

which a review is requested. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Tariff Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order for which a review is requested.

The Department finds that it is not practicable to complete the preliminary results of this review within the original time frame due to additional analysis necessary with respect to cost of production data used in the margin calculation programs. Moreover, we require additional information from the respondent, ThyssenKrupp Mexinox S.A. de C.V. and Mexinox USA, Inc., in order to complete our analysis and will not have time to analyze this information prior to the current deadline for the preliminary results. Accordingly, the Department is extending the time limit for completion of the preliminary results of this administrative review until no later than July 30, 2008, which is 365 days from the last day of the anniversary month. We intend to issue the final results no later than 120 days after publication of the preliminary results notice. This extension is issued and published in accordance with sections 751(a)(3)(A) and 777(i) of the Tariff Act.

Dated: February 15, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
