

submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Absent a prior existing requirement for the state to use voluntary consensus standards, EPA has no authority to disapprove a program submission for failure to use such standards, and it would thus be inconsistent with applicable law for EPA to use voluntary consensus standards in place of a program submission that otherwise satisfies the provisions of the Act. Redesignation is an action that affects the status of a geographical area but does not impose any new requirements on sources. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

SUPPLEMENTARY INFORMATION:

A. Background

The regulations in this part were last substantively updated on September 21, 2001 (66 FR 48614). Early in fiscal year 2005, a project entitled Federal Asset Management Evaluation (FAME) was initiated to identify any and all areas of Federal personal property management needing improvement. An interagency working group, led by GSA, was formed to work on the FAME project. At the conclusion of the FAME project, the working group identified the exchange/sale authority as an area where changes should be made. A team of GSA Office of Governmentwide Policy employees has reviewed all of the provisions in this part and has recommended a number of changes intended to update, streamline, and clarify the part. The most significant changes include:

1. Adding a new section that explains the exchange/sale authority by quoting relevant language from the statute (40 U.S.C. 503).

2. Adding definitions for "excess property", "surplus property" and "Service Life Extension Program".

3. Revising the definitions for "acquire", "replacement", and "similar".

4. Adding a new section that addresses which provisions in this part are subject to deviation.

5. Adding a new section that explains when agencies should consider using the exchange/sale authority.

6. Revising the section that explains why the exchange/sale authority should be used.

7. Amending the restrictions and prohibitions applicable to the exchange/sale of personal property, including the addition of language which: 1) states that under no circumstances will deviations be granted for FSC Class 1005, Guns through 30mm; and 2) clarifies the requirement for the exchange/sale of weapons for Department of Defense property in FSC Group 10, Weapons.

8. Removing the requirement that the number of items acquired must equal the number of items exchanged or sold, as this is not a requirement imposed by 40 U.S.C. 503.

9. Adding a new provision which clarifies that the exchange/sale authority can only be used to acquire property, not services.

10. Revising the requirement for documentation of exchange/sale transactions.

11. Revising the accounting requirements applicable to the exchange/sale authority.

12. Revising the annual reporting requirement.

B. Executive Order 12866

This regulation is excepted from the definition of "regulation" or "rule" under Section 3(d)(3) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993 and, therefore, was not subject to review under Section 6(b) of that Executive Order.

C. Regulatory Flexibility Act

This proposed rule is not required to be published in the **Federal Register** for notice and comment as per the exemption specified in 5 U.S.C. 553 (a)(2); therefore, the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, does not apply.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the proposed changes to the FMR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

E. Small Business Regulatory Enforcement Fairness Act

This proposed rule is exempt from Congressional review under 5 U.S.C. 801 since it relates solely to agency management and personnel.

102-39.70	102-39.80
102-39.75	102-39.85

5. Add new § 102-39.5 to read as follows:

§ 102-39.5 What is the exchange/sale authority?

The exchange/sale authority is a statutory provision, (40 U.S.C. 503), which states in part: "In acquiring personal property, an executive agency may exchange or sell similar items and may apply the exchange allowance or proceeds of sale in whole or in part payment for the property acquired."

6. Amend § 102-39.20 by revising the definitions of the terms "Acquire", "Replacement", and "Similar"; and, by alphabetically adding the terms and definitions "Excess property", "Service Life Extension Program (SLEP)", and "Surplus property" to read as follows:

§ 102-39.20 What definitions apply to this part?

* * * * *

Acquire means to procure or otherwise obtain personal property, including by lease (sometimes known as rent).

* * * * *

Excess property means any personal property under the control of any Federal agency that is no longer required for that agency's needs or

responsibilities, as determined by the agency head or designee.

* * * * *

Replacement means the process of acquiring personal property to be used in place of personal property that is still needed but:

(1) No longer adequately performs the tasks for which it is used; or

(2) Does not meet the agency's need as well as the personal property to be acquired.

Service Life Extension Program (SLEP) means the modification of a personal property item undertaken to extend the life of the item beyond what was previously planned. SLEPs extend capital asset life by retrofit, major modification, remanufacturing, betterment, or enhancement.

Similar means the acquired item(s) and replaced item(s):

(1) Are identical; or

(2) Fall within a single Federal Supply Classification (FSC) Group of property (includes any and all forms of property within a single FSC Group); or

(3) Are parts or containers for similar end items; or

(4) Are designed or constructed for the same purpose (includes any and all forms of property regardless of the FSC Group to which they are assigned).

Surplus property means excess personal property not required for the needs of any Federal agency, as determined by GSA under part 102-37 of this chapter.

7. Add new § 102-39.25 to Subpart A to read as follows:

§ 102-39.25 Which exchange/sale provisions are subject to deviation?

All of the provisions in this part are subject to deviation (upon presentation of adequate justification) except those mandated by statute. See the link on "Exchange/Sale" at www.gsa.gov/personalpropertypolicy for additional information on requesting deviations from this part.

8. Revise newly redesignated § 102-39.30 to read as follows:

§ 102-39.30 How do I request a deviation from this part?

See part 102-2 of this chapter (41 CFR part 102-2) to request a deviation from the requirements of this part.

9. Add new § 102-39.35 to Subpart B to read as follows:

§ 102-39.35 When should I consider using the exchange/sale authority?

You should consider using the exchange/sale authority when replacing personal property.

10. Amend newly redesignated § 102-39.40 to read as follows:

§ 102-39.40 Why should I use the exchange/sale authority?

You should use the exchange/sale authority to reduce the cost of replacement personal property. When you have personal property that is wearing out or obsolete and must be replaced, you should consider either exchanging or selling that property and using the exchange allowance or sales proceeds to offset the cost of the replacement personal property. Conversely, if you choose not to replace the property using the exchange/sale authority, you may declare it as excess and dispose of it through the normal disposal process as addressed in part 102-36 of this chapter. Keep in mind, however, that any net proceeds from the eventual sale of that property as surplus generally must be forwarded to the miscellaneous receipts account at the United States Treasury and thus would not be available to you. You may use the exchange/sale authority in the acquisition of personal property even if the contract is for services as long as the property acquired under the services contract is similar to the property exchanged or sold (e.g., for a SLEP, exchange allowances or sales proceeds would be available for replacement of similar items, but not for services).

11. Amend newly redesignated § 102-39.55 by revising the section heading to read as follows:

§ 102-39.55 When should I offer property I am exchanging or selling under the exchange/sale authority to other Federal agencies or State Agencies for Surplus Property (SASP)?

* * * * *

12. Amend newly redesignated § 102-39.60 by revising the section heading, the introductory text, paragraph (a), the note to paragraph (a), and paragraph (i) to read as follows:

§ 102-39.60 What restrictions and prohibitions apply to the exchange/sale of personal property?

Unless a deviation is requested of and approved by GSA as addressed in part 102-2 of this chapter and the provisions of §§ 102-39.25 and 102-39.30, you must not use the exchange/sale authority for:

(a) The following FSC groups of personal property:

10 Weapons.

11 Nuclear ordnance.

12 Fire control equipment.

14 Guided missiles.

15 Aircraft and airframe structural components (except FSC Class 1560 Airframe Structural Components).

42 Firefighting, rescue, and safety equipment.

44 Nuclear reactors (FSC Class 4470 only).

51 Hand tools.

54 Prefabricated structure and scaffolding (FSC Class 5410 Prefabricated and Portable Buildings, FSC Class 5411 Rigid Wall Shelters, and FSC Class 5419 Collective Modular Support System only).

68 Chemicals and chemical products, except medicinal chemicals.

84 Clothing, individual equipment, and insignia.

Note to § 102-39.60(a): Under no circumstances will deviations be granted for FSC Class 1005, Guns through 30mm. Deviations are not required for Department of Defense (DoD) property in FSC Groups 10 (for classes other than FSC Class 1005), 12 and 14 for which the applicable DoD demilitarization requirements, and any other applicable regulations and statutes are met.

* * * * *

(i) Flight Safety Critical Aircraft Parts (FSCAP) and Critical Safety Items (CSI) unless you meet the provisions of § 102-33.370 of this title.

* * * * *

13. New § 102-39.65 is added to Subpart B to read as follows:

§ 102-39.65 What conditions apply to the exchange/sale of personal property?

You may use the exchange/sale authority only if you meet all of the following conditions:

(a) The property exchanged or sold is similar to the property acquired;

(b) The property exchanged or sold is not excess or surplus and you have a continuing need for similar property;

(c) The property exchanged or sold was not acquired for the principal purpose of exchange or sale;

(d) When replacing personal property, the exchange allowance or sales proceeds from the disposition of that property may only be used to offset the cost of the replacement property, not services; and

(e) Except for transactions involving books and periodicals in your libraries, you document the basic facts associated with each exchange/sale transaction. At a minimum, the documentation must include the type, amount, and value of the property to be replaced and the property to be acquired; the date of the transaction(s); the names of the parties involved; and a statement that the transactions comply with the requirements of this part 102-39.

Note to § 102-39.65: In acquiring items for historical preservation or display at Federal museums, you may exchange historic items in the museum property account without regard to the

FSC group, provided the exchange transaction is documented and certified by the head of your agency to be in the best interests of the Government and all other provisions of this part are met. The documentation must contain a determination that the item exchanged and the item acquired are historic items.

14. Revise newly redesignated § 102–39.80 to read as follows:

§ 102–39.80 What are the accounting requirements for exchange allowances or proceeds of sale?

You must account for exchange allowances or proceeds of sale in accordance with the general finance and accounting rules applicable to you. Except as otherwise authorized by law, all exchange allowances or proceeds of sale under this part will be available during the fiscal year in which the property was sold and for one fiscal year thereafter for the purchase of replacement property. Any proceeds of sale not applied to replacement purchases during this time must be deposited in the United States Treasury as miscellaneous receipts.

15. Amend newly redesignated § 102–39.85 by adding paragraph (a)(3) to read as follows:

§ 102–39.85 What information am I required to report?

* * * * *

(3) A list by Federal Supply Classification Group of property acquired under this part, to include:

- (i) Number of items acquired;
- (ii) Acquisition cost.

Endangered and Threatened Wildlife and Plants; Proposed Designation of Critical Habitat for the Pecos Sunflower (*Helianthus paradoxus*)

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule; reopening of comment period and revisions to proposal.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the reopening of the comment period on the proposed designation of critical habitat for *Helianthus paradoxus* (Pecos

sunflower) under the Endangered Species Act of 1973, as amended (Act). We also announce a revision to proposed critical habitat Unit 4 and clarification of Unit 5, the availability of a draft economic analysis and draft environmental assessment, and an amended required determinations section of the proposal. The draft economic analysis estimates costs associated with conservation activities for *H. paradoxus* to be approximately \$3.9 to \$4.4 million in undiscounted dollars over the next 20 years (\$193,000 to \$221,000 annualized). We are reopening the comment period to allow all interested parties to comment simultaneously on the proposed rule, our revisions to the proposed rule, the associated draft economic analysis and environmental assessment, and the amended required determinations section. You do not have to resend comments sent earlier. We will incorporate them into the public record as part of this comment period, and we will fully consider them when preparing our final determination.

DATES: We will accept public comments until January 10, 2008.

ADDRESSES: You may submit comments by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

If you use a telecommunications device for the deaf (TDD), call the Federal Information Relay Service (FIRS) at 800–877–8339.

SUPPLEMENTARY INFORMATION:

Public Comments Solicited

We will accept written comments and information during this reopened comment period on the original proposed critical habitat designation for *H. paradoxus* published in the **Federal Register** on March 27, 2007 (72 FR 14328), the revisions to proposed

critical habitat described herein (see “Changes to the Proposed Rule” section), the draft economic analysis and draft environmental assessment of the proposed designation, and the amended required determinations provided in this document. We will consider information and recommendations from all interested parties. We are particularly interested in comments concerning:

(1) The reasons why habitat should or should not be designated as “critical habitat” for *H. paradoxus* under section 4 of the Act (16 U.S.C. 1531 *et seq.*), including whether the designation of critical habitat is prudent.

(2) Specific information on the amount and distribution of *H. paradoxus* habitat, including which areas occupied by the species at the time of listing and that contain features essential for the conservation of the species should be included in the designation and why, and which areas that were not occupied by the species at the time of listing are essential to the conservation of the species and why.

(3) Land use designations and current or planned activities in the subject areas and their possible impacts on proposed critical habitat.

(4) Any foreseeable economic, national security, or other potential impacts resulting from the proposed designation and, in particular, any impacts on small entities, and the benefits of including or excluding areas that exhibit these impacts.

(5) The existence of lands included in the proposed designation that are covered under any conservation or management plans, which we should consider for exclusion from the designation pursuant to section 4(b)(2) of the Act.

(6) Information on the benefits of including or excluding lands managed by Bitter Lake National Wildlife Refuge from the final critical habitat designation.

(7) Information on any direct or indirect impacts to the human environment as a result of designating critical habitat for *H. paradoxus*.

(8) Information on whether the draft economic analysis identifies all local costs attributable to the proposed critical habitat designation and information on any costs that have been inadvertently overlooked.

(9) Whether the draft economic analysis correctly assesses the effect on regional costs associated with any land use controls that may derive from the designation of critical habitat.

(10) Whether the draft economic analysis or draft environmental assessment makes appropriate
