

Applicants: Progress Energy Service Company LLC.

Description: Application of Carolina Power & light Co et al. for an order authorizing the issuance and selling of short term debt securities having a maturity of not more than one year.

Filed Date: 11/13/2007.

Accession Number: 20071115-0046.

Comment Date: 5 p.m. Eastern Time on Tuesday, December 4, 2007.

Take notice that the Commission received the following electric reliability filings:

Docket Numbers: RR06-1-013.

Applicants: North American Electric Reliability Corp.

Description: Compliance Filing of the North American Electric Reliability Corp. in Response to the October 18, 2007 Order.

Filed Date: 11/13/2007.

Accession Number: 20071113-5148.

Comment Date: 5 p.m. Eastern Time on Tuesday, December 4, 2007.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or

call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

[Docket Nos. CP07-398-000; CP07-401-000]

Gulf Crossing Pipeline Company, LLC; Gulf South Pipeline Company, L.P.; Notice of Public Comment Meetings for the Gulf Crossing Project; Draft Environmental Impact Statement

November 15, 2007.

On November 2, 2007, the staff of the Federal Energy Regulatory Commission (FERC or Commission) issued a Draft Environmental Impact Statement (EIS) for the Gulf Crossing Project, proposed by Gulf Crossing Pipeline Company, LLC and Gulf South, L.P. Issuance of the Draft EIS began a 45-day public comment period which will end on December 24, 2007. In addition to accepting written comments on the Draft EIS, the Commission staff will be hosting public comment meetings in the project area to accept oral comments as listed in the following table.

Public meeting date and time	Location
Tuesday, November 27, 2007, 7 p.m	Rayville Recreation Center, 109 Benedette St., Rayville, LA 71269.
Wednesday, November 28, 2007, 7 p.m	Homer City Hall, 400 East Main St., Homer, LA 71040.
Thursday, November 29, 2007, 7 p.m	Atlanta High School Auditorium, 705 Rabbit Blvd., Atlanta, TX 75551.
Monday, December 3, 2007, 7 p.m	Love Civic Center, 2025 S. Collegiate Dr., Paris, TX 75460.
Tuesday, December 4, 2007, 7 p.m	Stonebridge Hotel & Suites, Large Ballroom, 3605 Highway 75 South, Sherman, TX 75090.

Comment Procedure

Instructions for submitting written comments are included in the Draft EIS and the Notice of Availability that were issued on November 2, 2007. These documents can be found on the FERC Internet website as discussed below. Oral comments presented at the public comment meetings will be given the same consideration as written comments received by mail before the close of the public comment period on December 24, 2007.

As with previous public meetings on the Gulf Crossing Project, attendees will be asked to provide their name and address so that any project-related environmental information issued by

the Commission may be mailed to all attendees. Additionally, those wishing to provide oral comments will be asked to put their name on a Speakers List. Depending on the number of individuals wishing to provide oral comments, speakers may be asked to limit their presentations to 5 minutes in order that all speakers may be accommodated. Transcripts of the public comment meetings will be prepared and placed into the FERC's public record.

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>)

using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, contact (202) 502-8659. The eLibrary link on the FERC Internet Web site also provides access to the texts of formal documents issued by the Commission,

such as orders, notices, and rulemakings.

Kimberly D. Bose,
Secretary.

[Project No. 2082-027]

PacifiCorp, Oregon and California; Notice of Availability of the Final Environmental Impact Statement for the Klamath Hydroelectric Project

November 16, 2007.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the Klamath Hydroelectric Project (FERC No. 2082), located primarily on the Klamath River, in Klamath County, Oregon and Siskiyou County, California, and has prepared a Final Environmental Impact Statement (final EIS) for the project. The existing project occupies 219 acres of lands of the United States, which are administered by the U.S. Bureau of Land Management or the U.S. Bureau of Reclamation.

The final EIS contains staff evaluations of the applicant's proposal and alternatives for relicensing the Klamath Hydroelectric Project. The final EIS documents the views of governmental agencies, non-governmental organizations, affected Indian tribes, the public, the license applicant, and Commission staff.

The final EIS will be part of the record from which the Commission will make its decision.

Copies of the final EIS are available for review in the Commission's Public Reference Branch, Room 2A, located at 888 First Street, NE., Washington, DC 20426. The final EIS also may be viewed on the Internet at <http://www.ferc.gov> under the eLibrary link. Enter the docket number (P-2082) to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP07-417-000]

Texas Gas Transmission, LLC; Notice of Availability of the Draft Environmental Impact Statement and Public Comment Meeting for the Proposed Fayetteville/Greenville Expansion Project

November 16, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared this Draft Environmental Impact Statement (EIS) for the natural gas pipeline facilities proposed by Texas Gas Transmission, LLC's (Texas Gas) under the above-referenced docket. Texas Gas's Fayetteville/Greenville Expansion Project (Project) would be located in Faulkner, Cleburne, White, Woodruff, St. Francis, Lee, and Phillips Counties, Arkansas; and Coahoma, Washington, Sunflower, Humphreys, Holmes, and Attalla Counties, Mississippi.

The Draft EIS was prepared to satisfy the requirements of the National Environmental Policy Act. The FERC staff concludes that the proposed Project, with the appropriate mitigation measures as recommended, would have limited adverse environmental impact.

The purpose of the Project is to add pipeline capacity to Texas Gas's existing interstate pipeline system to transport the new natural gas supplies being developed from the Fayetteville Shale gas production area in north-central Arkansas to markets in the mid-western, northeastern, and southeastern United States. Texas Gas is proposing to construct at total of about 262.6 miles of 36-inch-diameter pipeline in two separate pipeline laterals, two tie-in laterals, a compressor station, and associated ancillary facilities.

The Draft EIS addresses the potential environmental impacts resulting from the construction and operation of the following facilities:

- *Fayetteville Lateral*: 166.2 miles of 36-inch-diameter pipeline in Faulkner, Cleburne, White, Woodruff, St. Francis, Lee, and Phillips Counties, Arkansas, and Coahoma County, Mississippi;
- *Greenville Lateral*: 96.4 miles of 36-inch-diameter pipeline in Washington, Sunflower, Humphreys, Holmes, and Attalla Counties, Mississippi;
- *36-inch tie-in lateral*: 0.8 mile of 36-inch-diameter pipeline in Attalla County, Mississippi;
- *20-inch tie-in lateral*: 0.4 mile of 20-inch-diameter pipeline in Attalla County, Mississippi;

- the 10,650 horsepower Kosciusko Compressor Station in Attalla County, Mississippi;

- twenty-nine metering and regulating stations; and

- three pig launchers and three pig receivers.

The entire project would be capable of transporting about 841,000 million British thermal units per day (Btu/d) of natural gas on the Fayetteville Lateral and about 768,000 MMBtu/d on the Greenville Lateral. Texas Gas proposes to construct the pipeline facilities in two phases. Phase I would include construction of the first 66 miles of the Fayetteville Lateral and related facilities from Conway County to the Bald Knob area of White County, Arkansas. Phase II would include construction of the remaining 100 miles of the Fayetteville Lateral from White County, Arkansas, to Coahoma County, Mississippi, the entire Greenville Lateral and associated tie-in laterals, and the Kosciusko Compressor Station. Texas Gas proposes beginning construction of both Phases I and II in June 2008. However, Phase I would be placed in service by August 1, 2008, and Phase II would be placed in service by January 1, 2009.

Any person wishing to comment on the Draft EIS may do so. To ensure that your comments are timely and properly recorded so that they may be considered in the Final EIS, please carefully follow these instructions:

- Send an original and two copies of your letter to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1A, Washington, DC 20426.
- Label one copy of your comments to the attention of Gas Branch 2, DG2E;
- Reference Docket No. CP07-417-000 on the original and both copies; and
- Mail your comments so that they will be received in Washington, DC, on or before January 7, 2008.

Please note that the Commission strongly encourages electronic filing of any comments to this proceeding. Instructions on "eFiling" comments can be found on the Commission's Web site at <http://www.ferc.gov> under the "Documents and Filings" link and the link to the User's Guide. Before you can file comments, you will need to open a free account which can be created online.

In lieu of or in addition to sending written comments, we invite you to attend public comment meetings the FERC will conduct in the Project area to receive comments on the Draft EIS. FERC staff will be in attendance. The meetings will all begin at 6:30 p.m. on the following dates and locations:
