-Specific Environmental Assessments (SEA) and Findings of No Significant Impact (FONSI), prepared by MMS for the following oil and gas activities proposed on the Gulf of Mexico OCS.

FOR FURTHER INFORMATION CONTACT: Public Information Unit, Information Services Section at the number below. Minerals Management Service, Gulf of Mexico OCS Region, Attention: Public Information Office (MS 5034), 1201 Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123-2394, or by calling 1-800-200-GULF.

SUPPLEMENTARY INFORMATION: MMS prepares SEAs and FONSI for proposals that relate to exploration for and the development/production of oil and gas resources on the Gulf of Mexico OCS. These SEAs examine the potential environmental effects of activities described in the proposals and present MMS conclusions regarding the significance of those effects.

Environmental Assessments are used as a basis for determining whether or not approval of the proposals constitutes major Federal actions that significantly affect the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where MMS finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the SEA.

This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

This listing includes all proposals for which the Gulf of Mexico OCS Region prepared a FONSI in the period subsequent to publication of the preceding notice.
