SUMMARY: The Federal Aviation Administration published in the **Federal Register** of October 30, 2007, (72 FR 61291–61293), a document establishing Class E airspace, at Muncy, PA. SUPPLEMENTARY INFORMATION:**Confirmation of Effective Date**

The FAA published this direct final rule with a request for comments in the **Federal Register** on October 30 (72 FR 61291–61293). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of interest to submit such an adverse comment, were received within the comment period, the regulation would become effective on December 20, 2007. No adverse comments were received, thus this notice confirms that effective date.

Correction to Final Rule

Additionally, a technical correction to the wording of the original airspace description is accomplished for clarification of the 700 foot Class E airspace. although the description and amendment was incorporated under 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9R, the reference to paragraph 6005, which addresses Class E airspace “extending upwards from 700 or more above the surface of the Earth”, was inadvertently omitted. Therefore, the publication in the **Federal Register** Docket No. FAA 2007–0023, Airspace Docket No. 07–AEA–08, published October 10, 2007, (72 FR 61291–61293) paragraph 6005 is corrected to read as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

Electronic Shareholder Forums

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: We are adopting amendments to the proxy rules under the Securities Exchange Act of 1934 to facilitate electronic shareholder forums. The amendments clarify that participation in an electronic shareholder forum that could potentially constitute a solicitation subject to the proxy rules is exempt from most of the proxy rules if all of the conditions to the exemption are satisfied. In addition, the amendments state that a shareholder, company, or third party acting on behalf of a shareholder or company that establishes, maintains or operates an electronic shareholder forum will not be liable under the federal securities laws for any statement or information provided by another person participating in the forum. Therefore, the amendments remove legal ambiguity that might deter shareholders and companies from energetically pursuing this mode of communication.

DATES: Effective Date: February 25, 2008.
