

monitoring system, and (3) the recommendation that the operating characteristics of the airport be monitored to ensure the accuracy of the noise exposure maps.

These determinations are set forth in detail in a Record of Approval signed by the Southwest Region, Airports Division Manager on December 7, 2007. The Record of Approval, as well as other evaluation materials and the documents comprising the submittal are available for review at the FAA office listed above and at the administrative offices of the Austin-Bergstrom International Airport. The Record of Approval also will be available on-line at <http://www.faa.gov/arp/environmental/14cfr/150/index14.cfm>.

Issued in Fort Worth, Texas, December 11, 2007.

Kelvin L. Solco,

Manager, Airports Division.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Noise Exposure Map Notice: Receipt of Noise Compatibility Program and Request For Review

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by Columbus Regional Airport Authority for Port Columbus International Airport under the provisions of 49 U.S.C. 47501, *et seq.* (Aviation Safety and Noise Abatement Act) and 14 CFR part 150 are in compliance with applicable requirements. The FAA also announces that it is reviewing a proposed noise compatibility program that was submitted for Port Columbus International Airport under Part 150 in conjunction with the noise exposure maps, and that this program will be approved or disapproved on or before June 1, 2008.

DATES: Effective Date: The effective date of the FAA's determination on the noise exposure maps and of the start of its review of the associated noise compatibility program is December 5, 2007. The public comment period ends February 2, 2008.

FOR FURTHER INFORMATION CONTACT: Ms. Katherine S. Jones, Federal Aviation Administration, Detroit Airports District Office, 11677 South Wayne Road, Suite

107, Romulus, Michigan, phone number (734) 229-2958. Comments on the proposed noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA finds that the noise exposure maps submitted for Port Columbus International Airport are in compliance with applicable requirements of Part 150, effective December 5, 2007. Further, FAA is reviewing a proposed noise compatibility program for that airport which will be approved or disapproved on or before June 1, 2008. This notice also announces the availability of this program for public review and comment.

Under 49 U.S.C. 47501, *et seq.* (the Aviation Safety and Noise Abatement Act, hereinafter referred to as "the Act"), an airport operator may submit to the FAA noise exposure maps which meet applicable regulations and which depict non-compatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. The Act requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) Part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to take to reduce existing non-compatible uses.

Columbus Regional Airport Authority submitted to the FAA on November 27, 2007 noise exposure maps, descriptions and other documentation that were produced during the Port Columbus International Airport Part 150 Noise Compatibility Program Update, November 2007. It was requested that the FAA review this material as the noise exposure maps, as described in section 47503 of the Act, and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise compatibility program under section 47504 of the Act.

The FAA has completed its review of the noise exposure maps and related descriptions submitted by Columbus Regional Airport Authority. The specific documentation determined to constitute the noise exposure maps includes:

Existing (2006) Noise Exposure Map (NEM-1) and Future (2012) NEM with Noise Compatibility Program (NCP) (NEM-2). The Part 150 Noise Compatibility Program Update contains the required information for section 47503 of the Act and section A150.101 including the following specific references: current and forecast operations in Appendix J, Table 10; fleet mix and nighttime operations in Appendix C—Table C-1, C-2, C-3, C-4; flight patterns in Appendix C—Exhibits C-6, C-7, C-8, C-9, C-10, C-11, C-12, C-13, C-14, C-15, C-16, C-17, C-18, and land use in Exhibit 2-3. The FAA has determined that these maps for Port Columbus International Airport are in compliance with applicable requirements. This determination is effective on December 5, 2007. FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in appendix A of FAR Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or constitute a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under 14 CFR part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under 14 CFR 150.21 of FAR part 150, that the statutorily required consultation has been accomplished.

The FAA has formally received the noise compatibility program for Port Columbus International Airport, also

effective on December 5, 2007. Preliminary review of the submitted material indicates it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before June 1, 2008.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration Detroit Airports District Office, 11677 South Wayne Road, Suite 107, Romulus, Michigan 48174.

Columbus Regional Airport Authority, Port Columbus International Airport, 4600 International Gateway, Columbus, Ohio 43219.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Dated: December 5, 2007.

Issued in Romulus, Michigan.

Matthew J. Thys,

Manager, Detroit Airports District Office, Great Lakes Region.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Action on Proposed Highway in California

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims.

SUMMARY: This notice announces that Federal actions taken by the California Department of Transportation

(Department) pursuant to its assigned responsibilities under 23 U.S.C. 327, as well as actions by other Federal agencies, are final within the meaning of 23 U.S.C. 139(j)(1). The actions relate to a proposed Highway 49 Widening at La Barr Meadows (Post Miles 9.7 to 11.2), from Ponderosa Way to North of Lode Line Way near Grass Valley in Nevada County, State of California. This action grants approval for the project.

DATES: By this notice, FHWA, on behalf of the Department, is advising the public of final actions subject to 23 U.S.C. 139(j)(1). These actions have been taken by the Department pursuant to its assigned responsibilities under 23 U.S.C. 327, as well as by other Federal agencies. A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before June 17, 2008. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT:

Winder Bajwa, Project Manager, California Department of Transportation, 703 B Street, Marysville, CA 95901; Weekdays 8 a.m. to 4 p.m. (Pacific time); telephone (530) 741-4432; e-mail: Winder_Bajwa@dot.ca.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the Department, and other Federal agencies have taken final agency actions by issuing licenses, permits, and approvals for the following highway project in the State of California. The Highway 49 Widening at La Barr Meadows Project would improve operations and safety of State Route 49 in Nevada County, California. This would be accomplished by widening the existing roadway from two to four lanes with a continuous median/left turn lane, constructing a signalized intersection at La Barr Meadows Road and State Route 49, constructing frontage roads, and removing existing at-grade intersections. The actions by the Department and other Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment (EA)/ Finding of No significant Impact (FONSI) for the project, approved by the Department on October 1, 2007. The EA/FONSI and other project records are available by contacting the Department at the address provided above. The EA/FONSI can be viewed and downloaded from the project Web site at <http://www.dot.ca.gov/dist3/departments/envinternet/hwy49labarr/labarr> or viewed at the Nevada County Public

Library—Grass Valley (Royce) Branch, 207 Mill Street, Grass Valley, CA 95945.

This notice applies to the Department and other Federal agency decisions as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to the following Federal environmental statutes and Executive orders:

1. *General:* National Environmental Policy Act (NEPA) [42 U.S.C. 4321-4351]; Federal-Aid Highway Act [23 U.S.C. 109 and 23 U.S.C. 128].

2. *Air:* Clean Air Act [42 U.S.C. 7401-7671(q)].

3. *Land:* Section 4(f) of the Department of Transportation Act of 1966 [49 U.S.C. 303]; Landscaping and Scenic Enhancement (Wildflowers) [23 U.S.C. 319].

4. *Wildlife:* Endangered Species Act [16 U.S.C. 1531-1544 and Section 1536]; Fish and Wildlife Coordination Act [16 U.S.C. 661-667(d)]; Migratory Bird Treaty Act [16 U.S.C. 703-712].

5. *Historic and Cultural Resources:* Section 106 of the National Historic Preservation Act of 1966, as amended [16 U.S.C. 470(f) et seq.]; Archeological Resources Protection Act of 1977 [16 U.S.C. 470(aa)-470(ll)]; Archeological and Historic Preservation Act [16 U.S.C. 469-469(c)]; Native American Grave Protection and Repatriation Act (NAGPRA) [25 U.S.C. 3001-3013].

6. *Social and Economic:* Civil Rights Act of 1964 [42 U.S.C. 2000(d)-2000(d)(1)]; American Indian Religious Freedom Act [42 U.S.C. 1996]; Farmland Protection Policy Act (FPPA) [7 U.S.C. 4201-4209]; The Uniform Relocation Assistance and Real Property Acquisition Act of 1970, as amended.

7. *Hazardous Materials:* Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. 9601-9675; Superfund Amendments and Reauthorization Act of 1986 (SARA); Resource Conservation and Recovery Act (RCRA), 42 U.S.C. 6901-6992(k).

8. *Wetlands and Water Resources:* Clean Water Act (Section 404, Section 401, Section 319) [33 U.S.C. 1251-1377]; Land and Water Conservation Fund (LWCF) [16 U.S.C. 4601-4604]; Safe Drinking Water Act (SDWA) [42 U.S.C. 300(f)-300(j)(6)]; Rivers and Harbors Act of 1899 [33 U.S.C. 401-406]; Wild and Scenic Rivers Act [16 U.S.C. 1271-1287]; Emergency Wetlands Resources Act, [16 U.S.C. 3921, 3931]; Wetlands Mitigation [23 U.S.C. 103(b)(6)(M) and 133(b)(11)]; Flood Disaster Protection Act, 42 U.S.C. 4001-4128.

9. *Executive Orders:* E.O. 11990 Protection of Wetlands; E.O. 11988 Floodplain Management; E.O. 12898,
