SUPPLEMENTARY INFORMATION:

I. Background

The ETA 902 Report, Disaster Unemployment Assistance (DUA) Activities, is a monthly report submitted by an impacted state(s) when a major disaster is declared by the President that provides for individual assistance (including DUA). The report contains data on DUA claims and payment activities associated with administering the DUA program. The information is used by ETA's Office of Workforce Security (OWS) to determine workload counts, for example, the number of individuals determined eligible or ineligible for DUA, the number of appeals filed, and the number of overpayments issued. The report also allows OWS to track states' administrative costs for the DUA program(s).

Agency: Veterans' Employment and Training Service.

Type of Review: Revision of currently approved collection.

Title: Federal Contractor Veterans' Report VETS-100/VETS-100A.

OMB Control Number: 1293-0005.

Agency Form Numbers: VETS-100 and VETS-100A.

Affected Public: Private Sector: Business or other for-profit.

Estimated Number of Respondents: 20,000.

Estimated Annual Burden Hours: 156,200.

Estimated Annual Cost Burden: \$0.

Description: The Vietnam Era Veterans' Readjustment Assistance Act of 1974 ("VEVRAA"), 38 U.S.C. 4212(d), requires Federal contractors and subcontractors subject to the Act's affirmative action provisions in 38 U.S.C. 4212(a) to track and report annually to the Secretary of Labor the number of employees in their workforces, by job category and hiring location, who belong to the specified categories of covered veterans. The regulations set forth in 41 CFR part 61-250 currently require contractors to use the Federal Contractor Veterans' Employment Report VETS-100 ("VETS-100 Report") form for reporting information on the number of covered veterans in their workforces. The part 61-250 regulations and the VETS-100 Report apply to contractors with contracts that were entered into before December 1, 2003.

The Jobs for Veterans Act (JVA) (Pub. L. 107-288), which was enacted in 2002, amended VEVRAA by making two changes to the reporting requirements applicable to contracts entered into on or after December 1, 2003. The JVA amendments: (1) Increased from \$25,000 to \$100,000, the dollar amount of the contract that subjects a Federal contractor to the requirement to report on veterans' employment; and (2) changed the categories of covered veterans under VEVRAA, and thus the categories of veterans that contractors are required to track and report on annually.

VETS published a Notice of Proposed Rulemaking (NPRM) published on August 8, 2006, (71 FR 44945), to implement the changes made by JVA to the VEVRAA reporting requirements. The NPRM proposed to adopt a new set of regulations that would be codified in a new 41 CFR part 61-300. In addition, the NPRM proposed to adopt a new form for reporting the information on veterans' employment required by the JVA amendments and name it the Federal Contractor Veterans' Employment Report VETS-100A. The part 60-300 regulations and the VETS-100A Report will apply to contractors with contracts that were entered into or modified on or after December 1, 2003. The information collected is to be used by the Department of Labor for compliance monitoring. For additional information, see related notice

published on October 2, 2007 at 72 FR 56103.

Darrin A. King,

Acting Departmental Clearance Officer.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor. The reporting burden for the collection of information on this request is estimated to vary from 5 minutes to 30 minutes, with an average of 15 minutes, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
