Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before April 14, 2008.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information

collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: February 6, 2008.

Type of Review: Revision.

Title: Binational Migrant Education Program (BMEP) State MEP Director Survey.

Frequency: Annually.

Affected Public: Federal Government; State, Local or Tribal Govt', SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 833. *Burden Hours:* 417.

Abstract: The U.S. Department of Education (ED) and its Office of Migrant Education (OME) is requesting clearance of a survey of State Directors of the Migrant Education Program (MEP) regarding a survey intended to collect additional data on the binational migrant student population. The collection of information is necessary

due to the following circumstances: The State MEPs need a better understanding of key demographics as well as a better understanding of the special educational needs of the binational migrant student population. The Binational Migrant Education Program (BMEP) is an effort to support the coordination of activities among U.S. States that participate in programs in Mexican States to improve the continuity of educational and educationally-related support services for migrant students who migrate between the two countries.

[Project No. 2232]

Duke Energy Corporation; Notice of Availability of Environmental Assessment

February 6, 2008.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's (Commission) regulations (18 CFR Part 380), Commission staff has reviewed plans, filed May 16, 2007, to perform embankment seismic stability improvement work at Catawba Dam, part of the Catawba-Wateree Project's Bridgewater Development, which is located on the Catawba River in McDowell and Burke counties, North

Carolina. The project occupies nine counties in North Carolina and five counties in South Carolina.

The project licensee, Duke Energy Corporation (Duke Power), plans to add an earthfill berm to the downstream side of the embankment of Catawba Dam because it has been determined that the dam could fail during a seismic event. Accordingly, the Commission required remediation under Part 12 of its regulations. In the environmental assessment (EA), Commission staff has analyzed the probable environmental effects of the proposed work and has concluded that approval, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review at the Commission's Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-2232) in the docket number field to access the document. For assistance, call (202) 502-8222, or (202) 502-8659 (for TTY).
