List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the FAA Order 7400.9R, Airspace Designations and Reporting Points, signed August 15, 2007, and effective September 15, 2007 is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

ANM CO, E5 Pagosa Springs, CO [New]

Stevens Field, Pagosa Springs, CO (Lat. 37°17′11″ N., long. 107°3′22″ W.)

That airspace extending upward from 700 feet above the surface within a 10.0 mile radius of Stevens Field and within 8.0 miles each side of the 169° bearing from the Airport extending from the 10.0 mile radius to 25.0 miles south of the Airport.

Issued in Seattle, Washington, on December 21, 2007.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2007-0205; Airspace Docket No. 07-ANM-17]

Proposed Establishment of Class E Airspace; Walden, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to establish Class E airspace at Walden-

Jackson County Airport, Walden CO. Additional controlled airspace is necessary to accommodate aircraft using a new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) at Walden-Jackson County Airport, Walden, CO. The FAA is proposing this action to enhance the safety and management of aircraft operations at Walden-Jackson County Airport, Walden, CO.

DATES: Comments must be received on or before March 3, 2008.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590. Telephone (202) 366–9826. You must identify FAA Docket No. FAA–2007–0205; Airspace Docket No. 07–ANM–17, at the beginning of your comments. You may also submit comments through the Internet at http://www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Eldon Taylor, Federal Aviation Administration, System Support Group, Western Service Area, 1601 Lind Avenue, SW., Renton, WA 98057; telephone (425) 203–4537.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA 2007–0205 and Airspace Docket No. 07–ANM–17) and be submitted in triplicate to the Docket Management System (see ADDRESSES section for address and phone number). You may also submit comments through the Internet at http://www.regulations.gov.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA–2007–0205 and Airspace Docket No. 07–ANM–17". The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

An electronic copy of this document may be downloaded through the Internet at http://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's Web page at http://www.faa.gov or the Federal Register's Web page at http://www.gpoaccess.gov/fr/index.html.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the ADDRESSES section for the address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Area, System Support Group, 1601 Lind Avenue, SW., Renton, WA 98057.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267–9677, for a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace at Walden-Jackson County Airport, Walden, CO. Controlled airspace is necessary to accommodate aircraft using the new RNAV (GPS) SIAP at Walden-Jackson County Airport, Walden, CO. This action would enhance the safety and management of aircraft operations at Walden-Jackson County Airport, Walden, CO.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9R, signed August 15, 2007, and effective September 15, 2007, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in this Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation; (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority for the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes additional controlled airspace at Walden-Jackson County Airport, Walden, CO.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the FAA Order 7400.9R, Airspace Designations and Reporting Points, signed August 15, 2007, and effective September 15, 2007 is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ANM CO, E5 Walden, CO [New]

Walden-Jackson County Airport, CO (Lat. 40°45′0″ N., long. 106°16′17″ W.)

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Walden-Jackson County Airport, and within 4 miles each side of the 342° bearing from the airport extending from the 5-mile radius to V524 northwest of the airport.

Issued in Seattle, Washington, on January 3, 2008.

Clark Desing,

Manager, System Support Group, Western Service Area.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Part 1309

[Docket No. DEA-294P]

RIN 1117-AB09

Registration Requirements for Importers and Manufacturers of Prescription Drug Products Containing Ephedrine, Pseudoephedrine, or Phenylpropanolamine

AGENCY: Drug Enforcement Administration (DEA), Justice. **ACTION:** Notice of proposed rulemaking.

SUMMARY: The Combat

Methamphetamine Epidemic Act of 2005 (CMEA), which was enacted on March 9, 2006, requires DEA to establish an assessment of annual need for the importation and manufacture of ephedrine, pseudoephedrine, and phenylpropanolamine. Because of the new CMEA mandates for importation, import quotas, and production quotas for these chemicals, DEA must revise its registration provisions. The changes made by the CMEA render current DEA regulations inadequate for two reasons. First, although DEA registers bulk manufacturers of the three chemicals in the United States and importers of the bulk chemicals, some of those chemicals are distributed to non-registered companies that process them into prescription drugs. Under the Controlled Substances Act, section 826, production quotas are available only to registered manufacturers. DEA cannot

meet the CMEA mandate to establish annual need and import quotas, and then issue individual quotas for each of the chemicals unless all manufacturers manufacturing or procuring the chemicals and manufacturing drug products that contain the chemicals are registered as manufacturers, even if the distribution of the final drug products is not regulated. DEA also must know the quantity of prescription drug products containing the three chemicals being imported. Without this information, DEA would not be able to determine an assessment of annual need for these chemicals. Any person importing prescription drug products containing any of the three chemicals must register although the distribution of these products would not be subject to DEA regulation.

Second, persons currently registered to import, distribute, or dispense controlled substances who manufacture drug products using ephedrine, pseudoephedrine, or phenylpropanolamine, are not necessarily registered to do so. This must also be changed so that controlled substance registrants will only receive a waiver from the requirement of separate chemical registration if they engage in the same activity for both lawfully marketed drug products containing List I chemicals and controlled substances (as is already the case for bulk manufacture, imports, and exports.) In this way, any registrant that must obtain a quota to manufacture or procure one or more of the chemicals will be a registered manufacturer, as required by

Were DEA not to issue this rule, it would have no mechanism to issue production or import quotas for persons handling prescription drug products containing ephedrine, pseudoephedrine, or phenylpropanolamine. If these persons were not required to register, there would be no mechanism by which they would be permitted to apply for production or import quotas. Therefore, these persons would have no means by which to acquire the List I chemicals ephedrine, pseudoephedrine, or phenylpropanolamine necessary for them to conduct business.

the CSA.

Accordingly, DEA is proposing to amend its registration regulations to ensure that every location that manufactures or imports one of these chemicals or drug products that contain ephedrine, pseudoephedrine, or phenylpropanolamine is a DEA registered manufacturer or importer. These amendments will make it possible to establish the system of quotas and assessment of annual needs for the manufacturing that Congress
