Background

The rule reorganizes, restructures, and updates the passport regulations in order to make them easier for users to access the information, to better reflect current practice and changes in

statutory authority, and to remove outdated provisions.

Need for Correction

The final passport rule published on November 19, 2007 erroneously labels two sentences in the rule contained in 22 CFR 51.21(b) and (c) as a "Note." This correction deletes the labels "Note" and corrects the numbering of the two provisions.

■ 1. On page 64933, 22 CFR part 51.21 is corrected by making the following correcting amendments:

(i) The most recently issued previous passport was issued when the applicant was 16 years of age or older;

(ii) The application is made not more than 15 years following the issue date of the previous passport, except as provided in paragraph (e) of this section; and

BILLING CODE 4710-06-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[USCG-2007-0169]

RIN 1625-AA00

Safety Zone: Trent River Between New Bern and James City, NC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard will establish a safety zone on the waters of the Trent River between New Bern and James City, North Carolina in the vicinity of the U.S. Route 70 Highway Swing Bridge. This safety zone is necessary to provide for the safety of life on navigable waters during the movement of bridge construction equipment from the southern end of the bridge construction project to the northern end of the project.

DATES: This rule is effective from 10 a.m. on January 8, 2008 through 2 p.m. on January 24, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2007-0169 and are available for inspection or copying at Sector North Carolina 2301 East Fort Macon Road Atlantic Beach, NC 28512 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Commander Jennifer Williams, Prevention Department Head, United States Coast Guard Sector North Carolina at (252) 247-4570 or (252) 247-457046.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this

regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. The publishing of an NPRM would be impracticable and contrary to public interest since immediate action is needed to protect the maritime public from the hazards associated with this maintenance project. The necessary information to determine whether the construction poses a threat to persons and vessels was not provided with sufficient time to publish an NPRM. For the safety concerns noted, it is in the public interest to have this regulation in effect during the construction.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the public's safety.

Background and Purpose

From 10 a.m. to 2 p.m. on each Tuesday, Wednesday, and Thursday from January 8, 2008 through January 24, 2008 Balfour Beatty Infrastructure Inc. will relocate construction equipment in the vicinity of the U.S. Route 70 Highway Swing Bridge from James City, NC to New Bern, NC. To provide for the safety of the public, the Coast Guard will temporarily restrict access to this section of the Trent River during equipment relocation.

Discussion of Rule

The Coast Guard is establishing a temporary safety zone that will extend from the Norfolk Southern Railroad Bridge and Union Point, New Bern, NC to the U.S. Route 17 Highway Bridge at James City, NC, latitude 35°05.8' N, longitude 77°02.2' W. This zone will require mariners to avoid entry into the area. Entry into the zone will not be permitted except as specifically authorized by the Captain of the Port or his designated representative.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary.

Although this regulation will restrict access to the regulated area, the effect of this rule will not be significant because:
