

invention.nasa.gov. This website has been created to help NASA employees and parties under NASA funding agreements (i.e., contracts, grants, cooperative agreements, and subcontracts) to report new technology and patent notification directly, via a secure Internet connection, to NASA.

III. Data

Title: Patents—Grants and Cooperative Agreements.

OMB Number: 2700–0048.

Type of review: Extension of currently approved collection.

Affected Public: Business or other for-profit, not-for-profit institutions, Federal Government, and State, Local or Tribal Government.

Estimated Number of Respondents: 5451.

Estimated Time per Response: 4,361 negative responses/0.166 Hour, 1090 responses/8 Hours.

Estimated Total Annual Burden Hours: 9,444.

Estimated Total Annual Cost: \$0.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Gary Cox,

Executive Officer.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (08–009)]

Aerospace Safety Advisory Panel; Meeting

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92–463, as amended, the National Aeronautics and Space Administration announce a forthcoming meeting of the Aerospace Safety Advisory Panel.

DATES: Wednesday, 1 p.m. to 3 p.m. Eastern Daylight Time.

ADDRESSES: 100 Spaceport Way, Cape Canaveral, FL 32920 (Florida Space Authority).

FOR FURTHER INFORMATION CONTACT: Ms. Kathy Dakon, Aerospace Safety Advisory Panel Executive Director, National Aeronautics and Space Administration, Washington, DC 20546, (202) 358–0732.

SUPPLEMENTARY INFORMATION: The Aerospace Safety Advisory Panel will hold its 1st Quarterly Meeting for 2008. This discussion is pursuant to carrying out its statutory duties for which the Panel reviews, identifies, evaluates, and advises on those program activities, systems, procedures, and management activities that can contribute to program risk. Priority is given to those programs that involve the safety of human flight.

The agenda will include Safety Organization and Management, Human Capital, and Constellation Program Safety.

The meeting will be open to the public up to the seating capacity of the room. Seating will be on a first-come basis. Please contact Ms. Susan Burch on (202) 358–0550 at least 48 hours in advance to reserve a seat. Visitors will be requested to sign a visitor's register.

Photographs will only be permitted during the first 10 minutes of the meeting. During the first 30 minutes of the meeting, members of the public may make a 5-minute verbal presentation to the Panel on the subject of safety in NASA. To do so, please contact Ms. Susan Burch on (202) 358–0914 at least 48 hours in advance. Any member of the public is permitted to file a written statement with the Panel at the time of the meeting. Verbal presentations and written comments should be limited to the subject of safety in NASA.

Dated: January 17, 2008.

P. Diane Rausch,

*Advisory Committee Management Officer,
National Aeronautics and Space Administration.*

BILLING CODE 7510–13–P

NUCLEAR REGULATORY COMMISSION

Entergy Nuclear Fitzpatrick, LLC, and Entergy Nuclear Operations, Inc., James A. Fitzpatrick Nuclear Power Plant; Notice of Availability of the Final Supplement 31 to the Generic Environmental Impact Statement for License Renewal of Nuclear Plants, Regarding the License Renewal of James A. Fitzpatrick Nuclear Power Plant, Docket No. 50–333

Notice is hereby given that the U.S. Nuclear Regulatory Commission (NRC, Commission) has published a final site-specific supplement to the “Generic Environmental Impact Statement for License Renewal of Nuclear Plants (GEIS),” NUREG–1437, regarding the renewal of operating license DPR–59 for an additional 20 years of operation for the James A. FitzPatrick Nuclear Power Plant (JAFNPP). JAFNPP is located on Lake Ontario in Oswego County, approximately seven miles northeast of the City of Oswego, New York. Possible alternatives to the proposed action (license renewal) include no action and reasonable alternative energy sources.

As discussed in Section 9.3 of the final Supplement 31, based on: (1) The analysis and findings in the GEIS; (2) the Environmental Report submitted by Entergy Nuclear FitzPatrick, LLC, and Entergy Nuclear Operations, Inc.; (3) consultation with Federal, State, and local agencies; (4) the NRC staff's own independent review; and (5) the NRC staff's consideration of public comments, the recommendation of the staff is that the Commission determine that the adverse environmental impacts of license renewal for JAFNPP are not so great that preserving the option of license renewal for energy-planning decision makers would be unreasonable.

The final Supplement 31 to the GEIS is publicly available at the NRC Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852, or from the NRC's Agencywide Documents Access and Management System (ADAMS).

The ADAMS Public Electronic Reading Room is accessible at <http://adamswebsearch.nrc.gov/dologin.htm>. The Accession Number for the final Supplement 31 to the GEIS is ML080170183. Persons who do not have access to ADAMS, or who encounter problems in accessing the documents located in ADAMS, should contact the NRC's PDR reference staff by telephone at 1–800–397–4209, or 301–415–4737, or by e-mail at pdr@nrc.gov. In addition, the libraries: Penfield Library SUNY,

7060 State Route 104, Oswego, New York 13126 and Oswego Public Library, 140–142 East Second Street, Oswego, New York 13126 have agreed to make the final supplement to the GEIS available for public inspection.

For Further Information Contact: Ms. Jessie M. Muir, Projects Branch 2, Division of License Renewal, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Mail Stop O–11F1, Washington, DC 20555–0001. Ms. Muir may be contacted by telephone at 1–800–368–5642, extension 0491 or via e-mail at jmm7@nrc.gov.

Dated at Rockville, Maryland, this 18th day of January 2008.

For the Nuclear Regulatory Commission.

Bo Pham,

Acting Branch Chief, Projects Branch 2, Division of License Renewal, Office of Nuclear Reactor Regulation.

BILLING CODE 7590–01–P

NUCLEAR REGULATORY COMMISSION

[Docket No. 40–9073]

Notice of License Application Request of Energy Metals Corporation, Casper, WY and Opportunity To Request a Hearing

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of license application, and opportunity to request a hearing.

DATES: A request for a hearing must be filed by March 25, 2008.

FOR FURTHER INFORMATION CONTACT: Paul Michalak, Hydrogeologist, Uranium Recovery Licensing Branch, Division of Waste Management and Environmental Protection, Office of Federal and State Materials and Environmental Management Programs, U.S. Nuclear Regulatory Commission, Washington, DC, 20555. Telephone: (301) 415–7612; fax number: (301) 415–5955; e-mail: pxm2@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

By letter dated October 2, 2007, Energy Metals Corporation—US (EMC), submitted a Source Materials License Application to the Nuclear Regulatory Commission (NRC) for the Moore Ranch Uranium Project in Campbell County, Wyoming. The Moore Ranch Uranium Project would involve the recovery of uranium by in situ leach (ISL) extraction techniques.

An NRC administrative review, documented in a letter to EMC dated December 20, 2007, found the application acceptable to begin a technical review (Adams Accession No. ML073511649). Before approving the license application, the NRC will need to make the findings required by the Atomic Energy Act of 1954, as amended, and NRC's regulations.

These findings will be documented in a Safety Evaluation Report (SER) and a site-specific environmental review consistent with the provisions of 10 CFR Part 51.

II. Opportunity to Request a Hearing

The NRC hereby provides notice that this is a proceeding on an application for a source materials license regarding EMC's proposal to construct and operate the Moore Ranch Uranium Project ISL uranium extraction facility in Campbell County, Wyoming. Any person whose interest may be affected by this proceeding, and who desires to participate as a party, must file a request for a hearing and a specification of the contentions which the person seeks to have litigated in the hearing, in accordance with the NRC E-Filing rule, which the NRC promulgated in August 2007, 72 FR 49139 (Aug. 28, 2007). The E-Filing rule requires participants to submit and serve documents over the internet or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least five (5) days prior to the filing deadline, the petitioner/requester must contact the Office of the Secretary by e-mail at HEARINGDOCKET@NRC.GOV, or by calling (301) 415–1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances in which the petitioner/requestor (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each petitioner/requester will need to download the Workplace Forms Viewer™ to access the Electronic Information Exchange (EIE), a component of the E-Filing system. The Workplace Forms Viewer™ is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>. Information about applying for a digital ID certificate is available on NRC's

public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>.

Once a petitioner/requester has obtained a digital ID certificate, has a docket created, and downloaded the EIE viewer, it can then submit a request for hearing or petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the filer submits its documents through EIE. To be timely, an electronic filing must be submitted to the EIE system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an e-mail notice confirming receipt of the document. The EIE system also distributes an e-mail notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically may seek assistance through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html>, or by calling the NRC technical help line, which is available between 8:30 a.m. and 4:15 p.m., Eastern Time, Monday through Friday. The help line number is (800) 397–4209 or locally, (301) 415–4737.

Participants who believe that they have good cause for not submitting documents electronically must file a motion, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland, 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this
