

rule, on page 3510, TSA and Coast Guard stated that a phased enrollment approach based upon risk assessment and cost/benefit would be used to implement the program nationwide, and that TSA would publish a notice in the **Federal Register** indicating when enrollment at a specific location will begin and when it is expected to terminate.

This notice provides the start date for TWIC initial enrollment at the Port of Lake Charles, LA. Enrollment in this port begins on November 21, 2007. The Coast Guard will publish a separate notice in the **Federal Register** indicating when facilities within the Captain of the Port Zone Port Arthur, including those in the Port of Lake Charles, LA must comply with the portions of the final rule requiring TWIC to be used as an access control measure. That notice will be published at least 90 days before compliance is required.

The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* January 18, 2008.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed extension of information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35 as amended). As required under 5 CFR 1320.8(d)(1), HUD

and OMB are seeking comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed extension of collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information submission of responses.

Title of Proposal: Consolidated Plan & Annual Performance Report.

Description of the Need for the Information and Proposed Uses: The information is needed to provide HUD with preliminary assessment of compliance with statutory and regulatory requirements. A secondary need is informing citizens of the intended uses of formula grant funds and an evaluation of programmatic accomplishments.

Agency Form Numbers (if applicable): The Department's collection of this

information is in compliance with statutory provisions of the Cranston-Gonzalez National Affordable Housing Act of 1990 that requires the participating jurisdictions submit a Comprehensive Housing Affordability Strategy (Section 105), the 1974 Housing and Community Development Act, as amended, that requires states and localities to submit a Community Development Plan (Section 104 (b)(4) and Section 104 (b)(m) and statutory provisions of these Acts that require states and localities to submit annual plans and reports for these formula grant programs.

Members of the Affected Public: State and local governments participating in the Community Development Block Grant Program (CDBG), the HOME Investment Partnerships (HOME) program, the Emergency Shelter Grants (ESG) program, or the Housing Opportunities for Persons with AIDS/HIV (HOPWA) program.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response and hours of response: Under a previous submission, OMB Control Number 2506-0117, the burden of meeting the regulatory requirements of Title I of the National Affordable Housing Act (NAHA) and the Housing and

Community Development Act (HCDA) were assessed. That submission was approved until March 31, 2008. In 2002, the President's Management Agenda directed HUD to work with local stakeholders to streamline the consolidated plan, making it more results-oriented and useful to communities in assessing their own progress toward addressing the problems of low-income areas. The Department carefully considered ideas generated by several working groups that were established to explore alternative planning requirements and suggestions for improving the consolidated plan.

A number of suggested alternative formats allowed jurisdictions to cross-reference other existing local documents and experiment with different visual formatting tools such as tables, graphs, bullet points, and appendices. The outcome was a streamlined, user-friendly document. In addition, the revision established some new requirements involving the development and implementation of an outcome measurement framework to meet local needs as well as outcomes that can be aggregated on a national basis. The net result did not result in a net change in burden hours.

The paperwork estimates are as follows:

Task	Number of respondents	Frequency of response	Total U.S. burden hours
Consolidated Plan			
Localities:			
• Strategic Plan Development	1,000	1	220,000
• Action Plan Development	1,000	1	112,000
States:			
• Strategic Plan Development	50	1	30,200
• Action Plan Development	50	1	18,700
Performance Report:			
Localities	1,000	1	162,000
States	50	1	12,600
*Abbreviated Strategy	100	8,200
Total	563,700

Status of the proposed information collection: Extension of previously approved collection for which approval is near expiration and the request for OMB's approval for three years. The current OMB approval expires March 31, 2008.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: November 9, 2007.

Nelson Bregón,

General Deputy Assistant Secretary for Community Planning and Development.
