

series airplanes. This AD requires accomplishing an airplane survey to define the configuration of certain system installations, and repair of any discrepancy found. This AD also requires modifying the fuel system by installing lightning protection for the fuel quantity indication system (FQIS), ground fault relays for the fuel boost pumps, and additional power relays for the center tank fuel pumps and uncommanded on-indication lights at the flight engineer's panel.

**DATES:** *Effective Date:* January 10, 2008.

**ADDRESSES:** You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The address for the Docket Office (telephone 800-647-5527) is the Document Management Facility, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

**FOR FURTHER INFORMATION CONTACT:** Kathrine Rask, Aerospace Engineer, Propulsion Branch, ANM-140S, FAA, Seattle Aircraft Certification Office, 1601 Lind Avenue SW., Renton, Washington 98057-3356; telephone (425) 917-6505; fax (425) 917-6590.

**SUPPLEMENTARY INFORMATION:** On October 12, 2007, the FAA issued AD 2007-23-12, amendment 39-15258 (72 FR 63800, November 13, 2007), for all Boeing Model 707 airplanes and Model 720 and 720B series airplanes. The AD requires accomplishing an airplane survey to define the configuration of certain system installations, and repair of any discrepancy found. The AD also requires modifying the fuel system by installing lightning protection for the fuel quantity indication system (FQIS), ground fault relays for the fuel boost pumps, and additional power relays for the center tank fuel pumps and uncommanded on-indication lights at the flight engineer's panel.

As published, the AD included Appendix 1. That appendix, as published, contained information not intended for the AD. The correct appendix appears below as Appendix 1.

Appendix 1 of the AD, as corrected, contains the Model 707 SFAR 88 survey areas. The appendix is for informational use and provides highlights of the general content of the required survey to assist operators in developing an acceptable survey plan. Operators may

wish to use the appendix as an aid to implementing the airplane survey.

No other part of the regulatory information has been changed; therefore, the final rule is not republished in the **Federal Register**.

The effective date of this AD remains December 18, 2007.

#### § 39.13 [Corrected]

■ In the **Federal Register** of November 13, 2007, on pages 63803 and 63804, Appendix 1 of AD 2007-23-12 is corrected to read as follows:

\* \* \* \* \*

#### Appendix 1. Model 707 SFAR 88 Survey Areas

##### Model 707 SFAR-88 Survey

To support the development of the modifications required by this AD, a survey of the airplane is required to identify the current systems configuration, potential locations for new components, and potential wiring routes. The survey should examine the following areas of the airplane: flight deck, electrical equipment (E/E) bay, mix bay, left and right wing-to-body areas, left and right wing leading edges, and inside the fuel tanks. The report should consist of part numbers of the fuel quantity indication system (FQIS) components and fuel pumps, schematics for the FQIS and fuel pump control systems, and photos with dimensions and body and/or wing stations identified depicting the information below. Video, sketches or marked up drawings may also be acceptable.

##### (1) Flight Deck

- Places for new circuit breakers that may be installed on the P1, P2, P3, P4 and/or P5 panels.
- Places for new indication lights that may be installed in the lower P11 panel.
- Photos of the flight deck area above and below the engineer's panel and on the opposite side showing the existing wire bundle routing with the ceiling and side panels removed. This could be used to route additional wire bundles to the E/E bay.
- Part number(s) of the FQIS indicators installed in the P11 panel.
- Verify if a remote trimmer is installed for this indicator.

##### (2) E/E Bay

- Photos of any location within the E/E bay where there is enough space to install an electrical junction box, up to a 22 x 12 x 4.0 inch area. Possible locations are along the body structure and beneath the cabin floor.

##### (3) Mix Bay

- Photos showing the tubing and duct routing from the wing section.
- Photos of the current wire bundles in the mix bay.
- Photos for the installation of an electrical junction box, up to a 9 x 6 x 6 inch area.
- Photos from both inside the aircraft fuselage showing the wire routing and pressure vessel penetration.

##### (4) Leading Edge

- Photos of the FQIS connectors on the front spar for all fuel tanks.
- Photos of the front spar from the reserve tank to the center tank. Photos should show tubing installations, existing wire harnesses, pneumatic ducts, etc.
- Photos of areas between the engine struts, outboard of engine 1 and 4, and between the inboard strut and side of body with a free 9 x 3 x 5 inch accessible area. New FQIS wire routing should have a minimum of 2 inch separation from existing wires, a new location for FQIS spar penetration connectors may be necessary.
- Photos of the front spar and seal ribs within the strut area with the access panels removed.

##### (5) Wing to Body (Un-Pressurized Wire Penetrations)

- Photos of the existing wire bundle penetrations through the pressure vessel and a 3 foot radius area around the existing wire bundle penetrations in the wing to body fairing (view from the front spar looking inboard).

##### (6) Fuel Tanks (Non-Explosion Proof Equipment Is Generally Not Allowed Inside Fuel Tanks)

- Photos of the FQIS probes and the wiring for the probes.
- Photos along the wiring to the spar penetration.
- Photos of the internal tank structure and plumbing.

If, while accomplishing the survey, any discrepancy with the structure, fuel system, or other systems is found, repairs must be accomplished prior to further flight in accordance with this AD.

## DEPARTMENT OF THE TREASURY

### Office of the Secretary

#### 31 CFR Part 1

#### Privacy Act; Implementation

**AGENCY:** Office of the Secretary, Treasury.

**ACTION:** Interim rule.

**SUMMARY:** In accordance with the requirements of the Privacy Act of 1974, as amended, the Department of the Treasury amends this part to exempt a new Internal Revenue Service (IRS) system of records entitled "IRS 42.005—Whistleblower Office Records" from certain provisions of the Privacy Act.

**DATES:** *Effective Date:* January 10, 2008. Comments must be received no later than February 11, 2008. You may also submit comments through the Federal rulemaking portal at <http://www.regulations.gov> (follow the instructions for submitting comments).

**ADDRESSES:** Please submit comments to the Director, Whistleblower Office, SE:WO, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, DC 20224. Comments will be made available for inspection at the IRS Freedom of Information Reading Room (Room 1621), at the above address. The telephone number for the Reading Room is (202) 622-5164.

**FOR FURTHER INFORMATION CONTACT:** Steve Whitlock, Director, (202) 622-0351, Whistleblower Office, SE:WO, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, DC 20224.

**SUPPLEMENTARY INFORMATION:** Under 5 U.S.C. 552a(k)(2), the head of an agency may promulgate rules to exempt a system of records from certain provisions of 5 U.S.C. 552a if the system is investigatory material compiled for law enforcement purposes. The IRS is hereby giving notice of an interim rule to exempt "Treasury/IRS 42.005 Whistleblower Office Records" from certain provisions of the Privacy Act of 1974, pursuant to 5 U.S.C. 552a(k)(2).

The proposed exemption pursuant to 5 U.S.C. 552a(k)(2) is from provisions (c)(3), (d)(1)-(4), (e)(1), (e)(4)(G)-(I), and (f) because the system contains investigatory material compiled for law enforcement purposes. The following are the reasons why this system of records maintained by the IRS is exempt pursuant to 5 U.S.C. 552a(k)(2) of the Privacy Act of 1974:

(1) 5 U.S.C. 552a(c)(3). These provisions of the Privacy Act provide for the release of the disclosure accounting required by 5 U.S.C. 552a(c)(1) and (2) to the individual named in the record at his/her request. The reasons for exempting this system of records from the foregoing provisions are:

(i) The release of disclosure accounting would put the subject of an investigation on notice that an investigation exists and that such person is the subject of that investigation.

(ii) Such release would provide the subject of an investigation with an accurate accounting of the date, nature, and purpose of each disclosure and the name and address of the person or agency to which disclosure was made. The release of such information to the subject of an investigation would

provide the subject with significant information concerning the nature of the investigation and could result in the alteration or destruction of documentary evidence, the improper influencing of witnesses, and other activities that could impede or compromise the investigation.

(iii) Release to the individual of the disclosure accounting would alert the individual as to which agencies were investigating the subject and the scope of the investigation and could aid the individual in impeding or compromising investigations by those agencies.

(2) 5 U.S.C. 552a(d)(1)-(4), (e)(4)(G), (e)(4)(H), and (f). These provisions of the Privacy Act relate to an individual's right to be notified of:

(i) The existence of records pertaining to such individual,

(ii) Requirements for identifying an individual, who requested access to records,

(iii) The agency procedures relating to access to and amendment of records,

(iv) The content of the information contained in such records, and

(v) The civil remedies available to the individual in the event of an adverse determination by an agency concerning access to or amendment of information contained in record systems.

The reasons for exempting this system of records from the foregoing provisions are that notifying an individual (at the individual's request) of the existence of an investigative file pertaining to such individual or to granting access to an investigative file pertaining to such individual could:

(i) Interfere with investigative and enforcement proceedings,

(ii) Deprive co-defendants of a right to a fair trial or an impartial adjudication,

(iii) Constitute an unwarranted invasion of the personal privacy of others,

(iv) Disclose the identity of confidential sources and reveal confidential information supplied by such sources. Disclose investigative techniques and procedures

(3) 5 U.S.C. 552a(e)(1). This provision of the Privacy Act requires each agency to maintain in its records only such information about an individual as is relevant and necessary to accomplish a purpose of the agency required to be accomplished by statute or executive order. The reasons for exempting this system of records from the foregoing are as follows:

(i) The IRS will limit the system to those records that are needed for compliance with the provisions of Title 26. However, an exemption from the foregoing is needed because,

particularly in the early stages of an investigation, it is not possible to determine the relevance or necessity of specific information.

(ii) Relevance and necessity are questions of judgment and timing. What appears relevant and necessary when first received may subsequently be determined to be irrelevant or unnecessary. It is only after the information is evaluated that the relevance and necessity of such information can be established with certainty.

(4) 5 U.S.C. 552a(e)(4)(I). This provision of the Privacy Act requires the publication of the categories of sources of records in each system of records. The reasons an exemption from this provision has been claimed, are as follows:

(i) Revealing categories of sources of information could disclose investigative techniques and procedures.

(ii) Revealing categories of sources of information could cause sources who supply information to investigators to refrain from giving such information because of fear of reprisal, or fear of breach of promises of anonymity and confidentiality.

These regulations are being published as an interim final rule because the amendments do not impose any requirements on any member of the public. These amendments are the most efficient means for the Treasury Department to implement its internal requirements for complying with the Privacy Act.

Accordingly, pursuant to 5 U.S.C. 553(b)(B) and (d)(3), the Department of the Treasury finds good cause that prior notice and other public procedures with respect to this rule are unnecessary, and good cause for making this interim final rule effective 30 days after publication in the **Federal Register**.

Pursuant to Executive Order 12866, it has been determined that this interim final rule is not a significant regulatory action, and therefore, does not require a regulatory impact analysis.

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act, 5 U.S.C. 601-612, do not apply.

#### List of Subjects in 31 CFR Part 1

Privacy.

■ Part 1, subpart C of title 31 of the Code of Federal Regulations is amended as follows:

#### PART 1—[AMENDED]

■ 1. The authority citation for part 1 continues to read as follows:

**Authority:** 5 U.S.C. 301 and 31 U.S.C. 321. Subpart A also issued under 5 U.S.C. 552 as amended. Subpart C also issued under 5 U.S.C. 552a.

■ 2. Section 1.36 paragraph (g)(1)(viii) is amended by adding the following text to the table in numerical order.

**§ 1.36 Systems exempt in whole or in part from provisions of 5 U.S.C. 552a and this part.**

\* \* \* \* \*  
 (g) \* \* \*  
 (1) \* \* \*

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Part 52**  
**[EPA-R09-OAR-2007-1104; FRL-8512-7]**

**Revisions to the California State Implementation Plan, San Joaquin Valley Air Pollution Control District and Sacramento Metropolitan Air Quality Management District**

**AGENCY:** Environmental Protection Agency (EPA).  
**ACTION:** Direct final rule.  
**SUMMARY:** EPA is taking direct final action to approve revisions to the San Joaquin Valley Air Pollution Control

District (SJVAPCD) and Sacramento Metropolitan Air Quality Management District (SMAQMD) portions of the California State Implementation Plan (SIP). These revisions concern oxides of nitrogen (NO<sub>x</sub>) emissions from internal combustion engines and stationary gas turbines. We are approving local rules that regulate these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act).

**DATES:** This rule is effective on March 10, 2008 without further notice, unless EPA receives adverse comments by February 11, 2008. If we receive such comments, we will publish a timely withdrawal in the **Federal Register** to notify the public that this direct final rule will not take effect.

**ADDRESSES:** Submit comments, identified by docket number EPA-R09-OAR-2007-1104, by one of the following methods:  
 1. *Federal eRulemaking Portal:* [www.regulations.gov](http://www.regulations.gov). Follow the on-line instructions.

2. *E-mail:* [steckel.andrew@epa.gov](mailto:steckel.andrew@epa.gov).  
 3. *Mail or deliver:* Andrew Steckel (Air-4), U.S. Environmental Protection Agency Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

*Instructions:* All comments will be included in the public docket without change and may be made available online at [www.regulations.gov](http://www.regulations.gov), including any personal information provided, unless the comment includes Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Information that you consider CBI or otherwise protected should be clearly identified as such and should not be submitted through [www.regulations.gov](http://www.regulations.gov) or e-mail. [www.regulations.gov](http://www.regulations.gov) is an “anonymous access” system, and EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send e-mail directly to EPA, your e-mail address will be automatically captured and included as part of the public comment.

If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

*Docket:* The index to the docket for this action is available electronically at [www.regulations.gov](http://www.regulations.gov) and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

**FOR FURTHER INFORMATION CONTACT:** Francisco Dóñez, EPA Region IX, (415) 972-3956, [Donez.Francisco@epa.gov](mailto:Donez.Francisco@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document, “we,” “us” and “our” refer to EPA.

**Table of Contents**

- I. The State’s Submittal
  - A. What rules did the State submit?
  - B. Are there other versions of these rules?
  - C. What is the purpose of the submitted rule revisions?
- II. EPA’s Evaluation and Action
  - A. How is EPA evaluating the rules?
  - B. Do the rules meet the evaluation criteria?
  - C. EPA Recommendations To Further Improve the Rules
  - D. Public Comment and Final Action
- III. Statutory and Executive Order Reviews

**I. The State’s Submittal**  
**A. What rules did the State submit?**  
 Table 1 lists the rules we are approving with the dates that they were adopted by the local air agencies and submitted by the California Air Resources Board.

TABLE 1.—SUBMITTED RULES

Local agency	Rule No.	Rule title	Adopted	Submitted
SJVAPCD .....	4702	Internal Combustion Engines—Phase 2 .....	01/18/07	05/08/07
SMAQMD .....	413	Stationary Gas Turbines .....	03/24/05	09/05/07

On July 23, 2007 and October 16, 2007, respectively, EPA determined that these rule submittals met the completeness criteria in 40 CFR part 51, Appendix V, which must be met before formal EPA review.

**B. Are there other versions of these rules?**  
 The SJVAPCD first adopted Rule 4702 on August 21, 2003. That version was submitted to EPA on October 9, 2003, and approved on May 18, 2004 (69 FR 28061). The SJVAPCD adopted revisions

to the SIP-approved version on June 16, 2005 and April 20, 2006, and CARB submitted them to us on October 20, 2005 and October 5, 2006. The SMAQMD first adopted Rule 413 on May 6, 1995, and EPA approved the rule into the SIP on March 1, 1996 (61 FR
