

Postal Service analysts will describe the model refinements that they have made, the reasons that they made them, and respond to questions from the Commission's technical staff and the public designed to clarify the nature of, and the reasons for, the Postal Service's changes to the model.

To allow further clarification once interested persons have the benefit of the Postal Service's explanations, a second conference is scheduled for January 23, 2008 at 2 p.m. in the Commission's hearing room. At this second conference, interested persons may seek additional information from Postal Service analysts, and explore the reasons for the methodologies and data employed by the Postal Service. At this conference, interested persons may also, if they wish, offer potential additional improvements or alternatives for discussion prior to submitting written comments on the Postal Service's filing.

Steven W. Williams,

Secretary.

BILLING CODE 7710-FW-P

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: U.S. Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 19b-7 and Form 19b-7; OMB Control No. 3235-0553; SEC File No. 270-495.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

• Rule 19b-7 (17 CFR 240.19b-7) and Form 19b-7—Filings with respect to proposed rule changes submitted pursuant to section 19(b)(7) of the Act.

The Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act") provides a framework for self-regulation under which various entities involved in the securities business, including national securities exchanges and national securities associations (collectively, self-regulatory organizations or "SROs"), have primary

responsibility for regulating their members or participants. The role of the Commission in this framework is primarily one of oversight: the Exchange Act charges the Commission with supervising the SROs and assuring that each complies with and advances the policies of the Exchange Act.

The Exchange Act was amended by the Commodity Futures Modernization Act of 2000 ("CFMA"). Prior to the CFMA, federal law did not allow the trading of futures on individual stocks or on narrow-based stock indexes (collectively, "security futures products"). The CFMA removed this restriction and provides that trading in security futures products would be regulated jointly by the Commission and the Commodity Futures Trading Commission ("CFTC").

The Exchange Act requires all SROs to submit to the SEC any proposals to amend, add, or delete any of their rules. Certain entities (Security Futures Product Exchanges) would be national securities exchanges only because they trade security futures products. Similarly, certain entities (Limited Purpose National Securities Associations) would be national securities associations only because their members trade security futures products. The Exchange Act, as amended by the CFMA, established a procedure for Security Futures Product Exchanges and Limited Purpose National Securities Associations to provide notice of proposed rule changes relating to certain matters.¹ Rule 19b-7 and Form 19b-7 implemented this procedure.

The collection of information is designed to provide the Commission with the information necessary to determine, as required by the Act, whether the proposed rule change is consistent with the Act and the rules thereunder. The information is used to determine if the proposed rule change should remain in affect or abrogated.

The respondents to the collection of information are SROs.

Five respondents file an average total of 12, which corresponds to an estimated annual response burden of 207 hours. At an average cost per response of \$4,607.25, the resultant total related cost of compliance for these respondents is \$55,287 per year (12

¹ These matters are higher margin levels, fraud or manipulation, recordkeeping, reporting, listing standards, or decimal pricing for security futures products; sales practices for security futures products for persons who effect transactions in security futures products; or rules effectuating the obligation of Security Futures Product Exchanges and Limited Purpose National Securities Associations to enforce the securities laws. See 15 U.S.C. 78s(b)(7)(A).

responses × \$4,607.25/response = \$55,287).

Compliance with Rule 19b-7 is mandatory. Information received in response to Rule 19b-7 shall not be kept confidential; the information collected is public information.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Comments should be directed to: R. Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, C/O Shirley Martinson, 6432 General Green Way, Alexandria, Virginia 22312 or send an e-mail to: PRA_Mailbox@sec.gov. Comments must be submitted within 60 days of this notice.

Dated: December 27, 2007.

Nancy M. Morris,

Secretary.
