Draft List of Initial Pesticide Active Ingredients and Pesticide Inerts to be Considered for Screening under the Federal Food, Drug, and Cosmetic Act; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; second extension of comment period.

SUMMARY: EPA issued a notice in the **Federal Register** of June 18, 2007, concerning the draft list of the first group of chemicals that will be screened in the Agency's Endocrine Disruptor Screening Program (EDSP). The draft list was produced using the approach described in the September 2005 notice, and includes chemicals that the Agency, in its discretion, has decided should be tested first, based upon exposure potential. The June 18, 2007 **Federal Register** notice provided for a 90-day public comment period. EPA extended the comment period an additional 60 days in the **Federal Register** of September 12, 2007. This document is extending the comment period for a second time for 45 days. The new comment period extends to December 31, 2007.

DATES: Comments, identified by docket identification (ID) number EPA–HQ–OPPT–2004–0109 must be received on or before December 31, 2007.

ADDRESSES: Follow the detailed instructions as provided under **ADDRESSES** in the **Federal Register** document of June 18, 2007.

FOR FURTHER INFORMATION CONTACT: Linda Phillips, Office of Science Coordination and Policy (7203M), Office of Prevention, Pesticides, and Toxic Substances, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (202) 564–1264; e-mail address: phillips.linda@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

The Agency included in the June 18, 2007 notice a list of those who may be potentially affected by this action. If you

have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

When preparing comments follow the procedures and suggestions given in Unit I.B. of the **SUPPLEMENTARY INFORMATION** of the June 18, 2007 **Federal Register** notice.

C. How and to Whom Do I Submit Comments?

To submit comments, or access the public docket, please follow the detailed instructions as provided in Unit I.B.3. of the **SUPPLEMENTARY INFORMATION** of the June 18, 2007 **Federal Register** notice. If you have questions, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. What Action is EPA Taking?

This document extends the public comment period that was originally established in the **Federal Register** of June 18, 2007 (72 FR 33486) (FRL–8129–3) and was extended in the **Federal Register** of September 12, 2007 (72 FR 52108) (FRL–8146–3). In the **Federal Register** notice of June 18, 2007, EPA announced the draft list of the first group of chemicals that will be screened in the Agency's EDSP. The draft list was developed using the approach described in the **Federal Register** notice of September 27, 2005 (70 FR 56449) (FRL–7716–9). As required by the Federal Food, Drug, and Cosmetic Act (FFDCA), all pesticides must eventually be screened under the EDSP, and this first group is simply a starting point. Because EPA developed this draft list of chemicals based upon exposure potential, it should not be construed as a list of known or likely endocrine disruptors, and it would be inappropriate to do so. Following consideration of comments on this draft list of chemicals, EPA will issue a **Federal Register** notice containing the final list of chemicals. EPA is hereby extending the comment period, which was set to end on November 16, 2007, to December 31, 2007.

III. What is the Agency's Authority for Taking this Action?

Section 408(p) of FFDCA requires EPA to “develop a screening program, using appropriate validated test systems and other scientifically relevant information, to determine whether certain substances may have an effect in humans that is similar to an effect produced by a naturally occurring

estrogen, or such other endocrine effect as [EPA] may designate.” (21 U.S.C. 346a(p)). The statute generally requires EPA to “provide for the testing of all pesticide chemicals.” (21 U.S.C. 346a(p)(3)). However, EPA is authorized to exempt a chemical, by order upon a determination that “the substance is anticipated not to produce any effect in humans similar to an effect produced by a naturally occurring estrogen.” (21 U.S.C. 346a(p)(4)). “Pesticide chemical” is defined as “any substance that is a pesticide within the meaning of the Federal Insecticide, Fungicide, and Rodenticide Act, including all active and inert ingredients of such pesticide.” (21 U.S.C. 321(q)(1)).

SUPPLEMENTARY INFORMATION: EEOC enforces Title VII of the Civil Rights Act, the Equal Pay Act, the Age Discrimination in Employment Act, the Rehabilitation Act and Title I of the Americans with Disabilities Act. Pursuant to its authority under those statutes, EEOC issued Equal Employment Opportunity Management Directive 715 (MD-715) to provide policy guidance and standards for establishing and maintaining effective affirmative programs of equal employment opportunity under Section 717 of Title VII and effective affirmative action programs under Section 501 of the Rehabilitation Act. MD-715 applies to all executive agencies and military departments (except uniformed members) as defined in Sections 102 and 105 of Title 5 U.S.C. (including those with employees and applicants for employment who are paid from nonappropriated funds), the United States Postal Service, the Postal Rate Commission, the Tennessee Valley Authority, the Smithsonian Institution, and those units of the judicial branch of the federal government having positions in the competitive service.

The overriding objective of MD-715 is to ensure that all employees and

applicants for employment enjoy equality of opportunity in the federal workplace regardless of race, color, sex, age, national origin, religion or disability. In order to ensure that agencies proactively prevent potential discrimination before it occurs and establish systems to monitor compliance with Title VII and the Rehabilitation Act, MD-715 requires agencies to evaluate their employment practices by collecting and analyzing data on the race, national origin, sex and disability status of applicants for both permanent and temporary employment. See also 29 CFR Part 1607 (Uniform Guidelines on Employee Selection Procedures). This notice concerns an optional form for the use of federal agencies in gathering data on the race, national origin, sex and disability status of applicants, which constitutes a collection of information under the Paperwork Reduction Act.

Pursuant to the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, and OMB regulation 5 CFR 1320.8(d)(1), the Commission solicits public comment on its proposed optional form for use by federal agencies in gathering demographic information on applicants for federal employment. Comments are particularly invited on whether this collection of information will enable the Commission and federal agencies to:

- Evaluate whether the proposed data collection tool will have practical utility by enabling a federal agency to determine whether recruitment activities are effectively reaching all segments of the relevant labor pool in compliance with the laws enforced by the Commission and whether the agency’s selection procedures allow all applicants to compete on a level playing field regardless of race, national origin, sex or disability status;

- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on applicants for federal employment who choose to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

The remainder of this **SUPPLEMENTARY INFORMATION** section provides the public with information it will need to comment on the EEOC proposal. It contains an overview of the information collection and the proposed form that
