If a person other than Mr. Juan Blanco requests a hearing, that person shall set forth with particularity the manner in which his interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.309(d).

If a hearing is requested by Mr. Juan Blanco or a person whose interest is adversely affected, the Commission will issue an Order designating the time and place of any hearings. If a hearing is held, the issue to be considered at such hearing shall be whether this Order should be sustained. Pursuant to 10 CFR 2.202I(2)(i), Mr. Juan Blanco, or any other person adversely affected by this Order, may, in addition to demanding a hearing, at the time the answer is filed or sooner, move the presiding officer to set aside the immediate effectiveness of the Order on the ground that the Order, including the need for immediate effectiveness, is not based on adequate evidence but on mere suspicion, unfounded allegations, or error. In the absence of any request for hearing, or written approval of an extension of time in which to request a hearing, the provisions specified in Section IV above shall be final 20 days from the date of this Order without further order or proceedings.

If an extension of time for requesting a hearing has been approved, the provisions specified in Section IV shall be final when the extension expires if a hearing request has not been received. *An answer or a request for hearing shall not stay the immediate effectiveness of this order.*

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 52-012; 52-014]

South Texas Project Nuclear Operating Co.; South Texas Project Units 3 and 4, Order

The Commission is issuing a Notice Withdrawing the Hearing Notice Regarding the Application for a Combined Operating License for South Texas Project Units 3 and 4. This has the effect of indefinitely postponing the deadline by which petitions to intervene must be filed. The Commission will

republish a notice of opportunity for hearing on the Application when the staff is informed, as requested in its January 30, 2008, correspondence to Mr. Mark Burnett, Vice President Regulatory Affairs, that South Texas Nuclear Operating Company is prepared to support a review of the complete COL Application. The Petitions to Suspend the Hearing Notice Regarding the Application for a Combined License for South Texas Project Units 3 and 4 filed by the Sustainable Energy and Economic Development Coalition ("SEED Coalition"), the Nuclear Information and Resource Service, Inc. ("NIRS"), Beyond Nuclear, Inc. and the Sierra Club, Inc., on February 8, 2008, and filed by the Southwest Workers Union, on February 11, 2008, are thereby rendered moot.

This Order is issued pursuant to my authority under 10 CFR 2.346(a).

It is so ordered.

Dated at Rockville, Maryland this 13th day of February 2008.

For the Nuclear Regulatory Commission.

Annette L. Vietti-Cook,

Secretary of the Commission.

SUPPLEMENTARY INFORMATION: The NRC has developed a new strategic plan for FY 2008-2013 that updates the agency's current strategic plan. The Strategic Plan for Fiscal Years 2008-2013 describes the strategies and means by which the NRC intends to accomplish its mission, which is to "license and regulate the Nation's civilian use of byproduct, source, and special nuclear materials to ensure adequate protection of public health and safety, promote the common defense and security, and protect the environment."

The Strategic Plan for Fiscal Years 2008-2013 has two goals: Safety and Security. The agency's safety goal is to ensure adequate protection of public health and safety and the environment. Specific strategies are identified in the strategic plan to achieve the agency's safety strategic outcomes: prevent the occurrence of reactor accidents, inadvertent criticality events, releases of radioactive materials that result in significant radiation exposures, fatalities or adverse environmental impacts.

The agency's Security goal is to ensure adequate protection in the secure use and management of radioactive materials. To achieve this goal, specific strategies are identified in the strategic plan to achieve the agency's security strategic outcome to prevent any instances where licensed radioactive materials are used domestically in a manner hostile to the United States.

In addition to these two strategic goals, the agency has three Organizational Excellence Objectives:
