Full Text of Announcement**I. Funding Opportunity Description**

Purpose of Program: The Fund for Improvement of Education (FIE), which is authorized by section 5411 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), supports nationally significant programs to improve the quality of elementary and secondary education at the State and local levels and help all children meet challenging academic content and achievement standards. The Full-Service Community Schools (FSCS) program, which is authorized by FIE, encourages coordination of educational, developmental, family, health, and other services through partnerships between (1) public elementary and secondary schools and (2) community-based organizations and public or private entities. This collaboration will provide comprehensive educational, social, and health services for students, families, and communities.

Priority: We are establishing this priority for the FY 2008 grant competition only in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1).

Absolute Priority: This priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Full-Service Community Schools.

Background: In order for children to be ready and able to learn, they need intellectual, social, physical, and psychological/emotional supports. The National Research Council has cited the presence of these supports as important predictors of future adult success.¹

Comprehensive evaluations of full-service community schools commissioned by the Milton S. Eisenhower Foundation in 2005, indicated that students' needs are better met when the adults responsible for providing services to students come together to deliver those services in a well-coordinated and collaborative manner.

Full-service community schools provide comprehensive academic, social, mental, physical, and vocational programs and services to meet individual, family, and community needs. This priority will support projects that propose to establish, through collaborative efforts among State and local agencies, community service organizations, and parents, full-service community schools offering a range of student services.

Priority: To meet this priority, applicants must propose a project based on scientifically based research—as defined in section 9101(3) of the ESEA—that establishes or expands an FSCS. An FSCS is a public elementary or secondary school that coordinates with community-based organizations and public or private entities to provide students, their families, and the community with access to comprehensive services. These services may include:

1. Early childhood education;
2. Remedial education and academic enrichment activities;
3. Programs that promote parental involvement and family literacy activities;
4. Mentoring and other youth development programs;
5. Parenting education and parent leadership;
6. Community service and service learning opportunities;
7. Programs that provide assistance to students who have been truant, suspended, or expelled;
8. Job training and career counseling services;
9. Nutrition services;
10. Primary health and dental care;
11. Mental health counseling services; and
12. Adult education, including instruction of adults in English as a second language.

Each applicant must propose to provide at least three of the services listed at each participating full-service elementary or secondary school.

Because interagency collaborative efforts are highly complex undertakings and, as such, require extensive planning and communication among partners and key stakeholders, applicants receiving funding under this priority may devote

funds received during the first year of the project period to comprehensive program planning. If a grantee uses the first year's funding for planning, funding received during the remainder of the project period must be devoted to program implementation.

Application Requirements: In order to receive funding, an application must include the following:

1. A list of partner entities that will assist the eligible entity in coordinating or providing services.
2. A memorandum of understanding between the applicant and all partner entities describing the role the partner entities will assume.
3. A description of the capacity of the applicant to provide and coordinate qualified services at an FSCS.
4. A comprehensive plan that includes descriptions of the students, families, and school community to be served, including information about the demographic characteristics and needs of the students, families, and community residents, the estimated number of individuals to be served, and the frequency of services to be provided.
5. A list and description of the qualified services to be provided or coordinated by the eligible entity and its partner entities.

Applications that do not meet these requirements will not be read and will not be considered for funding.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed eligibility requirements, priorities, application requirements, and selection criteria. Section 437(d)(1) of GEPA, however, allows the Secretary to exempt from rulemaking requirements, regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under the No Child Left Behind Act of 2001 and, therefore, qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forgo public comment on the eligibility requirements, priority, application requirements, and selection criteria under section 437(d)(1) of GEPA. The eligibility requirements, priority, application requirements, and selection criteria will apply to the FY 2008 grant competition only.

Program Authority: 20 U.S.C. 7243–7243b.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in

the application package for this competition.

Notice of Intent to Apply: The Department will be able to develop a more efficient process for reviewing grant applications if it has a better understanding of the number of entities that intend to apply for funding under this competition. Therefore, the Secretary strongly encourages each potential applicant to notify the Department by sending a short e-mail message indicating the applicant's intent to submit an application for funding. The e-mail need not include information regarding the content of the proposed application, only the applicant's intent to submit it. This e-mail notification should be sent to FSCS@ed.gov. Applicants that fail to provide this e-mail notification may still apply for funding.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application.

You should limit the application narrative [Part III] to the equivalent of no more than 35 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman or Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the page limit does apply to all of the application narrative section [Part III].

3. *Submission Dates and Times:*

Although we will attempt to meet a request we receive after that date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

Deadline for Transmittal of Applications: April 15, 2008.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 6. *Other Submission Requirements* in this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

Deadline for Intergovernmental Review: June 16, 2008.

4. *Intergovernmental Review:* This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

5. *Funding Restrictions:* We reference regulations outlining funding restrictions in the *Applicable Regulations* section in this notice.

6. *Other Submission Requirements:*

Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. *Electronic Submission of Applications.*

Applications for grants under the FSCS program, CFDA Number 84.215J, must be submitted electronically using the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the FSCS program at <http://www.Grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA

number's alpha suffix in your search (e.g., search for 84.215, not 84.215J).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note

that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424 and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must

obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked

no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Joan Scott-Ambrosio, U.S. Department of Education, 400 Maryland Avenue, SW., room 4W225, Washington, DC 20202-5970. *FAX:* (202) 205-5630.

If your application is postmarked after the application deadline date, we will not consider your application.
