**DEPARTMENT OF COMMERCE****Submission for OMB Review;  
Comment Request**

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of

information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* International Trade Administration (ITA).

*Title:* Implementation of Tariff Rate Quota Established Under the Tax Relief and Health Care Act of 2006 for Imports of Certain Cotton Woven Fabrics.

*OMB Control Number:* 0625-0260.

*Form Number(s):* ITA-4156P.

*Type of Request:* Regular submission.

*Burden Hours:* 10.

*Number of Respondents:* 10.

*Average Hours per Response:* 1 hour.

*Needs and Uses:* The Tax Relief and Health Care Act of 2006 ("the Act") contains provisions to assist the men's and boys' cotton shirting industry. Among these provisions, the Act creates an annual Tariff Rate Quota (TRQ) providing for temporary reductions through December 31, 2009, in the import duties of cotton woven fabrics suitable for making men's and boys' cotton shirts (new Harmonized Tariff Schedule of the United States (HTS) headings 9902.52.08, 9902.52.09, 9902.52.10, 9902.52.11, 9902.52.12, 9902.52.13, 9902.52.14, 9902.52.15, 9902.52.16, 9902.52.17, 9902.52.18, and 9902.52.19). The reduction in duty is limited to 85 percent of the total square meter equivalents of all imported woven fabrics of cotton containing 85 percent or more by weight cotton used by manufacturers in cutting and sewing men's and boys' cotton shirts in the United States and purchased by such manufacturer during calendar year 2000.

Section 406(b)(1) of the Act requires the Secretary of Commerce to fairly allocate the tariff rate quota. More specifically, the Secretary of Commerce must issue licenses and ensure that the TRQ is fairly allocated to eligible manufacturers under the above headings. The TRQ is effective for goods entered or withdrawn from warehouse for consumption, on or after January 1, 2007, and will remain in force through 2009. The TRQ will be allocated each year and a TRQ allocation will be valid only in the year for which it is issued.

The reduction of import duties provided by the TRQ will be of considerable benefit to firms that receive TRQ allocations. It will lower these firms' cost of production, enabling them to better compete with foreign imports.

*Affected Public:* Business or other for-profit organizations.

*Frequency:* Annually.

*Respondent's Obligation:* Voluntary.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Census Bureau plans to request clearance to conduct the Census Participation Survey to measure public knowledge, awareness, and perceptions about the 2010 Census. This research is designed to complement previous research conducted for Census 2000 as well as the Census Planning Database (a geographic summary file with Census 2000 response information) to inform the strategic direction of the 2010 Census Integrated Communications Plan (ICP).

Every ten years, the Census Bureau is congressionally mandated to count everyone (citizens and non-citizens) residing in the United States. An accurate count is critical for many reasons including but not limited to:

- Congressional reapportionment,
- Redistricting congressional boundaries;
- Community planning; and
- Distribution of public funds and program development.

The role of the ICP is to increase public awareness and motivate people to respond to the census promptly, saving millions of taxpayer dollars. The specific objectives of the ICP are:

- Increase mail response;
- Improve cooperation with enumerators; and
- Improve overall accuracy and reduce differential undercount

For the first time in Census 2000, the Census Bureau ran a paid advertising campaign to support Census data collection activities. This campaign was considered a very successful initiative and one of several reasons cited with helping to reverse declining mail response rates. In developing the 2000 campaign, the Census Bureau relied on one's likelihood to engage in civic activities as a proxy to one's likelihood to respond to the census. The campaign was built on the slogan, "This is your Future. Don't leave it blank." The intent of this slogan and related variations was to incite a sense of personal benefit, community benefit, and infer a sense of urgency. The target mail response rate for the 2010 Census has been set at 69 percent, higher than the 67 percent obtained in Census 2000. To support this goal, the ICP includes a communications campaign based on behavior during the 2000 Census and current knowledge, attitudes, perceptions, barriers, and motivations specific to 2010 Census participation. This model will provide contemporary insight into public motivations specific to the census. There are many commonalities to Census 2000 such as low Census favorability; lack of
