

Research, telephone (202) 708-0590. Questions about disaster-related FMR exceptions should be referred to the respective local HUD office. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Information Relay Service at (800) 877-8339. (Other than the HUD USER information line and TTY numbers, telephone numbers are not toll-free.)

Background

The coastal Mississippi rental housing markets identified in this notice experienced enormous impacts from Hurricane Katrina, with the loss of many rental housing units. On December 1, 2007, HUD took over day-to-day management of rental assistance payments for the 28,000 households in rental housing still displaced due to Hurricanes Katrina and Rita. Beginning January 2008, HUD will begin working with FEMA to transition eligible families out of travel trailers and into rental housing in the private market.

On March 1, 2008, the level of subsidy will begin to be reduced, which will gradually lead families toward independence. Program participants will pay a portion of the cost, which will begin at \$50 per month and incrementally increase each month thereafter until the program concludes

on March 1, 2009. Residents in the program will also receive case management services coordinated by PHAs to help them get back on their feet, including financial education, job training or other social services.

Families and individuals in the program will be given complete information, supportive services, resources and ample time to prepare themselves for the end of temporary, subsidized housing. Seniors and the disabled whose primary source of income is Supplemental Security Income or other fixed income that make them eligible to receive assistance under existing HUD programs will be protected. HUD, through its network of PHAs, will actively work to transition these individuals into its existing programs.

Although new rental stock is being built in the affected areas, it will take some time for sufficient numbers of units to be completed to stabilize the market. Many single-family homes in the Gulfport-Biloxi, MS, and Pascagoula, MS, areas that accepted vouchers were wiped out by Katrina and have not been rebuilt. The tight rental market has significantly increased pressure on rents in these two areas of Mississippi. High hazard insurance rates have sharply increased homeowners' and landlords' monthly insurance costs.

Although the state has provided the State Wind Pool insurance to provide coverage to owners, this insurance is often two-to-three times higher than what was previously paid.

American Community Survey data for 2006 show that rents in these areas have increased substantially since 2005. These results are supported by extensive field work by HUD economists who have been researching local market conditions. In order to ensure the successful operation of HUD's regular voucher program as well as HUD's new responsibilities under the expanded Disaster Housing Assistance Program on the Mississippi Gulf Coast, HUD is increasing the Gulfport-Biloxi and Pascagoula fiscal year (FY) 2008 FMRs by 20 percent, effective immediately. The FMR increases provided, in combination with the continuation of flexibility for Public Housing Authorities to set payment standards up to 120 percent of FMR without HUD approval, are believed adequate to reflect current market circumstances and should cover at least part of the expected additional rent increases anticipated this year. The Department will continue to monitor this situation and modify FMRs if significant further rent increases occur.

The FY2008 FMRs for the affected areas are increased as follows:

2008 Fair market rent areas	Number of bedrooms				
	0	1	2	3	4
Gulfport-Biloxi, MS MSA	\$655	\$695	\$811	\$1,057	\$1,086
Pascagoula, MS MSA	563	643	773	1,064	1,141

Dated: January 25, 2008.

Darlene F. Williams,
Assistant Secretary for Policy Development and Research.

BILLING CODE 4210-67-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5130-N-20]

Privacy Act of 1974; Notice of a Computer Matching Program Between the U.S. Department of Housing and Urban Development (HUD) and the U.S. Small Business Administration (SBA)

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice of a Computer Matching Program between HUD and the SBA.

SUMMARY: In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), as

amended by the Computer Matching and Privacy Protection Act of 1988, as amended, (Pub. L. 100-503), and the Office of Management and Budget (OMB) Guidelines on the Conduct of Matching Programs (54 FR 25818 (June 19, 1989)), and OMB Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management (OMB), Congress and the Public," HUD is issuing a public notice of its intent to conduct a recurring computer matching program with the SBA to utilize a computer information system of HUD, the Credit Alert Interactive Voice Response System (CAIVRS), with SBA's debtor files. HUD has revised the "records to be matched" section of this notice to reflect the new HUD Privacy Act Systems of Records involved in the matching program. This update does not change the authority and the objectives of the existing HUD and SBA matching program.

DATES: Effective Date: The effective date of the matching program shall begin March 3, 2008 or at least 40 days from the date copies of the signed (by HUD and SBA's Data Integrity Boards (DIBs) computer matching agreement are sent to the Office of Management and Budget (OMB) and Congress, whichever is later, providing no comments are received which would result in a contrary determination.

Comments Due Date: March 3, 2008.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410. Communications should refer to the above docket number and title. A copy of each communication submitted will be available for public inspection and

copying between 8 a.m. and 5 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT:

Contact the "Recipient Agency" Departmental Privacy Act Officer, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 4156, Washington, DC 20410, telephone number (202) 619-9057 or the "Source Agency" Chief Portfolio Management Division, Small Business Administration, 409 Third Street, SW., Suite 8300, Washington, DC 20416, telephone number (202) 205-7543. [These are not toll-free numbers.] A telecommunication device for hearing- and speech-impaired individuals (TTY) is available at (800) 877-8339 (Federal Information Relay Service).

SUPPLEMENTARY INFORMATION: HUD's CAIVRS database includes delinquent debt information from the Departments of Education, Veterans Affairs, Justice and the United States Department of Agriculture. This match will allow prescreening of applicants for debts owed to or loans guaranteed by the Federal government to ascertain if the applicant is delinquent in paying a debt owed to or insured by the Federal government for HUD or SBA direct or guaranteed loans.

Before rating a loan, the lending agency and/or the authorized lending institution will be able to interrogate the CAIVRS debtor file which contains the Social Security Numbers (SSNs) of HUD's delinquent debtors and defaulters and defaulted debtor records of the SBA and verify that the loan applicant is not in default or delinquent on direct or guaranteed loans of participating federal programs of either agency. As a result of the information produced by this match, the authorized users may not deny, terminate, or make a final decision concerning any loan assistance to an applicant or take other adverse action against such applicant, until an officer or employee of such agency has independently verified such information.

Reporting of Matching Program

In accordance with Public Law 100-503, the Computer Matching and Privacy Protection Act of 1988, as amended, and Office of Management and Budget Bulletin 89-22, "Instructions on Reporting Computer Matching Programs to the Office of Management and Budget (OMB), Congress and the Public," copies of this notice and report are being provided to the Committee on Government Reform of the House of Representatives, the Committee on Homeland Security and

Governmental Affairs of the Senate, and the Office of Management and Budget.

Authority

The matching program will be conducted pursuant to Public Law 100-503, "The Computer Matching and Privacy Protection Act of 1988," as amended, and Office of Management and Budget (OMB) Circular A-129 (Revised November 2000), Policies for Federal Credit Programs and Non-Tax Receivables. One of the purposes of all Executive departments and agencies—including HUD—is to implement efficient management practices for Federal credit programs. OMB Circular A-129 was issued under the authority of the Budget and Accounting Act of 1921, as amended; the Budget and Accounting Act of 1950, as amended; the Debt Collection Act of 1982, as amended by the Debt Collection Improvement Act of 1996; Section 2653 of Public Law 98-369; the Federal Credit Reform Act of 1990, as amended; the Federal Debt Collection Procedures Act of 1990, the Chief Financial Officers Act of 1990, as amended; Executive Order 8248; the Cash Management Improvement Act Amendments of 1992; and pre-existing common law authority to charge interest on debts and to offset payments to collect debts administratively.

Objectives To Be Met by the Matching Program

The matching program will allow SBA access to a system which permits prescreening of applicants for loans owed to or guaranteed by the Federal government to ascertain if the applicant is delinquent in paying a debt owed to or insured by the Government. In addition, HUD will be provided access to SBA debtor data for prescreening purposes.

Records To Be Matched

HUD will use records from its systems of records entitled, Single Family Insurance System CLAIMS Subsystem (HUD/SFH-02); Single Family Default Monitoring System (HUD/SFH-03); Single Family Mortgage Notes (HUD/HS-57); and the Debt Collection Asset Management System (HUD/HS-55). The debtor files for programs involved are included in these systems of records. HUD's debtor files contain information on borrowers and co-borrowers who are currently in default (at least 90 days delinquent on their loans or who have had their partial claim subordinate mortgage called due and payable and it has not been repaid in full); or who have any outstanding claims paid during the last three years on a Title II insured or guaranteed home mortgage loans; or

individuals who had a claim paid in the last three years on a Title I loan.

The SBA will provide HUD with debtor files contained in its system of records entitled, Loan Case File, SBA 075. HUD is maintaining SBA's records only as a ministerial action on behalf of SBA, not as a part of HUD's system of records noted above. SBA's data contain information on individuals who have defaulted on their guaranteed loans. The SBA will retain ownership and responsibility for their system of records that they place with HUD. HUD serves only as a record location and routine use recipient for SBA's data.

Notice Procedures

HUD and the SBA will notify individuals at the time of application (ensuring that "routine use" appears on the application form) for guaranteed or direct loans that their records will be matched to determine whether they are delinquent or in default on a Federal debt. HUD and the SBA will also publish notices concerning routine use disclosures in the **Federal Register** to inform individuals that a computer match may be performed to determine a loan applicant's credit status with the Federal government.

Categories of Records/Individuals Involved

The debtor records include these data elements: SSN, claim number, program code, and indication of indebtedness. Categories of records include: Records of claims and defaults, repayment agreements, credit reports, financial statements, and records of foreclosures. Categories of individuals include: HUD records cover former mortgagors and purchasers of HUD-owned properties, and home improvement loan debtors who are delinquent or in default (at least 90 days delinquent on their loans or who have had their partial claim subordinate mortgage called due and payable and it has not been paid in full); or who have any outstanding claims paid during the last three years on a Title II insured or guaranteed home mortgage loans; or individuals who have a claim paid in the last three years on a Title I loan. SBA records cover former borrowers and purchasers who have defaulted on business loans (including disaster business) loan/guarantors that have received 60-day notification letters that their obligations may be referred to Treasury for offset or cross-servicing.

Period of the Match

Matching is expected to begin at least 40 days from the date copies of the signed (by HUD and SBA's DIBs) computer matching agreement are sent

to Congress and OMB or at least 30 days from the date this notice is published in the **Federal Register**, whichever is later, providing no comments are received which would result in a contrary determination.

The matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other in writing to terminate or modify the agreement.

Dated: January 18, 2008.

Stanley Buch,

Acting Deputy Chief Information Officer.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[1220-AL]

Notice of Availability of Truckhaven Geothermal Leasing Area Final Environmental Impact Statement, California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (NEPA, 42 U.S.C. 4321 *et seq.*) and the Federal Land Policy and Management Act of 1976 (FLPMA, 43 U.S.C. 1701 *et seq.*), the Bureau of Land Management (BLM) has prepared a Final Environmental Impact Statement (EIS) for the Truckhaven Geothermal Leasing Area, Imperial County, managed by the El Centro Field Office.

DATES: BLM will issue a Record of Decision (ROD) 30 days after the date of publication of this notice (40 CFR 1506.10(b)(2)).

ADDRESSES: A copy of the FEIS has been sent to affected Federal, State, and local government agencies and interested parties. The document will be available electronically at the following Truckhaven Geothermal Leasing Area, Imperial County EIS Web site: <http://www.ca.blm.gov/elcentro>. Copies of the FEIS will be available for public inspection at the following locations:

- Bureau of Land Management, California State Office, 2800 Cottage Way, Suite W-1834, Sacramento, CA 95825.
- Bureau of Land Management, El Centro Field Office, 1661 S. 4th Street, El Centro, CA 92243.
- Bureau of Land Management, California Desert District, 22835 Calle

San Juan De Los Lagos, Moreno Valley, CA 92553

FOR FURTHER INFORMATION CONTACT:

John Dalton, Truckhaven Geothermal Leasing Area EIS Project Manager, at (951) 691-5200, Bureau of Land Management, 22835 Calle San Juan De Los Lagos, Moreno Valley, CA 92553; john_dalton@ca.blm.gov.

SUPPLEMENTARY INFORMATION: The Truckhaven Geothermal Leasing Area encompasses approximately 14,731 acres of Federal minerals in western Imperial County, California, north of State Route 78 and generally west and south of County Highway S-22. The area is part of the California Desert Conservation Area. The main issues addressed in the Final EIS are geothermal resource leasing, recreation, and special status species. Three alternatives are analyzed in the Final EIS: (1) No action, which would not lease any geothermal resources; (2) leasing only lands with existing noncompetitive lease applications; and (3) the proposed action, which would offer all BLM managed lands within this area for lease, subject to certain stipulations and mitigation measures to be applied at the development stage. Comments on the Truckhaven Geothermal Leasing Area Draft EIS received from the public and via internal BLM review were incorporated into the Final EIS. These comments resulted in corrections, clarifying text, and the addition of new data used in the analysis of impacts. The Final EIS includes measures to mitigate impacts to off-highway vehicle restriction. The Final EIS addresses comprehensive, long-range decisions for the use and management of geothermal resources in the planning area and management of other resources and uses potentially affected by geothermal resource management decisions. The reasonable foreseeable development scenario for the area projects a potential for two 25-Megawatt geothermal power plants, with a total surface disturbance of 502.25 acres of the 14,731 acres proposed for leasing that are administered by the BLM. The ROD for this project will address only BLM's decisions for public lands and resources administered by the BLM.

Alan Stein,

Acting Field Manager.

[MT-066-07-1610-DQ-024E]

Notice of Availability of Proposed Resource Management Plan and Final Environmental Impact Statement for the Upper Missouri River Breaks National Monument, Montana

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (NEPA, 42 U.S.C. 4321 *et seq.*) and the Federal Land Policy and Management Act of 1976 (FLPMA, 43 U.S.C. 1701 *et seq.*), the Bureau of Land Management (BLM) has prepared a Proposed Resource Management Plan (PRMP) and Final Environmental Impact Statement (EIS) for the Upper Missouri River Breaks National Monument.

DATES: The BLM Planning Regulations (43 CFR 1610.5-2) state that any person who participated in the planning process, and has an interest which is or may be adversely affected, may protest the BLM's approval of an RMP. Protests must be filed within 30 days of the date that the Environmental Protection Agency publishes its Notice of Availability in the **Federal Register**. Instructions for filing protests are described in the Dear Reader letter of the Proposed RMP and Final EIS for the Upper Missouri River Breaks National Monument and in the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Jerry Majerus, RMP Project Manager, Bureau of Land Management, 920 Northeast Main Street, P.O. Box 1160, Lewistown, MT 59457; or by telephone at (406) 538-1924.

SUPPLEMENTARY INFORMATION: The Upper Missouri River Breaks National Monument is located in northcentral Montana in Blaine, Chouteau, Fergus, and Phillips Counties. The planning area addressed in the Proposed RMP comprises about 375,000 acres of public land and 42,800 acres of existing oil and gas leases administered by the BLM Lewistown Field Office. The State of Montana and Blaine, Chouteau, Fergus, and Phillips Counties participated in development of the plan as cooperating agencies. The Proposed RMP and Final EIS were developed through collaborative planning and consider six alternatives. The Proposed RMP and Final EIS address the following six major questions: (1) How will human
