SUPPLEMENTARY INFORMATION:

Background

On November 7, 2007, the Department published the preliminary results of this administrative review of the antidumping duty order on carbon and certain alloy steel wire rod from Canada. See *Notice of Preliminary Results of Antidumping Duty Administrative Review: Carbon and Certain Alloy Steel Wire Rod From Canada*, 72 FR 62816 (November 7, 2007) (Preliminary Results). This review covers Ivaco Rolling Mills 2004 L.P. and Sivaco Ontario (a division of Sivaco Wire Group 2004 L.P.) (collectively referred to as "Ivaco"), for the period October 1, 2005 to September 30, 2006. On November 29, 2007, we sent a supplemental questionnaire to Ivaco pertaining to the level of trade issue.

Ivaco submitted its response on December 13, 2007. Petitioners (Mittal Steel USA Inc.—Georgetown, Gerdau USA Inc., Nucor Steel Connecticut Inc., Keystone Consolidated Industries, Inc., and Rocky Mountain Steel Mills) provided comment on Ivaco's response on December 21, 2007. Ivaco responded to petitioners' comments on December 31, 2007. The Department extended the deadlines for case filing briefs and rebuttal briefs because of its request for new information after issuing its preliminary results. Ivaco and petitioners submitted their case briefs on January 23, 2008. Ivaco and petitioners submitted their rebuttal briefs on January 30, 2008. The final results are currently due not later than March 6, 2008.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results were published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the final results up to 180 days from the date of publication of the preliminary results.

We determine that it is not practicable to complete the final results of this review within current statutory limits. The Department requires additional time to evaluate the information submitted by parties after the preliminary results were published. Therefore, we are extending the deadline for the final results of this review by 60 days, until no later than May 5, 2008, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1), 751(a)(3)(A), and 777(i)(1) of the Act.

Dated: February 21, 2008.

Notice of Postponement of Final Antidumping Duty Determination and Extension of Provisional Measures: Light-Walled Rectangular Pipe and Tube From Mexico

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 28, 2008.

FOR FURTHER INFORMATION CONTACT:

Angelica Mendoza, Patrick Edwards (PROLAMSA) or Judy Lao (Maquilacero), AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3019, (202) 482-8029, or (202) 482-7924, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 24, 2007, the Department of Commerce (the Department) published the initiation of the antidumping duty investigations on imports of light-walled rectangular (LWR) pipe and tube from the Republic of Korea, Mexico, Turkey, and the People's Republic of China. See *Initiation of Antidumping Duty Investigations: Light-Walled Rectangular Pipe and Tube from Republic of Korea, Mexico, Turkey, and the People's Republic of China*, 72 FR 40274 (July 24, 2007) (*Initiation Notice*). On January 30, 2008, the Department published its affirmative preliminary determination in this investigation. See *Notice of Preliminary Determination of Sales at Less Than Fair Value: Light-Walled Rectangular Pipe and Tube From Mexico*, 73 FR 5515 (January 30, 2008). This notice stated that the Department would issue its final determination no later than 75 days after the date on which the Department issued its preliminary determination.

Postponement of Final Determination

Section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) provide that a final determination may be postponed until no later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant portion of exports of the subject merchandise. Additionally, the Department's regulations, at 19 CFR

351.210(e)(2)(ii), require that a request by a respondent for postponement of a final determination be accompanied by a request for extension of the provisional measures from a four-month period to not more than six months.

On February 7, 2008, in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), one of the two mandatory respondents, Maquilacero S.A. de C.V. (Maquilacero), requested that the Department: ¹ (1) Postpone the final determination, and (2) extend the provisional measures period from four months to a period not longer than six months. Accordingly, pursuant to section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) The preliminary determination is affirmative; (2) the requesting exporter accounts for a significant portion of exports of the subject merchandise in this investigation and it requested the extension of the provisional measures; and (3) no compelling reasons for denial exist, we are postponing the final determination until no later than 135 days after the publication of the preliminary determination in the **Federal Register** (*i.e.*, until no later than June 13, 2008). Suspension of liquidation will be extended accordingly.

This notice of postponement is published pursuant to sections 735(a)(2) and 777(i)(1) of the Act and 19 CFR 351.210(g).

Dated: February 22, 2008.

David M. Spooner,
Assistant Secretary for Import
Administration.

FOR FURTHER INFORMATION CONTACT: Amy Hapeman or Jaclyn Daly, (301) 713-2289.

SUPPLEMENTARY INFORMATION: On March 7, 2007, notice was published in the **Federal Register** (72 FR 10170) that a request for a scientific research permit to take humpback, fin, and sei whales had been submitted by the above-named organization. The requested permit has been issued under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

Permit No. 605-1904, issued to The Whale Center of New England, allows for the harassment of humpback, fin, and sei whales along the U.S. Atlantic coast to: 1) continue population monitoring; 2) determine whether humpback whale life history parameters change with their population status; 3) determine the importance of Jeffrey's Ledge as an aggregation area; 4) determine how humpback and fin whales relate to their prey and use the environment; 5) develop an aging technique from biopsy samples; and 6) determine the effect that prey resources have on the distribution, behavior and social organization of whales. The permit authorizes the close approach of 400 humpback, 250 fin, and 100 sei whales for vessel surveys, photo-identification, tracking, and incidental harassment annually. The permit also authorizes the biopsy sampling of 115 humpback, 95 fin, and 25 sei whales annually during such approaches. For

humpback and fin whales, up to 20 samples for each species may be collected annually from young calves at least 3 months old. During approaches, researchers may suction-cup tag 40 humpback, 20 fin, and 25 sei whales greater than six months of age annually. The permit is issued for five years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an environmental assessment was prepared analyzing the effects of the permitted activities. After a Finding of No Significant Impact, the determination was made that it was not necessary to prepare an environmental impact statement.

Issuance of this permit, as required by the ESA, was based on a finding that such permit: (1) was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: February 21, 2008.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
