

(c) *Failure to file annual reports.* A sponsor fails to file annual reports for two (2) consecutive years. Such sponsor is eligible to apply for a new program designation.

(d) *Failure to file an annual management audit.* A sponsor fails to file an annual management audit, if such audits are required in the relevant program category. Such sponsor is eligible to apply for a new program designation upon the filing of the past due management audit.

(e) *Change in ownership or control.* An exchange visitor program designation is not assignable or transferable. A major change in ownership or control automatically terminates the designation. However, the successor sponsor may apply for designation of the new entity, and it may continue to administer the exchange visitor activities of the previously-designated program while the application for designation is pending before the Department of State:

(1) With respect to a for-profit corporation, a major change in ownership or control is deemed to have occurred when one third (33.33%) or more of its stock is sold or otherwise transferred within a 12-month period;

(2) With respect to a not-for-profit corporation, a major change of control is deemed to have occurred when 51 percent (51%) or more of the board of trustees or other like body, vested with its management, is replaced within a 12-month period.

(f) *Non-compliance with other requirements.* A sponsor fails to remain in compliance with Federal, State, local, or professional requirements necessary to carry out the activity for which it is designated, including loss of accreditation, or licensure.

(g) *Failure to apply for redesignation.* A sponsor fails to apply for redesignation, pursuant to the terms and conditions of § 62.7, prior to the conclusion of its current designation period. If so terminated, the former sponsor may apply for a new program designation, but the program activity will be suspended during the pendency of the application.

§ 62.61 Revocation.

The Department may terminate a sponsor's program designation by revocation for cause as specified in § 62.50. Such sponsor may not apply for a new designation for five (5) years following the effective date of the revocation.

§ 62.62 Termination of, or denial of redesignation for, a class of designated programs.

The Department may, in its sole discretion, determine that a class of designated programs compromises the national security of the United States or no longer furthers the public diplomacy mission of the Department of State. Upon such a determination, the Office shall:

(a) Give all sponsors of such class of designated programs not less than thirty (30) days' written notice of the revocation of Exchange Visitor Program designations for such programs, specifying therein the grounds and effective date for such revocations; or

(b) Give any sponsor of such class of designated programs not less than thirty (30) days' written notice of its denial of the sponsor's application for redesignation, specifying therein the grounds for such denial and effective date of such denial. Revocation of designation or denial of redesignation on the above-specified grounds for a class of designated programs is the final decision of the Department.

§ 62.63 Responsibilities of the sponsor upon termination or revocation.

Upon termination or revocation of its program designation, a sponsor must:

(a) Fulfill its responsibilities to all exchange visitors who are in the United States at the time of the termination or revocation; and

(b) Notify exchange visitors who have not entered the United States that the program has been terminated or revoked, unless a transfer to another designated program can be obtained.

Drawbridge Operation Regulations; Elizabeth River—Eastern Branch, at Norfolk VA

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Fifth Coast Guard District, has approved a temporary deviation from the regulations governing the operation of the Norfolk Southern Railroad (NS# V2.8) Bridge, at mile 2.7, across the Elizabeth River—Eastern Branch at Norfolk, VA. This deviation allows the drawbridge to remain closed-to-navigation beginning at 7 a.m. on Monday, December 10, 2007, until and including 6 p.m. on Friday, December 21, 2007, and from 7 a.m. on Monday, January 21, 2008, until and including 6 p.m. on Sunday, February 3, 2008, to facilitate rehabilitation of the operating machinery of the swing span.

DATES: This deviation is effective from 7 a.m. on December 10, 2007 to 6 p.m. on February 3, 2008.

ADDRESSES: Materials referred to in this document are available for inspection or copying at Commander (dpb), Fifth Coast Guard District, Federal Building, 1st Floor, 431 Crawford Street, Portsmouth, VA 23704-5004 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays. The telephone number is (757) 398-6222. Commander (dpb), Fifth Coast Guard District maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: Bill H. Brazier, Bridge Management Specialist, Fifth Coast Guard District, at (757) 398-6422.

SUPPLEMENTARY INFORMATION: The NS# V2.8 Bridge, a swing-type drawbridge, has a vertical clearance in the closed position to vessels of six feet, above mean high water.

Norfolk Southern Railways, the bridge owner, has requested a temporary deviation from the current operating regulations set out in 33 CFR Part 117.1007(a).

To facilitate the repairs to the operating machinery, the NS# V2.8 Bridge will be maintained in the closed-to-navigation position beginning at 7 a.m. on Monday, December 10, 2007, until and including 6 p.m. on Friday, December 21, 2007 and from 7 a.m. on Monday, January 21, 2008 until and including 6 p.m. on Sunday, February 3, 2008.

The Coast Guard has informed the known users of the waterway of the closure periods for the bridge so that these vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: December 7, 2007.

FOR FURTHER INFORMATION CONTACT: Bill H. Brazier, Bridge Management Specialist, Fifth Coast Guard District, at (757) 398-6422.

SUPPLEMENTARY INFORMATION: The Coleman Memorial Bridge, a swing-type drawbridge, has a vertical clearance in the closed position to vessels of 60 feet, above mean high water.

The contractor, on behalf of the Commonwealth of Virginia Department of Transportation (VDOT)—the bridge owner, has requested a temporary deviation from the current operating

regulations set out in 33 CFR Part 117.1025 to close the swing bridge to navigation to perform necessary mechanical repairs to the swing span assembly. The repairs will consist of removing and replacing the balance wheels and bronze bushings on the north and south swing spans.

To facilitate the repairs, the Coleman Memorial Bridge will be maintained in the closed-to-navigation position beginning at 7 a.m. on Saturday, December 15, 2007, until and including 11:59 p.m. on Saturday, December 22, 2007 and from 7 a.m. on Monday, December 24, 2007, until and including 11:59 p.m. on Monday, December 31, 2007.

The Coast Guard has informed the known users of the waterway of the closure periods for the bridge so that these vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

RIN 1625-AA00

Safety Zone: Lower Cowlitz River Dredging Operation; Longview, WA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the Cowlitz River, in the vicinity of Cottonwood Island at the entrance of the Cowlitz River extending up the Cowlitz River 1.5 river miles. The Captain of the Port, Portland, Oregon is taking this action to safeguard individuals and vessels from safety hazards associated with dredging operations. Entry into this safety zone is prohibited unless authorized by Captain of the Port, Portland or the Master of the on-scene dredge vessel.

DATES: This rule is effective from Monday, November 12, 2007 8 a.m. through Friday, February 29, 2008 at 5 p.m.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket [CGD13-07-049] and are available for inspection or copying at U. S. Coast Guard Sector Portland, 6767 North Basin Ave., Portland, Oregon 97217 between 7 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Petty Officer Josh Lehner, c/o Captain of the Port Portland, 6767 N. Basin Ave., Portland, Oregon 97217 at 503-240-9301.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B) and 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for not publishing an NPRM and for making this rule effective less than 30 days after publication in the **Federal Register**. The Coast Guard did not receive notice of this operation until 12 days prior to the beginning of the operation. The dredging operation will involve multiple dredges, floating and submerged pipelines and other potential navigation hazards from the west bank of the Old Cowlitz River to the northwest tip of Cottonwood Island and 1.5 river miles up the Cowlitz River including the mouth of Carrols Channel and the Old Mouth Cowlitz. The pipeline and associated dredge gear will pose a hazard to navigation due to its location blocking the channel.

If normal notice and comment procedures were followed, this rule would not become effective until after the dates of the event. For this reason, following normal rulemaking procedures in this case would be impracticable and contrary to the public interest.

Background and Purpose

The Coast Guard is establishing a temporary safety zone regulation to allow for safe dredging operations. This operation is necessary for flood control on the Cowlitz River. Silt has built up at the lower end of the Cowlitz River causing an increased risk of flooding in the vicinity of Kelso, Longview, and Castle Rock, WA. This safety zone will be in effect during the time of Monday, November 12, 2007 to Friday, February 29, 2008 while there is dredge gear in the water. This safety zone will be enforced by the Captain the Port,
