SUPPLEMENTARY INFORMATION: On October 10, 2007, notice was published in the **Federal Register** (72 FR 57524) that an amendment of Permit No. 782-1702 had been requested by the above-named organization. The requested amendment has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The amended permit adds authorization to conduct additional activities on up to 20 adult harbor seals (*Phoca vitulina*) annually in Washington and Oregon. These seals, excluding pregnant or lactating females, would receive gas anesthesia following capture, have stomach temperature transmitters inserted via stomach intubation, and have an external data logger attached externally. The purpose of the additional protocols is to augment current studies on harbor seal diet and abundance. This amendment would not result in capture or disturbance of marine mammals beyond those numbers already authorized by the subject permit, which was issued on September 16, 2003 (68 FR 58663).

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

National Telecommunications and Information Administration

Docket No. 071018612-7613-01

Privacy Act of 1974; System of Records

AGENCY: National Telecommunications and Information Administration (NTIA), Department of Commerce

ACTION: Notice of a New Privacy Act System of Records: COMMERCE/NTIA-1, Applications Related to Coupons for Digital-to-Analog Converter Boxes

SUMMARY: This notice announces the Department of Commerce's (Department) proposal for a new system of records under the Privacy Act. The National Telecommunications and Information Administration (NTIA) is creating a new system of records for applications related to coupons for the Digital-to-Analog Converter Box program. Information will be collected from individuals under the authority of Title III of the Deficit Reduction Act of 2005, Pub. L. No. 109-171, 120 Stat. 4, 21 (Feb. 8, 2006) (hereinafter "the Act") and pursuant to regulations published by NTIA in 47 C.F.R. § 301. This new system of records is necessary to identify those households that qualify for and receive coupons towards the purchase of a digital-to-analog converter box.

DATES: To be considered, written comments must be submitted on or before December 26, 2007. Unless comments are received, the new system of records will become effective as proposed on the date of publication of a subsequent notice in the **Federal Register**.

ADDRESSES: Written comments may be mailed to Stacy Cheney, Attorney-Advisor, Office of the Chief Counsel, National Telecommunications and Information Administration, Room

4713, 1401 Constitution Avenue, N.W., Washington, DC 20231. Paper submissions should also include on a three and one-half inch computer diskette an electronic version of the comments in HTML, ASCII, Word, or WordPerfect format. Diskettes should be labeled with the name and organizational affiliation of the filer, and the name of the word processing program (and version) used to create the document. In the alternative, comments may be submitted electronically to the following electronic mail address: sor-comments@ntia.doc.gov. Comments submitted via electronic mail also should be submitted in one or more of the formats specified above. Comments will be posted on NTIA's website at www.ntia.doc.gov/.

FOR FURTHER INFORMATION CONTACT: Stacy Cheney, Attorney-Advisor, Office of the Chief Counsel, National Telecommunications and Information Administration, Room 4713, 1401 Constitution Avenue, N.W., Washington, DC 20231.

SUPPLEMENTARY INFORMATION: NTIA is creating a new system of records for applications related to coupons for the Digital-to-Analog Converter Box program. The Digital Television and Public Safety Act of 2005 provides that households may receive coupons towards the purchase of digital-to-analog converter boxes by making a request as required by Section 301 of NTIA's regulations. 47 C.F.R. § 301. The regulations permit households to request these coupons through an application process. Converter boxes are an option for consumers who wish to continue receiving full-power broadcast programming over the air using analog-only television sets after February 17, 2009 the date the law requires full-power television stations to cease analog broadcasting. Without converter boxes, consumers with analog-only television sets not served by cable, satellite, or other pay service will be unable to view digital television broadcasts over the air.

To help consumers who wish to continue receiving over-the-air broadcast programming using analog-only televisions not connected to cable or satellite service, Congress passed the Act which authorized NTIA to create a digital-to-analog converter box assistance program. The Act states that, as part of the program, eligible U.S. households may obtain no more than two coupons worth \$40 each to apply towards the purchase of CECBs. To implement the Act's requirements, NTIA published regulations in 47 C.F.R. § 301 setting forth the household application process.

To support effective implementation of the program, the Act and the regulations require certain information to be collected from households that request coupons. Personally identifiable information will be collected. The personal information collected is pertinent to the implementation of the coupon program and will only be used for the coupon program. See 47 C.F.R. § 301.
