

Evening Scoping Meeting

Date and Time: Tuesday, March 4, 2008, 6:30 p.m.

Location: Auburn Recreation District-Canyon View Community Center.

Scoping Document 1 (SD1), which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 will be available at the scoping meetings, or may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Site Visit

Typically, a site visit is held together with the scoping meeting. However, because most of the project sites will not be accessible in March, the licensees and Commission staff will visit the project sites on Wednesday, June 25, 2008, starting at 8 AM. All participants should meet at Auburn Recreation District Canyon View Community Center, located at 471 Maidu Drive, Auburn, California. Placer County Water Agency will provide transportation for participants. Anyone interested in attending the site visit should contact Mr. Mal Toy of Placer County Water Agency at (530) 823-4889 by June 11, 2008.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe acting as a cooperating agency for development of an environmental document.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in item n. of this document.

Meeting Procedures

The meetings will be recorded by a stenographer and will become part of the formal record of the Commission proceeding on the project.

Kimberly D. Bose,

Secretary.

New Harquahala Generating Company, LLC; Notice of Filing

February 8, 2008.

Take notice that on February 4, 2008, New Harquahala Generating Company, LLC (Harquahala) submitted a request for appeal of a NERC decision regarding Harquahala's registration as a Transmission Owner and Transmission Operator in the NERC Compliance Registry.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket No. CP08-66-000]

Petal Gas Storage, L.L.C.; Notice of Application

February 11, 2008.

Take notice that on January 31, 2008, Petal Gas Storage, L.L.C. (Petal), 1100 Louisiana Street, Houston, Texas, 77002, filed with the Federal Energy Regulatory Commission an abbreviated application pursuant to section 7(c) of the Natural Gas Act (NGA), as amended, and Part 157 of the Commission's regulations for authorization to construct and operate an expansion to the existing Compressor Station No. 3 and two new solution-mined salt dome natural gas caverns and related facilities referred to as the Petal No. 3 Compressor Station Expansion and New Caverns Project.

Petal's proposal would involve the construction and operation of: (1) Two new caverns identified as Cavern Nos. 1 and 2; (2) three new compressor units, totaling 15,000 hp at the existing Petal No. 3 Compressor Station; (3) an additional compressor station control room and related facilities, (4) approximately 2,535 feet of 16-inch-diameter natural gas connecting pipeline; and (5) associated 24-inch-diameter fresh water and brine disposal pipelines, the length of which have not yet been determined. The project would increase the overall capacity of Petal's storage operations by 19.40 Bcf of natural gas, 10 Bcf of which would be working gas. All of the proposed facilities would be located at the existing Petal storage operations in Forrest County, Mississippi and are fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact

FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding the application should be directed to Richard Porter, Petal Gas Storage, L.L.C., 1100 Louisiana Street, Houston, Texas, 77002, (telephone) (713) 381-2526, (fax) (713) 803-2534, rporter@eprod.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will

consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Comment Date: March 3, 2008.
