

multiplied by 19 trading days, resulting in a subsidy of \$190.¹⁴

When computing the threshold amounts, the Exchange intends to first count all customer-to-customer transactions and then all other customer-to-non-customer transactions.¹⁵

The Exchange also proposes to eliminate the floor brokerage assessment that is set forth on the Exchange's fee schedule in several places, specifically the Summary of Equity Option and RUT and RMN Charges, the Summary of Index Option Charges, the Summary of U.S. Dollar-Settled Foreign Currency Option Charges, and the Summary of Physical Delivery Currency Option Charges.

The Exchange states that purpose of providing for a subsidy and deleting the floor brokerage assessment is to attract additional floor brokerage business to the Exchange, which should, in turn, attract more consistent liquidity as the Exchange's market share increases. The purpose of deleting the floor brokerage assessment on the Summary of Physical Delivery Currency Option Charges is to delete a fee that is deemed no longer necessary by the Exchange at this time.¹⁶

¹⁴ This example assumes that the threshold requirements have been met and the average daily customer-to-customer transactions are less than 75,001 contracts, which means that the subsidy will be paid starting with contract 75,001. To illustrate a subsidy covering two tiers, (again assuming the threshold requirements have been met (2,200,000 eligible contracts/20 days = 110,000, the average daily contract volume) and the average daily customer-to-customer transactions are less than 75,001 contracts), if a member organization has 2,200,000 eligible contracts in a month with 20 trading days, that member organization would receive \$0.01 per contract on 25,000 customer-to-non-customer contracts multiplied by 20 trading days, with the remaining 10,000 contracts receiving \$0.04 per contract multiplied by 20 trading days. Thus, that member organization would receive a subsidy for that month totaling \$13,000. To further illustrate the impact of customer-to-customer volume, assuming the threshold requirements have been met and the average daily customer-to-customer transactions are 85,000 contracts, if a member organization has 2,200,000 eligible contracts in a month with 20 trading days, that member organization would receive \$0.01 per contract on 15,000 customer-to-non-customer contracts multiplied by 20 trading days, with the remaining 10,000 contracts receiving \$0.04 per contract multiplied by 20 trading days. Thus, that member organization would receive a subsidy for that month totaling \$11,000.

¹⁵ The exchange believes that this method of calculation should therefore help member organizations with Exchange registered floor brokers to maximize the subsidy that is paid to them because customer-to-customer transactions will help the member organization reach the threshold requirements and then qualifying transactions after the threshold requirements are met will be paid the applicable per contract subsidy. See footnotes 13 and 14 above for specific examples.

¹⁶ To clarify, the floor broker subsidy set forth in this proposal does not apply to the physical

The Exchange represents that this proposal should not adversely affect its commitment of resources to its regulatory oversight program.

DEPARTMENT OF STATE

[Public Notice 6092]

Bureau of Educational and Cultural Affairs (ECA)

Request for Grant Proposals: Summer Institute for European Student Leaders.

Announcement Type: New Cooperative Agreement.

Funding Opportunity Number: ECA/A/E/EUR 08-04.

Catalog of Federal Domestic Assistance Number: 00.000.

Key Dates: May 7, 2008-January 1, 2009.

¹⁹ 17 CFR 200.30-3(a)(12).

Application Deadline: March 17, 2008.

Executive Summary: The Office of Academic Exchange Programs, European and Eurasian Programs Branch (ECA/A/E/EUR) announces an open competition for a five-week Summer Institute for European Student Leaders. Accredited, post-secondary educational institutions in the United States may submit proposals to administer the program.

The Summer Institute for European Student Leaders will offer a group of twenty young Europeans from a broad range of ethnic, religious and socio-economic backgrounds the opportunity to learn about the United States and build leadership skills during a five-week program on an American campus. The Fulbright Commissions in Denmark, France, the Netherlands, Norway, Portugal, Spain, Sweden, and the United Kingdom will recruit participants who are first- or second-year undergraduate students or recent high school graduates who will enter university in fall 2008. The goals of the Institute are to promote study and learning about the United States, leadership development, and civic engagement through academic coursework and participatory activities that will serve the participants in their academic and professional careers and to promote mutual understanding between the United States and their home countries. ECA anticipates that program dates will be for the approximate period of July 13–August 16, 2008.

I. Funding Opportunity Description

Authority: Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87–256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is “to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world.” The funding authority for the program above is provided through legislation.

Purpose: The purpose of the Summer Institute for European Student Leaders is to provide undergraduate students from a broad range of ethnic, religious, geographic, and socioeconomic backgrounds, the opportunity to learn about the United States and to

participate in coursework that will serve them well in their academic and professional careers. The program will allow participants to explore the concepts of leadership and civic engagement from American perspectives. Please refer to the Project Objectives, Goals, and Implementation (POGI) document for the complete program description.

Guidelines: The program should be designed to support the following components:

(a) An academic program that will introduce participants to the important events, people, and documents that have shaped the United States and contemporary American life. The host institution is encouraged to identify or develop an academic course that Institute participants can take together with American students at the university.

(b) A cultural component that complements and reinforces the academic component. Activities should include visits to historical and cultural sites of interest and participation in extra-curricular activities that will allow an optimal level of interaction with American peers. This component should include plans for participants to be engaged in a community service activity one to two hours per week.

(c) An English language component designed to strengthen the English proficiency of all participants. While all program activities should aim to promote English-language learning, preparations should be in place to assist students through one-on-one or small group tutorials. Institute participants will be required to take the Oral Proficiency Interview (OPI) administered by American Council on the Teaching of Foreign Languages (ACTFL). The host institution will work with ACTFL to administer the OPI to participants before they depart Europe for the United States. The one-on-one and/or small group tutorials should be held at least three times a week throughout the duration of the Institute and will be mandatory for those participants deemed to require additional language instruction based on the OPI assessment.

(d) A U.S. student mentor program. The host institution should retain four qualified U.S. mentors/escorts (upper division or graduate students) who exhibit cultural sensitivity and an understanding of the Institute’s objectives to serve as cultural interpreters and accompany the participants throughout the program. The mentors should reside in the dormitories or other campus housing with the participants.

Applicants should take into account that the participants may not be familiar with the American student-centered classroom approach and will have varying degrees of experience in expressing their opinions in a classroom environment. All aspects of the Institute program should be designed to encourage the students to interact with each other and American counterparts.

ECA anticipates that the participants will travel to the United States and directly to the host institution campus on approximately Sunday, July 13, 2008, and depart for Europe from Washington, DC, on Thursday, August 14, 2008. Round-trip international travel will be booked and paid for by the participating Fulbright Commissions.

Please note that in a cooperative agreement, ECA/A/E/EUR is substantially involved in program activities above and beyond routine grant monitoring. ECA/A/E/EUR’s activities and responsibilities for this program are as follows:

- ECA will select participants who are nominated by the participating Fulbright Commissions.
- ECA will facilitate sending pre-arrival orientation materials electronically to participants via the participating Fulbright Commissions.
- ECA will enroll all participants in the Accident and Sickness and Sickness Program for Exchanges (ASPE). This health benefits program will be of no cost to the host institution. The participants will be responsible for the co-pays for medical treatment.
- ECA will issue DS–2019s for the participants to enter the United States on J-visas.
- ECA will organize a debriefing session in Washington, DC, at the conclusion of the Institute. All costs for the debriefing (travel to Washington, lodging, meals) will be the responsibility of the host institution and should be included in the proposal budget.
- ECA will provide the host institution with biographical information about the participants and their travel itineraries.
- ECA will be available to provide additional guidance and consultation.

Proposal Contents: Applicants should submit a complete and thorough proposal describing the program in a convincing and comprehensive manner. Since there is no opportunity for applicants to meet with reviewing officials, the proposal should respond to the criteria set forth in the solicitation and other guidelines as clearly as possible.

II. Award Information

Type of Award: ECA's level of involvement in this program is listed under number I above.

Fiscal Year Funds: 2008.

Approximate Total Funding: \$180,000.

Approximate Number of Awards: 1.

Anticipated Award Date: May 7, 2008.

Anticipated Project Completion Date: January 1, 2009.

Additional Information: Pending successful implementation of this program and the availability of funds in subsequent fiscal years, it is ECA's intent to renew this grant for two additional fiscal years, before openly competing it again.

III. Eligibility Information

III.1. Eligible applicants: Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3).

III.2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved grant agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements

(a) Bureau grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$60,000 in Bureau funding. ECA anticipates awarding one grant, in an amount up to \$180,000 to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years experience in

conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1 ADHERENCE TO ALL REGULATIONS GOVERNING THE J VISA

The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by grantees and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements. ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is

available at <http://exchanges.state.gov> or from:

United States Department of State, Office of Exchange Coordination and Designation, ECA/EC/ECD—SA—44, Room 734, 301 4th Street, SW., Washington, DC 20547, Telephone: (202) 203-5029, FAX: (202) 453-8640.

Please refer to Solicitation Package for further information.

IV.3d.2 Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. "Diversity" should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities.

Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the 'Support for Diversity' section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3d.3 Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the grantee will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure

gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program *outputs* and *outcomes*. *Outputs* are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. *Outcomes*, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. Participant satisfaction with the program and exchange experience.
2. Participant learning, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. Participant behavior, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. Institutional changes, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and

institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Grantees will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3e. Please take the following information into consideration when preparing your budget:

IV.3e.1. Applicants must submit a comprehensive budget for the entire program. Budget requests may not exceed \$180,000. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

IV.3g. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

V. Application Review Information

V.1. Review Process

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for cooperative agreements resides with the Bureau's Grants Officer.

Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. *Quality of Program Idea/Plan:* Your proposal should exhibit originality,

substance, precision, and relevance to the Bureau's mission. Detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity.

2. *Ability To Achieve Overall Program Objectives:* Objectives should be reasonable, feasible, and flexible. Your proposal should clearly demonstrate how the institution will meet the program's objectives and plan.

3. *Support for Diversity:* Your proposal should demonstrate substantive support of the Bureau's policy on diversity. Achievable and relevant features should be cited in both program administration (selection of presenters, program venue and program evaluation) and program content (orientation and wrap-up sessions, program meetings and resource materials).

4. *Evaluation and Follow-Up:* Your proposal should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. Your proposal should also discuss provisions made for follow-up with returned grantees as a means of establishing longer-term individual and institutional linkages.

5. *Cost-effectiveness/Cost-sharing:* The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Your proposal should maximize cost-sharing through other private sector support as well as institutional direct funding contributions.

6. *Institutional Track Record/Ability:* Your proposal should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants. Proposed personnel and institutional resources should be fully qualified to achieve the project's goals.
