SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau plans to request clearance from the Office of Management and Budget (OMB) for the collection of basic demographic

information on the Current Population Survey (CPS) beginning in July 2008. The current clearance expires June 30, 2008.

The CPS has been the source of official government statistics on employment and unemployment for over 50 years. The Bureau of Labor Statistics (BLS) and the Census Bureau jointly sponsor the basic monthly survey. The Census Bureau also prepares and conducts all the field work. At OMB's request, the Census Bureau and the BLS divide the clearance request in order to reflect the joint sponsorship and funding of the CPS program. The justification that follows is in support of the demographic data.

The demographic information collected in the CPS provides a unique set of data on selected characteristics for the civilian noninstitutional population. Some of the demographic information collected are age, marital status, gender, Armed Forces status, education, race, origin, and family income. These data are used in conjunction with other data, particularly the monthly labor force data, as well as periodic supplement data. The data is also used independently for internal analytic research and for evaluation of other surveys. And, in addition, as a control to produce accurate estimates of other personal characteristics.

II. Method of Collection

The CPS basic demographic information is collected from individual households by both personal visits and telephone interviews each month. All interviews are conducted using computer-assisted interviewing.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Individuals or households.

Legal Authority: Title 13, U.S.C., Section 182, and Title 29, U.S.C., Sections 1-9.
