James Orgill, TSA-19, Transportation Security Administration, 601 South 12th Street, Arlington, VA 22202-4220. Transportation Threat Assessment and Credentialing (TTAC), TWIC Program, (571) 227-4545; e-mail: credentialing@dhs.gov.

Background

The Department of Homeland Security (DHS), through the United States Coast Guard and the Transportation Security Administration (TSA), issued a joint final rule (72 FR 3492; January 25, 2007) pursuant to the Maritime Transportation Security Act (MTSA), Pub. L. 107-295, 116 Stat. 2064 (November 25, 2002), and the Security and Accountability for Every Port Act of 2006 (SAFE Port Act), Pub. L. 109-347 (October 13, 2006). This rule requires all credentialed merchant mariners and individuals with unescorted access to secure areas of a regulated facility or vessel to obtain a TWIC. In this final rule, on page 3510, TSA and Coast Guard stated that a phased enrollment approach based upon risk assessment and cost/benefit would be used to implement the program nationwide, and that TSA would publish a notice in the **Federal Register** indicating when enrollment at a specific location will begin and when it is expected to terminate.

This notice provides the start date for TWIC initial enrollment at the Ports of Dundalk, MD; Minneapolis, MN; and St. Paul, MN only. Enrollment in these ports begin on November 21, 2007. The Coast Guard will publish a separate notice in the **Federal Register** indicating when facilities within the Captain of the Port Zone Baltimore, including those in the Port of Dundalk, MD; and Captain of the Port Zone Duluth, including those in the Ports of Minneapolis and St. Paul, MN must comply with the portions of the final rule requiring TWIC to be used as an access control measure. That notice will be published at least 90 days before compliance is required.

To obtain information on the pre-enrollment and enrollment process, and enrollment locations, visit TSA's TWIC Web site at <http://www.tsa.gov/twic>.

Issued in Arlington, Virginia, on November 9, 2007.

Director, Maritime and Surface Credentialing, Office of Transportation Threat Assessment and Credentialing, Transportation Security Administration.

SUPPLEMENTARY INFORMATION:

Background

On September 24, 2007, CBP published a Notice of Intent to Prepare an EIS in the **Federal Register** (72 FR 54276) for the Proposed Action. This EIS is being prepared to comply with NEPA; the Council on Environmental Quality regulations in 40 CFR Parts 1500-1508; and Department of Homeland Security (DHS) Management Directive 5100.1, *Environmental Planning Program*.

The mission of CBP is to prevent terrorists and terrorist weapons from entering the U.S., while also facilitating the flow of legitimate trade and travel. In supporting CBP's mission, USBP is charged with establishing and maintaining effective control of the border of the U.S. The purpose of the Proposed Action is to provide USBP agents with the tools necessary to strengthen their control of the U.S. border between Ports of Entry in the Rio Grande Valley Sector. The Proposed Action also provides a safer work environment and enables USBP agents to enhance response time.

The Proposed Action includes the installation of tactical infrastructure in

21 sections of fence along the international border with Mexico in the vicinity of Roma, Rio Grande City, McAllen, Progresso, Mercedes, Harlingen, and Brownsville, Texas. Individual fence sections would range from approximately 1 mile to more than 13 miles in length. For much of its length, the proposed tactical infrastructure would follow the existing U.S. Section International Boundary and Water Commission levee. The tactical infrastructure would cross multiple land use types, such as agricultural, rural, suburban, and urban. Impacted parcels are both publicly and privately owned. The Proposed Action would also encroach upon portions of the Lower Rio Grande Valley National Wildlife Refuge and Texas state parks in the Rio Grande Valley.

Two alternatives for the route for the tactical infrastructure are being considered under the Proposed Action—Route A and Route B. Route A is the route initially identified by USBP Rio Grande Valley Sector as meeting its operational requirements. Route B was developed through coordination with Federal and state agencies and incorporates input received through the public scoping period. The Route B alignment continues to meet current operational requirements with less environmental impact.

In addition to Routes A and B described above, an alternative of two layers of fence, known as primary and secondary fence, is analyzed in the EIS. Under this alternative, two layers of fence would be constructed approximately 130 feet apart along the same alignment as Route B and would be most closely aligned with the fence description in the Secure Fence Act of 2006, Public Law 109–367, 120 Stat. 2638, 8 U.S.C. 1701 note, 8 U.S.C. 1103 note. This alternative would also include construction and maintenance of access and patrol roads for USBP agents. The patrol road would be between the primary and secondary fences.

Under the No Action Alternative, proposed tactical infrastructure would not be built and there would be no change in fencing, access roads, or other facilities along the U.S./Mexico international border in the proposed project locations.

Public Open Houses

CBP will hold public open houses to provide information and invite comments on the Proposed Action and the Draft EIS. A public open house will be held on December 11, 2007, at the McAllen Convention Center in McAllen, TX. A second public open house will be

held on December 12, 2007, at the Brownsville Events Center in Brownsville, TX. Each public open house will be held from 4:30 p.m. to 8 p.m. Central Standard Time. Notifications of these open houses will be published in the *Brownsville Herald*, *Valley Morning Star*, *The Monitor*, *La Frontera*, and *El Nuevo Herald* one week prior to these open houses. USBP agents and Draft EIS preparers will be available during the open houses. Anyone wishing to submit comments may do so orally and/or in writing at the open houses. Comments received at the open houses will be recorded and transcribed into the public record for the meeting. Commentors must include their name and address. Spanish language translation will be provided. Those who plan to attend the public open house and will need special assistance such as sign language interpretation or other reasonable accommodation should notify the U.S. Army Corps of Engineers (see **FOR FURTHER INFORMATION CONTACT**) at least 3 business days in advance. Include contact information, as well as information about specific needs. Those unable to attend may submit comments as described under “Request for Comments” below.

Request for Comments

CBP requests public participation in the EIS process. The public may participate by attending public open houses and submitting written comments on the Draft EIS. CBP will consider all comments submitted during the public comment period, and subsequently will prepare the Final EIS. CBP will announce the availability of the Final EIS and once again give interested parties an opportunity to review the document.

When submitting comments, please include name and address, and identify comments as intended for the Rio Grande Valley Sector Draft EIS. To avoid duplication, please use only one of the following methods:

(a) Attendance and submission of comments at the Public Open House meetings to be held December 11, 2007 at the McAllen Convention Center in McAllen, TX and December 12, 2007 at the Brownsville Events Center in Brownsville, TX.

(b) Electronically through the Web site at www.BorderFenceNEPA.com.

(c) By e-mail to: RGVcomments@BorderFenceNEPA.com.

(d) By mail to: Rio Grande Valley Tactical Infrastructure EIS, c/o e2M, 2751 Prosperity Avenue, Suite 200, Fairfax, Virginia 22031.

(e) By fax to: (757) 282–7697.

Comments on the Draft EIS should be submitted by December 31, 2007.

Dated: November 8, 2007.
