INC., 801 7th Avenue, SW., Calgary, AB T2P 3P7 Canada.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by DOE that the proposed action will not adversely impact on the

reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://www.oe.energy.gov/permitting/electricity_imports_exports.htm, or by e-mailing Odessa Hopkins at Odessa.hopkins@hq.doe.gov.
