**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this Action Apply to Me?*

The Agency included in the final rule a list of those who may be potentially affected by this action. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under the **FOR FURTHER INFORMATION CONTACT**.

*B. How Can I Access Electronic Copies of this Document and Other Related Information?*

In addition to using [www.regulations.gov](http://www.regulations.gov), you may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr>.

**II. What Does this Correction Do?**

FR Doc. 07-9428 published in the **Federal Register** of May 16, 2007 (72 FR 27456) (FRL-8120-2) is corrected to clarify the amendatory language to paragraph (a) of § 180.361 as it appeared on page 27460 of the final rule.

**III. Why is this Correction Issued as a Final Rule?**

Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that, when an Agency for good cause finds that notice and public procedure are impracticable,

unnecessary or contrary to the public interest, the Agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making this technical correction final without prior proposal and opportunity for comment, because the use of notice and comment procedures are unnecessary to effectuate this correction. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

**IV. Do Any of the Statutory and Executive Order Reviews Apply to this Action?**

No. This action only corrects the amendatory language for a previously published final rule and does not impose any new requirements. EPA's compliance with the statutes and Executive Order for the underlying rule is discussed in Unit VI. of the May 16, 2007, final rule (72 FR 27456).

**V. Congressional Review Act**

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before a rule may take effect, the Agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a "major rule" as defined by 5 U.S.C. 804(2).
