

www.fcc.gov, which issues a Federal Registration Number (FRN) to each applicant/licensee, etc., for use in filing any of these FCC Forms 159/159-C, 159-B, 159-E, and/or 159-W. As part of the registration process, the applicant/licensee's SSN or TIN is stored in a secure environment, which minimizes any potential privacy risks. The Commission is merging 3060-0949, Interstate Telephone Service Provider Worksheet, FCC Form 159-W, into this information collection. Once approved by OMB, the Commission will cancel 3060-0949.

The FCC bills telecommunications licensees and permittees using the FCC Form 159-W as the invoice. The FCC developed FCC Form 159-W to provide a convenient format for these telecommunications licensees and permittees to verify the information that is extracted from the interstate revenue information (which are already "populated" on this form), to verify the simple calculation of the fee amount that is due, and to correct any inaccuracies as necessary. The FCC uses this form to bill the telecommunications licensee or permittee the amount of its regulatory fee. The FCC is making minor revisions to FCC Form 159-W to provide a clearer format. Respondents may access FCC Form 159-W on line through the FCC's Web page: <http://www.fcc.gov/frnreg> if they wish to submit payment prior to being billed.
