

months involved in the standard OMB review process. From FY 1999 through FY 2006, the expedited review process has accounted for a cost savings to the Federal Government and PIs estimated at \$237,087. The obligation to respond is voluntary.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that OMB will be able to do so.

Automated data collection: At the present time, there is no automated way to gather this information, since the information gathering process involves asking members of the public for their opinions on services and facilities that they used during their park visits, services and facilities they are likely to use on future park visits, and opinions regarding park management. The burden on individuals is minimized by rigorously designing public surveys to maximize the ability of the surveys to use small samples of individuals to represent large populations of the public, and by coordinating the program of surveys to maximize the ability of new surveys to build on the findings of prior surveys.

Frequency of collection: The program does not identify the frequency of collection because that number will be determined by the number of surveys submitted under the program.

Description of respondents: A sample of visitors to parks, potential visitors to parks, and residents of communities near parks.

Estimated average number of respondents: The program does not identify the number of respondents because that number will differ in each individual survey, depending on the purpose and design of each information collection.

Estimated average number of responses: The program does not identify the average number of responses because that number will

differ in each individual survey. For most surveys, each respondent will be asked to respond only one time, so in those cases the number of responses will be the same as the number of respondents.

Estimated average time burden per respondent: The program does not identify the average burden hours per response because that number will differ from individual survey to individual survey, depending on the purpose and design of each information collection.

Frequency of Response: Most individual surveys will request only 1 response per respondent.

Estimated total annual reporting burden: The program identifies the requested total number of burden hours annually for all of the surveys to be conducted under its auspices to be 15,000 burden hours per year.

Dated: December 13, 2007.

Leonard E. Stowe,

NPS, Information Collection Clearance Officer.

BILLING CODE 4312-53-M

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Meeting

AGENCY: National Park Service, Interior.

ACTION: Notice of meeting for the Denali National Park and Preserve Aircraft Overflights Advisory Council within the Alaska Region.

SUMMARY: The National Park Service (NPS) announces a meeting of the Denali National Park and Preserve Aircraft Overflights Advisory Council. The purpose of this meeting is to discuss mitigation of impacts from aircraft overflights at Denali National Park and Preserve. This meeting is open to the public and will have time allocated for public testimony. The public is welcomed to present written or oral comments. The meeting will be recorded and a summary will be available upon request from the Superintendent for public inspection approximately six weeks after each meeting. The Aircraft Overflights Advisory Council is authorized to operate in accordance with the provisions of the Federal Advisory Committee Act.

DATES: The Denali National Park and Preserve Aircraft Overflights Advisory Council meeting will be held on Thursday, February 7, 2008, from 1 p.m. to 4 p.m., Alaska Standard Time. The

meeting may end early if all business is completed.

Location: Best Western Lake Lucille Inn, Frontier Room, 1300 West Lake Lucille Drive, Wasilla, Alaska 99654. Telephone: (907) 373-1776.

FOR FURTHER INFORMATION CONTACT: Mike Tranel, Chief of Planning. E-mail: Mike_Tranel@nps.gov. Telephone: (907) 644-3611 at National Park Service, Denali Planning, 240 W. 5th Avenue, Anchorage, AK 99501.

SUPPLEMENTARY INFORMATION: Meeting location and dates may need to be changed based on weather or local circumstances. If the meeting dates and location are changed, notice of the new meeting will be announced on local radio stations and published in local newspapers.

The agenda for the meeting will include the following, subject to minor adjustments:

1. Call to order.
2. Roll Call and Confirmation of Quorums.
3. Superintendent's Welcome and Introductions.
4. Review and Approve Agenda.
5. Status of Membership.
6. Member Reports.
7. Superintendent and NPS Staff Reports.
8. Setting Priorities for Advisory Council Work.
9. Discussion of Mitigation Actions for 2008.
10. Other New Business.
11. Agency and Public Comments.
12. Advisory Council Work Session.
13. Set time and place of next Advisory Council meeting.
14. Adjournment.

Dated: November 16, 2007.

Marcia Blaszak,

Regional Director, Alaska Region, National Park Service.

BILLING CODE 4310-PF-M

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Proposed Lower Yuba River Accord, Yuba County, CA

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Availability for the Final Environmental Impact Report/Environmental Impact Statement/ (EIR/EIS).

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA), the Bureau of Reclamation

(Reclamation) and the Yuba County Water Agency (YCWA) have prepared the Final EIR/EIS for the Proposed Lower Yuba River Accord (Yuba Accord). The Final EIR/EIS contains responses to comments received on the Draft EIR/EIS.

The purpose of the Yuba Accord is to resolve instream flow issues associated with operation of the Yuba River Development Project (Yuba Project) in a way that protects and enhances lower Yuba River fisheries and local water-supply reliability. At the same time, it would provide revenues for local flood control and water supply projects, water for the CALFED Program to use for protection and restoration of Sacramento-San Joaquin Delta (Delta) fisheries, and improvements in statewide water supply management, including supplemental water for the Central Valley Project (CVP) and the State Water Project (SWP).

A Notice of Availability of the Draft EIR/EIS was published in the **Federal Register** on Monday, July 2, 2007 (72 FR 36036). The public review period on the Draft EIR/EIS ended on August 24, 2007.

DATES: Under NEPA, no Federal decision can be made until at least 30 days after release of the Final EIR/EIS. When Reclamation completes the Record of Decision, it will identify the action to be implemented.

Under CEQA, YCWA certified the Final EIR/EIS on October 23, 2007 and filed a Notice of Determination (NOD) with the State Clearinghouse.

ADDRESSES: Send requests for a compact disk or a bound copy of the Final EIR/EIS to Dianne Simodynes, HDR Surface Water Resources, Inc., 1610 Arden Way, Suite 175, Sacramento, CA 95815-4041, telephone: (916) 569-1096. The Yuba Accord Final EIR/EIS will also be available on the Web at: http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=2549.

FOR FURTHER INFORMATION CONTACT: Mr. Tim Rust, Bureau of Reclamation, Division of Resources Management, 2800 Cottage Way, Sacramento, CA 95825, at (916) 978-5516, or by e-mail at trust@mp.usbr.gov; or Mr. Curt Aikens, YCWA, at 1220 F Street, Marysville, CA 95901, at (530) 741-6278, or by e-mail at caikens@ycwa.com.

SUPPLEMENTARY INFORMATION: The Yuba Accord represents an effort on the part of the Yuba River stakeholders to find a solution to the challenges of competing interests by providing water for fisheries, developing new tools to ensure local reliable water supply, crafting a revenue stream to pay for the

Yuba Accord, and providing additional water for out-of-county environmental and consumptive uses. These various objectives would be met through implementation of the Yuba Accord, which includes the "Principles of Agreement for Proposed Lower Yuba River Fisheries Agreement" (Fisheries Agreement), the "Principles of Agreement for Proposed Conjunctive Use Agreements" (Conjunctive Use Agreements), and the "Principles of Agreement for Proposed Long-term Transfer Agreement" (Water Purchase Agreement).

The Yuba Accord agreements are:

- A Fisheries Agreement among YCWA, California Department of Fish and Game, and the collective non-governmental organizations, with the U.S. Fish and Wildlife Service and the National Oceanic and Atmospheric Administration, National Marine Fisheries Service supporting the agreement. Under the Yuba Accord Fisheries Agreement, YCWA would revise the operation of the Yuba Project to provide instream flows in the lower Yuba River to protect and enhance fisheries and to increase downstream water supplies.

- Conjunctive Use Agreements between YCWA and water districts within Yuba County for the implementation of a comprehensive program of conjunctive use of surface water and groundwater supplies and actions to improve water use efficiencies.

- A Water Purchase Agreement among YCWA, the California Department of Water Resources (DWR), and Reclamation. Under this agreement, Reclamation and DWR would purchase water for the CALFED Environmental Water Account and for the CVP and SWP project uses.

All three of these agreements need to be in place for the Yuba Accord to be implemented.

The Final EIR/EIS analyzes the impacts of implementing the Yuba Accord on surface water hydrology, groundwater hydrology, water supply, hydropower, flood control, water quality, fisheries, wildlife, vegetation, special-status species, recreation, visual, cultural resources, Indian Trust Assets, air quality, land use, socioeconomic, growth inducement, and environmental justice resources and conditions. Alternatives evaluated in the Final EIR/EIS include the No Action Alternative, No Project Alternative, Proposed Project/Action Alternative (Yuba Accord Alternative), and Modified Flow Alternative. In addition, the Final EIR/EIS addresses other past, present, and

reasonably foreseeable actions in conjunction with the implementation of the Yuba Accord, thus analyzing cumulative impacts. The Final EIR/EIS contains the comments received on the Draft EIR/EIS and responses to those comments.

Copies of the Final EIR/EIS are available for public review at the following locations:

- Bureau of Reclamation Library, 2800 Cottage Way, Sacramento, CA 95825.
- Yuba County Water Agency, 1220 F Street, Marysville, CA 95901.
- Department of Water Resources, Division of Environmental Services, 1416 Ninth Street, Sacramento, CA 95814.
- Sacramento Public Library, 828 I Street, Sacramento, CA 95814.
- Yuba County Library, 303 2nd Street, Marysville, CA 95901.

Dated: October 19, 2007.

Michael Jackson,

Acting Regional Director, Mid-Pacific Region.

BILLING CODE 4310-MN-P

DEPARTMENT OF LABOR

Proposed Collection for Workforce Information Grants to States Application Instructions for Program Year (PY) 2008; Comment Request

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning a revision to a currently approved collection for Workforce Information Grants to States under OMB Control Number 1205-0417.

A copy of the proposed information collection request (ICR) can be obtained
