Agency Information Collection Request; 60-Day Public Comment Request

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed information collection request for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques

or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to Sherrette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690-6162. Written comments and recommendations for the proposed information collections must be received with 60-days, and directed to the OS Paperwork.

Proposed Project: SF-424 Research & Related (R&R) Form—Revision—OMB No. 4040-0001—Grants.Gov.

Abstract: The SF-424 (R&R) is the government-wide data set for research grant applications. The data set provides information to assist Federal program staff and grants officials in assessing the adequacy of applicant's proposals to accomplish project objectives and determine whether grant applications reflect program needs. Agencies will not be required to collect all of the information in the proposed data set. The agency will identify the data that must be provided by applicants through

instructions that will accompany the application package. The proposed data set incorporates proposed revisions adopted by the cross-agency R&R working group. This working group established the original proposed data set (4040-0001) in 2004. The instructions will also be revised.

We propose two major changes in our revision request. The first major change is to remove the Project/Performance Site Location(s) form from the collection. This form will be revised and included in a separate OMB-approved collection. The Project/Performance Site Locations(s) forms will be required with all SF-424 form families with the exception of the SF-424 Individual form. The second major change is to incorporate into this collection the Small Business Innovation Research (SBIR)/Small Business Technology Transfer (STTR) Information form (OMB Number 0925-0001). The existing SBIR/STTR Information form (OMB No. 0925-0001) will be discontinued once this R&R collection is renewed. We are requesting a 3-year extension of the revised form. The affected public may include Federal, State, Local, or tribal governments, business or other for profit, and not for profit institutions.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Indian Health Service

Division of Epidemiology and Disease Prevention; Urban Indian Communities

Announcement Type: Competitive.
Funding Announcement: HHS-IHS-2008-EPI-0001.

Catalog of Federal Domestic Assistance Number: 93.231.

Key Dates:

Application Deadline Date: April 4, 2008.

Review Date: April 11, 2008.

Anticipated Start Date: May 1, 2008.

I. Funding Opportunity

The Department of Health and Human Services (HHS) Indian Health Service (IHS) announces competitive cooperative agreement applications are now being accepted by the Division of

Epidemiology and Disease Prevention (DEDP) to establish a Tribal Epidemiology Center (TEC) for American Indians/Alaska Natives (AI/AN) and urban Indian organizations in California. This program is authorized under Snyder Act, 25 U.S.C. 13, and 25 U.S.C. 1621m of the Indian Health Care Improvement Act. This announcement limits competition to all eligible entities within the California Area. To obtain details regarding eligibility, please refer to Section III below.

The purpose of this cooperative agreement is to fund an organization that will provide epidemiological support and development for the AI/AN population in the state of California through the augmentation of existing programs with expertise in epidemiology and a history of regional administrative support. It is the intent of IHS to have a TEC in all of the 12 IHS Administrative Areas. This announcement seeks to establish a TEC in the California Area which will meet the aforementioned intent of IHS.

The TEC will be acting under a cooperative agreement with the IHS to operate the TEC within the California Area. In the conduct of this activity, the TEC may receive Protected Health Information (PHI) for the purpose of preventing or controlling disease, injury or disability, including, but not limited to, the reporting of disease, injury, vital events such as birth or death and the conduct of public health surveillance, public health investigation, and public health interventions for Tribal communities that they serve. Further, the IHS considers this to be a public health activity for which disclosure of PHI covered entities is authorized by 45 CFR 164.512(b) of the Privacy Rule.

Epidemiology activities will include, but are not limited to, enhancement of surveillance for disease condition; epidemiologic analysis; interpretation, and dissemination of surveillance data; investigation of disease outbreaks; development and implementation of epidemiologic studies; development and implementation of disease control and prevention programs; and coordination of activities of other public health authorities in the region. The proposed activities are intended to benefit, as much as possible, the entire AI/AN population in California.

To achieve the purpose of this cooperative agreement, the recipient will be responsible for the activities under item number 1. *Recipient Activities* and IHS will be responsible for conducting activities under item 2. *IHS Activities*.
