Comment Date: 5 p.m. Eastern Time on Friday, January 25, 2008.

Take notice that the Commission received the following electric securities filings:

Docket Numbers: ES08–19–000.

Applicants: AEP Texas North Power Company.

Description: Form 523—Request for Permission to Issue Securities of AEP Texas North Power Company.

Filed Date: 01/03/2008.

Accession Number: 20080103–5003.

Comment Date: 5 p.m. Eastern Time on Thursday, January 24, 2008.

Docket Numbers: ES08–20–000.

Applicants: Wheeling Power Company.

Description: Form 523—Request for Permission to Issue Securities of Wheeling Power Company.

Filed Date: 01/03/2008.

Accession Number: 20080103–5004.

Comment Date: 5 p.m. Eastern Time on Thursday, January 24, 2008.

Docket Numbers: ES08–21–000; ES08–22–000; ES08–23–000.

Applicants: Kansas Gas and Electric Company; Westar Energy, Inc.

Description: Form 523—Request for Permission to Issue Securities, Form 523—Request for Permission to Guarantee Indebtedness of Westar Energy Inc and Issue Securities of Kansas Gas and Electric Company *et al.*
Filed Date: 01/07/2008.

Accession Number: 20080104–5126.

Comment Date: 5 p.m. Eastern Time on Monday, January 28, 2008.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic

service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP08–45–000]

Dominion Transmission, Inc.; Notice of Application

January 8, 2008.

Take notice that on December 21, 2007, Dominion Transmission, Inc. (DTI), 120 Tredegar Street, Richmond, VA, filed in Docket No. CP08–45–000, an application pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations seeking authorization to construct, install, own, operate, and maintain certain compression facilities located in Herkimer County, New York that comprise the Utica 7 Project. These facilities will provide increased transmission capacity, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site

that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 420–5589.

Specifically, DTI proposes to expand its existing Utica Compressor Station by installing an additional 2,250 HP compressor unit (Unit No. 7). Utica Station currently consists of 6 compressor engines with a total rating of 7,250 horsepower. DTI will provide firm transportation service for a Maximum Daily Transportation Quantity (MDTQ) of 15,000 Dt/day and up to a Maximum Annual Transportation Quantity (MATQ) of 5,475,000 Dt. The Project is fully subscribed by one customer for an initial term of fifteen years. The Project is designed to provide firm natural gas transportation service to Cornell University in connection with Cornell's project known as its Central Heating Project. Cornell is constructing a combined heat and power project using two gas turbine generators to ensure the necessary heat and electric capacity for the university's future while reducing greenhouse gas emissions by reducing its coal combustion. In addition, Cornell plans to construct and own an 8-inch diameter delivery line approximately 3 miles in length to connect the central heating plant on the university campus to a new interconnection with DTI. The DTI's total estimated cost for construction of the Project is \$6,381,023.

Any questions regarding this application should be directed to Matthew R. Bley, Manager, Gas Transmission Certificates, Dominion Transmission, Inc., 120 Tredegar Street, Richmond, VA 23219, at (804) 819–2877.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and

the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right

to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link at <http://www.ferc.gov>. The Commission strongly encourages intervenors to file electronically. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comment Date: January 29, 2008.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. ER08-19-000, ER08-19-001, ER08-19-002, ER08-19-003]

Energy Algorithms, LLC; Notice of Issuance of Order

January 7, 2008.

Energy Algorithms, LLC (EnAlgo) filed an application for market-based rate authority, with accompanying rate schedule. The proposed market-based rate schedule provide for the sale of energy and capacity at market-based rates. EnAlgo also requested waivers of various Commission regulations. In particular, EnAlgo requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by EnAlgo.

On January 4, 2008, pursuant to delegated authority, the Director, Division of Tariffs and Market Development-West, granted the requests for blanket approval under Part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by EnAlgo, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing protests is February 4, 2008.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, EnAlgo is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of EnAlgo, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of EnAlgo's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Kimberly D. Bose,

Secretary.

Orlando Utilities Commission; Notice of Filing

December 18, 2007.

Take notice that on December 7, 2007, Orlando Utilities Commission filed a supplement to its July 13, 2007, Petition for Declaratory Order.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to
