DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

Privacy Act of 1974; Report of a Modified or Altered System of Records

AGENCY: Department of Health and Human Services (HHS), Center for Medicare & Medicaid Services (CMS).

ACTION: Notice of a Modified or Altered System of Records (SOR).

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, we are proposing to modify or alter existing system of records titled, "Enrollment Data Base (EDB), System No. 09-70-0502, last modified 67 **Federal Register** 3203 (January 23, 2002). The EDB currently maintains enrollment-related data, data elements pertaining to Medicare Secondary Payer (MSP), and data regarding Direct billing and Third Part premium collection information for Medicare premiums. We are amending the purpose of the EDB to include maintaining enrollment and entitlement data currently maintained in the following CMS systems of records: Medicare Beneficiary Database (MBD), System No. 09-70-0536; and the Medicare Prescription Drug System (MARX), System No. 09-70-4001.

We are modifying the language in published routine use number 1 to permit disclosures to a grantee of a CMS-administered grant program that perform a task for the agency. CMS occasionally contracts out certain of its functions when doing so would contribute to effective and efficient operations. CMS must be able to give a contractor, consultant or grantee whatever information is necessary for the contractor, consultant, or grantee to fulfill its duties. We will modify existing routine use number 5 that permits disclosure to Peer Review Organizations (PRO). Organizations previously referred to as PROs will be renamed to read: Quality Improvement Organizations (QIO). Information will be disclosed to QIOs for health care quality improvement projects. The modified routine use will be renumbered as routine use number 5. We will delete published routine use number 8 authorizing disclosure to support constituent requests made to a congressional representative. If an authorization for the disclosure has been obtained from the data subject, then no routine use is needed. The Privacy Act allows for disclosures with the "prior written consent" of the data subject.
