

percentage of the cost of manufacture plus SG&A. For further discussion, see Factor Valuation Memorandum.

We valued diesel oil using data obtained from the IEA *Key World Energy Statistics 2007*, for the first quarter of 2007. Because these data were after the POR, we applied a WPI deflator to make them contemporaneous with the POR. See Factor Valuation Memorandum.

Finally, Taifa reported that it generated certain other by-products as a result of the production of hand trucks. We valued aluminum and steel scrap using Indian import statistics as published by the WTA, contemporaneous with the POR. We valued aluminum scrap and recycled paint powder using Indian import statistics as published by the WTA, contemporaneous with the POR.

Preliminary Results of Review

We preliminarily determine that the following margins exist during the period December 1, 2005, through November 30, 2006:

HAND TRUCKS AND PARTS THEREOF FROM THE PRC

Exporter	Weighted-Average Margin (Percent)
Qingdao Taifa Group Co. Ltd.	3.82
PRC-Wide Rate ²	383.60

²We note that because both Future Tool and Shandong Machinery are part of the PRC-wide entity, they are subject to the PRC-wide rate.

Disclosure

The Department will disclose calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Any interested party may request a hearing within 30 days of publication of these preliminary results. See 19 CFR 351.310(c). Any hearing, if requested, will generally be held two days after the scheduled date for submission of rebuttal briefs. See 19 CFR 351.310(d). Interested parties may submit case briefs and/or written comments no later than 30 days after the date of publication of these preliminary results of review. See 19 CFR 351.309(c)(ii). Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than five days after the time limit for filing the case briefs. See 19 CFR 351.309(d). Further, we request that parties submitting written comments provide the Department with an additional copy of those comments on diskette. The

Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any comments, and at a hearing, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Pursuant to 19 CFR 351.212(b)(1), we will calculate importer- or customer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. To determine whether the duty assessment rates are *de minimis* (i.e., less than 0.50 percent), in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we will calculate customer-specific *ad valorem* ratios based on export prices.

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer- or customer-specific assessment rate calculated in the final results of this review is above *de minimis*.

For entries of the subject merchandise during the POR from companies not subject to this review, we will instruct CBP to liquidate them at the cash deposit rate in effect at the time of entry. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) for Taifa, which has a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding (which were not reviewed in this segment of the

proceeding), the cash deposit rate will continue to be the exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 383.60 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213.

Dated: December 31, 2007.

Susan H. Kuhbach,

Acting Assistant Secretary for Import Administration.

International Trade Administration

[A-201-822]

Stainless Steel Sheet and Strip in Coils from Mexico: Second Extension of Time Limit for Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 14, 2008.

FOR FURTHER INFORMATION CONTACT: Maryanne Burke or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5604 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION: On August 6, 2007, the Department of Commerce

(the Department) published the preliminary results of the administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Mexico for the period July 1, 2005 through June 30, 2006. See *Stainless Steel Sheet and Strip in Coils from Mexico; Preliminary Results of Antidumping Duty Administrative Review*, 72 FR 43600 (August 6, 2007). On September 4, 2007, we published a notice in the **Federal Register** partially extending the due date of the final results until January 10, 2008. See *Stainless Steel Sheet and Strip in Coils from Mexico: Extension of Time Limit for Final Results of Antidumping Duty Administrative Review*, 72 FR 50663 (September 4, 2007).

Second Extension of Time Limits for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Tariff Act), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results were published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Tariff Act allows the Department to extend the time limit for the final results up to 180 days from the date of publication of the preliminary results.

The Department finds that it is not practicable to complete this review within the original time frame due to additional analysis that must be performed with respect to certain adjustments made to the cost of production. Furthermore, our post-preliminary results cost verification forced an extension of the briefing schedule for parties' comments and rebuttals. Consequently, and in accordance with section 751(a)(3)(A) of the Tariff Act and 19 CFR 351.213(h)(2), the Department is further extending the time period for issuing the final results of review to 180 days after the publication of the preliminary results. Therefore, the final results will be due no later than February 2, 2008.¹ This notice is published in accordance with section 751(a)(3)(A) of the Tariff Act.

Dated: January 8, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

[FR Doc. E8-454 Filed 1-11-08; 8:45 am]

BILLING CODE 3510-DS-S

¹ Because February 2, 2008 falls on a Saturday, the final results will be due no later than Monday February 4, 2008.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XE85

Endangered Species

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Availability.

SUMMARY: NMFS has completed a draft Programmatic Environmental Assessment (PEA) on the Issuance of Endangered Species Act Permits for Scientific Research on Endangered and Threatened Sea Turtles in the North Atlantic Ocean, Caribbean Sea, and Gulf of Mexico.

DATES: Written, telefaxed, or e-mail comments must be received on or before February 13, 2008.

ADDRESSES: The PEA is available for review upon written request or by appointment in the following office:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)427-2521; <http://www.nmfs.noaa.gov/pr/permits/review.htm>.

Written comments should be mailed to the Chief, Permits, Conservation and Education Division, F/PR1, at the above address.

Comments may also be submitted by facsimile at (301)427-2521, provided the facsimile is confirmed by hard copy submitted by mail and postmarked no later than the closing date of the comment period.

Comments may also be submitted by e-mail. The mailbox address for providing e-mail comments is NMFS.Pr1Comments@noaa.gov. Include in the subject line of the e-mail comment the following document identifier: Sea Turtle Programmatic EA.

FOR FURTHER INFORMATION CONTACT: Patrick Opay, Amy Hapeman, or Kate Swails, (301)713-2289.

SUPPLEMENTARY INFORMATION: NMFS has authority, delegated from the Secretary of Commerce, to issue permits for research and enhancement activities under Section 10(a)(1)(A) of the Endangered Species Act (ESA; 16 U.S.C. 1531 *et seq.*). Permits to take endangered or threatened non-marine mammal species are governed by the ESA and NMFS implementing regulations at 50 CFR 222.301-309. Where coordination with the United States Fish and Wildlife Service is

required regarding sea turtles, permits are subject to NMFS regulatory criteria at 50 CFR 222.309.

NMFS is required by the National Environmental Policy Act (NEPA) and 40 CFR 1508.27 to consider the significance of the effects of authorizing research activities on listed species of sea turtles (proposed action). The action being considered in this PEA was analyzed as a whole, by effects on affected interests, and by short- and long-term effects. Additionally, the severity of the impacts was analyzed.

NMFS is proposing to more efficiently complete its review and issuance process for ESA section 10(a)(1)(A) scientific research permits and permit modifications on sea turtle species in the North Atlantic Ocean, Gulf of Mexico, and Caribbean Sea. To date, NMFS analyzes each proposed permit action through separate EAs, one for each permit application. The preferred alternative would allow NMFS to more efficiently analyze the potential collective environmental impact of research activities over the next five years.

Dated: January 8, 2008.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
