IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with section 6(b)(5) of the Act⁸ in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Specifically, the Commission believes that the proposed expansion to permit the Exchange to select a total of 10 individual underlying stocks trading at less than \$50 on which option series may be listed at \$1 strike price intervals, and the request to make the Program permanent, should provide investors with added flexibility in the trading of equity options and further the public interest by allowing investors to establish equity options positions that are better tailored to meet their investment objectives. The Commission also believes that the proposal strikes a reasonable balance between the Exchange's desire to accommodate market participants by offering a wider array of investment opportunities and the need to avoid unnecessary proliferation of options series and the corresponding increase in quotes. The Commission notes that the existing restrictions on listing \$1 strike price intervals will continue to apply, e.g., no \$1 strike price may be listed (a) that is greater than \$5 from the underlying stock's closing price in its primary market on the previous day, or (b) that would result in strike prices being \$0.50 apart.

The Commission expects the Exchange to continue to monitor for options with little or no open interest and trading activity and to act promptly to delist such options. In addition, the Commission expects that Amex will

continue to monitor the trading volume associated with the additional options series listed as a result of this proposal and the effect of these additional series on market fragmentation and on the capacity of the Exchange's, OPRA's, and vendors' automated systems.

The Commission finds good cause for approving the proposed rule change before the 30th day after the date of publication of notice of filing thereof in the **Federal Register**. The Commission has recently approved a substantially similar proposal submitted by the Chicago Board Options Exchange, Incorporated, which was published for notice and comment.⁹ Accelerating approval of this proposal will allow Amex the same flexibility with respect to the listing of \$1 strikes, creating additional competition in the market for options listed and traded under the Program.¹⁰ Therefore, the Commission finds good cause, consistent with section 19(b)(2) of the Act,¹¹ to approve the proposed rule change on an accelerated basis.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹² that the proposed rule change (SR-Amex-2007-141) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³

Deputy Secretary.

(“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 20, 2007, the Boston Stock Exchange, Inc. (“BSE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared substantially by the BSE. On January 7, 2008, the Exchange filed Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Amendment No. 1, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Boston Options Exchange (“BOX”) rules related to Contrary Exercise Advice violations. The text of the proposed rule change is available on the Exchange's Web site (<http://www.bostonstock.com>), at the BSE's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to increase and strengthen the sanctions imposed pursuant to its Minor Rule Violation Plan (“MRVP”) on any member who fails to submit to the Exchange in a timely manner, pursuant to BOX Rules Chapter X, section 2(f), “Contrary Exercise Advice Violations” or exercise instruction relating to the exercise or nonexercise of a noncash-settled equity option. The Exchange believes that increasing the fine levels specified with

² 17 CFR 240.19b-4.

³ Amendment No. 1 revised the proposed rule text to clarify how fines for the third and subsequent offenses would be imposed.

⁷ In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁸ 15 U.S.C. 78f(b)(5).

respect to both individual members and member organizations and lengthening the surveillance period from a 12-month period to a rolling 24-month period will serve as an effective deterrent to such violative conduct.

In addition, the Exchange, as a member of the Intermarket Surveillance Group ("ISG") executed and filed on October 29, 2007 with the Commission, a final version of an Agreement pursuant to section 17(d) of the Act (the "17d-2 Agreement").⁴ As set forth in the 17d-2 Agreement, the members of the ISG have agreed that their respective rules concerning the filing of Expiring Exercise Declarations, also referred to as Contrary Exercise Advices are common rules. As a result, the proposal to amend the MRVP will further result in consistency in sanctions among the ISG members that are signatories to the 17d-2 Agreement concerning Contrary Exercise Advice violations.⁵

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act,⁶ in general, and furthers the objectives of section 6(b)(5) of the Act,⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices; to promote just and equitable principles of trade; to protect investors and the public interest in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and, in general, to protect investors and the public interest. Additionally, the Exchange believes that the proposed rule change will promote consistency in minor rule violations and respective SRO reporting obligations as set forth pursuant to Rule 19d-1(c)(2) under the Act,⁸ which governs minor rule violation plans.

B. Self-Regulatory Organization's Statement on Burden on Competition

BSE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.
