Policy Regarding Airport Rates and Charges; Extension of Comment Period

AGENCY: Department of Transportation, Office of the Secretary and Federal Aviation Administration.

ACTION: Notice of proposed amendment to policy statement; extension of comment period.

SUMMARY: This action extends the comment period for a proposed amendment to the "Policy Regarding the Establishment of Airport Rates and Charges" that was published on January 17, 2008. In that document, the Department of Transportation ("Department") and the Federal Aviation Administration (FAA) proposed to amend the "Policy Regarding the Establishment of Airport Rates and Charges" published in the **Federal Register** on June 21, 1996 ("1996 Rates and Charges Policy"). The Department and the FAA proposed three amendments to the 1996 Rates and Charges Policy (two modifications and one clarification). These amendments are intended to provide greater flexibility to operators of congested airports to use landing fees to provide incentives to air carriers to use the airport at less congested times or to use alternate airports to meet regional air service needs. Any charges imposed on international operations must also comply with the international obligations of the United States. This extension is a result of a request from the Air Transport Association of America, Inc., the Cargo Airline Association, the National Air Carrier Association, and the Regional Airline Association on behalf of their members, to extend the comment period for thirty days.

DATES: The comment period for the Notice of proposed amendment to Policy Regarding the Establishment of Airport Rates and Charges published on January 17, 2008 (73 FR 3310) was scheduled to close on March 3, 2008, and is extended until April 3, 2008.

Under subsection (b) of this section, the Secretary of Transportation is required to publish publishing policy statements establishing standards or guidelines the Secretary will use in determining the reasonableness of airport fees charged to airlines under Section 47129.

Background

On January 17, 2008, the Department of the FAA issued Notice of proposed amendment to the Policy Regarding the Establishment of Airport Rates and Charges Docket No. FAA-2008-0036, (73 FR 3310). Comments to that document were to be received on or before March 3, 2008.

By a letter dated January 30, 2008 the Air Transport Association of America, Inc. (ATA), the Cargo Airline Association (CAA), the National Air Carrier Association (NACA), and the Regional Airline Association (RAA), on behalf of their members, requested that the comment period for Docket 2008-0036 be extended until April 3, 2008. Industry trade groups expressed concern that critical pieces of information were missing from the January 17, 2008, notice that are essential to a full assessment of the impact of the proposed policy. The following information has been added to the docket: the list of secondary airports eligible for inclusion in the rate base (FAA Docket 2008-0036.0007.1); the list of congested airports (based on 1% of delays) (FAA Docket 2008-0036-0008.1); the list of airports from the Benchmark report (FAA Docket 2008-0036-0009.1). ATA, CAA, NACA and RAA requested an extension of the comment period by 30 days to provide sufficient time to more fully develop comments reflecting the views of the industry stakeholders.

The Department and the FAA concur with the petitioners' requests for an extension of the comment period on FAA Docket 2008-0036 and believe an additional 30 days should be adequate to provide more complete and meaningful comment.

Extension of Comment Period

In accordance with § 11.47(c) of title 14, Code of Federal Regulations, the Department of the FAA have reviewed the petitions made by the Air Transport Association of America, Inc. (ATA), the Cargo Airline Association (CAA), the National Air Carrier Association (NACA), and the Regional Airline Association (RAA), on behalf of their members, for extension of the comment period to FAA Docket 2008-0036. These petitioners have shown a substantive interest in the proposed amendment to the 1996 Policy Regarding Airport Rates and Charges and good cause for the extension. The Department and the FAA have determined that extension of the comment period is consistent with the public interest, and that good cause exists for taking this action.

Accordingly, the comment period for FAA Docket 2008-0036 is extended until April 3, 2008.

Issued in Washington, DC, on February 5, 2008.

Rebecca MacPherson,

*Assistant Chief Counsel for Regulations,
Federal Aviation Administration.*
