**Rockies Express Pipeline LLC; Notice
of Compliance Filing**

November 27, 2007.

Take notice that on November 14, 2007, Rockies Express Pipeline LLC (Rockies) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the tariff sheets listed on the filing, with an effective date of December 14, 2007.

Rockies states that the filing is being made in compliance with the Commission's orders issued on September 21, 2006 and April 19, 2007.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed on or before the date as indicated below. Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket No. CP08-27-000]

**Tennessee Gas Pipeline Company;
Notice of Application**

November 27, 2007.

Take notice that on November 14, 2007, Tennessee Gas Pipeline Company (Tennessee), 1001 Louisiana, Houston, Texas 77002, filed in Docket No. CP08-27-000, an application pursuant to section 7 of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations to construct the Carthage Expansion Project (Project). The Project involves the construction of a new 7,700 horsepower compressor station in DeSota Parish, Louisiana, on Tennessee's Line 700-1; the installation of a 10,310 horsepower gas turbine unit to upgrade and replace compression at Tennessee's existing Compressor Station 47 on its Line 100 in Ouachita Parish, Louisiana; and the construction of 1.1 miles of twelve-inch pipe and meter facilities also in Ouachita Parish, Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 420-5589.

Specifically, Tennessee seeks authority to increase capacity on its Line 700-1 from Carthage, Panola County, Texas, to Natchitoches, Natchitoches Parish, Louisiana, and to increase capacity and establish an interconnect on its Line 100 in Ouachita Parish, Louisiana, with Entergy Louisiana, LLC (Entergy) at Entergy's Perryville Generation Station (Power Plant). The Project will allow Tennessee to provide 100,000 Dth/d of firm transportation service for the Power Plant. Incidental to the Project, Tennessee will utilize this expansion as an opportunity to replace three older 1,100 horsepower compressor units at its Compressor Station 47 in Ouachita Parish, Louisiana, which Tennessee states were installed in 1948 under FPC Docket No. G-808 (6 FPC 122 (1947)). The estimated total cost of the Project is

approximately \$38.5 million—\$26.9 million for the expansion component and \$11.6 million for the replacement component.

Any questions regarding this application should be directed to Jay v. Allen, Senior Counsel, 1001 Louisiana, Houston, Texas 77002, at (713) 627-5415.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in
