AGENCY FOR INTERNATIONAL DEVELOPMENT

Privacy Act of 1974; System of Records; Correction

AGENCY: United States Agency for International Development.

ACTION: Notice of proposed general routine use; Correction.

SUMMARY: The United States Agency for International Development (USAID) published a notice of a proposed new general routine use in the **Federal Register** on December 12, 2007 (72 FR 70559). The due date for written comments was erroneously published as December 12, 2007. As a result USAID is issuing this notice to correct the date in which written comments are due. In order to allow the public full opportunity to provide written comments, the dates for both the written comments and the effective date for the general routine use are corrected below.

DATES: Written comments must be received on or before January 17, 2008. The proposed general routine use will be effective January 17, 2008 unless the Agency receives comments which would result in a contrary determination.

FOR FURTHER INFORMATION CONTACT: For general questions regarding this notice, please contact: Rhonda L. Turnbow, Deputy Chief Privacy Officer, United States Agency for International Development, 1300 Pennsylvania Avenue, NW., Office 7.6-06A, Washington, DC 20523-2120 or by e-mail: privacy@usaid.gov.

Dated: December 12, 2007.

Animal Plant and Health Inspection Service

Title: Bees and Related Articles .
OMB Control Number: 0579-0207.

Summary of Collection: Under the Plant Protection Act (Title IV, Pub. L. 106-224, 114 Stat. 438, 7 U.S.C. 7701-7772), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, exportation, or movement in interstate commerce of plant pest and other articles to prevent the introduction of plant pests into the United States. Under the Honeybee Act (7 U.S.C. 281-286), the Secretary is authorized to prohibit or restrict the importation of honeybee semen to prevent the introduction into the United States of diseases and parasites harmful to honeybees and of undesirable species and subspecies of honeybees. The Animal and Plant Health Inspection Service (APHIS), Plant Protection and Quarantine (PPQ), is responsible for implementing the intent of these Acts, and does so through the enforcement of its pollinator regulations and honeybee regulations.

Need and Use of the Information: APHIS will collect information that serves as the supporting documentation needed to issue required PPQ forms and documents that allow importation of bees and related articles or authorizes release of bees. APHIS needs this information to determine if the honeybees, honeybee semen, or restricted articles are eligible for importation into the United States, and under what conditions (i.e., necessary treatments, appropriate shipping containers, proper port of entry, etc.). Without the information APHIS could

not verify that imported bees and related articles do not present a significant risk of introducing exotic bee disease, parasites, and undesirable species and subspecies of honeybees.

Description of Respondents: Farms.

Number of Respondents: 276.

Frequency of Responses:

Recordkeeping; Reporting: On occasion.

Total Burden Hours: 86.

Agricultural Marketing Service

[Docket # AMS-FV-2007-0007; FV-06-309]

United States Standards for Grades of Tomatoes on the Vine

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Department of Agriculture (USDA), Agricultural Marketing Service (AMS) is establishing voluntary United States Standards for Grades of Tomatoes on the Vine. The standards are intended to provide industry with a common language and uniform basis for trading; thus, promoting orderly and efficient marketing of tomatoes on the vine (TOV).

EFFECTIVE DATE: January 17, 2008.

FOR FURTHER INFORMATION CONTACT:

Vincent J. Fusaro, Standardization Section, Fresh Products Branch, (202) 720-2185. The United States Standards for Grades of Tomatoes on the Vine will be available on the effective date through the Fresh Products Branch Web site at: <http://www.ams.usda.gov/standards/stanfrfv.htm>.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), as amended, directs and authorizes the Secretary of Agriculture "To develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities and makes copies of official standards available upon request. The United States Standards for Grades of Fruits and Vegetables that are not

requirements of Federal Marketing Orders or U.S. Import Requirements, no longer appear in the Code of Federal Regulations, but are maintained by USDA, AMS, Fruit and Vegetable Programs.

AMS is establishing United States Standards for Grades of Tomatoes on the Vine using procedures that appear in Part 36, Title 7 of the Code of Federal Regulations (7 CFR part 36).

Background

On May 26, 2006, AMS published a notice in the **Federal Register** (71 FR 30367), that solicited comments on the proposed voluntary United States Standards for Grades of Tomatoes on the Vine. The proposed standards contained sections pertaining to general information, grades, tolerances, application of tolerances, size classifications, definitions, and a table of metric conversions. The following grades and tolerances for each grade also appeared in the notice: U.S. No. 1 and U.S. No. 2. In addition, "Application of Tolerances" section and "Size classification" section were listed. The standards also defined "Damage," "Serious damage," "Tomatoes on the Vine," along with other specific basic requirements and defects. Additionally, AMS also sought any comments related to the proposed standards that may be necessary to better serve the industry.

In response to the notice, AMS received six comments on the proposed standards. The comments are available by accessing the AMS, Fresh Products Branch Web site at: <http://www.ams.usda.gov/fv/fpbdocketlist.htm>.

On February 16, 2007, AMS published a subsequent notice in the **Federal Register** (72 FR 7593-4), that solicited comments on the proposed voluntary United States Standards for Grades of Tomatoes on the Vine based on comments received from the primary notice. A single comment was received on behalf of a trade group representing growers and packers, expressing the need for additional time to comment. The group requested an extension to the comment period to allow review of the proposed voluntary standards and consider comments.

AMS published a reopening and extension of the comment period in the **Federal Register** (71 FR 34426), on June 22, 2007. The comment period for the extension ended on August 21, 2007. AMS received no additional comments from the industry on the proposed standards.

The adoption of the U.S. grade standards will provide the tomatoes on the vine industry with U.S. grade
