SUPPLEMENTARY INFORMATION:

Background

On September 14, 2007, the FAA published a direct final rule (72 FR 52467) that permits operators of U.S. registered powered parachutes and weight-shift-control aircraft to display their nationality and registration marks in other than a horizontal orientation on the fuselage, a structural member, or a

component of the aircraft. The direct final rule also clarifies the size requirements for nationality and registration marks on U.S. registered powered parachutes and weight-shift-control aircraft.

Discussion of Comments

The FAA received no comments on the nationality and registration marks; non fixed-wing aircraft direct final rule.

Conclusion

In consideration that no comments were submitted in response to the direct final rule, the FAA has determined that no further rulemaking action is necessary. Amendment 45-25 remains in effect as adopted.

Issued in Washington, DC, on November 20, 2007.
