

records regardless of the recordkeeping medium. The records consist of Privacy Act reports files. Paper recordkeeping copies of these files were previously approved for disposal. Also included are annual reports, for which paper recordkeeping copies previously were approved as permanent.

18. Environmental Protection Agency, Inspector General (N1-412-07-70, 10 items, 8 temporary items). This schedule authorizes the agency to apply existing disposition instructions to records regardless of the recordkeeping medium. The records include hotline files, management assessment reviews and program evaluations, audit case files, suspension and debarment files, and investigative case files (exclusive of those that are unusually significant). Paper recordkeeping copies of these files were previously authorized for disposal. Also included are semiannual reports, for which paper recordkeeping copies previously were approved as permanent.

19. Environmental Protection Agency, Office of Pesticides Programs (N1-412-07-50, 14 items, 14 temporary items). This schedule authorizes the agency to apply existing disposition instructions to records regardless of recordkeeping medium. The records include re-registration case files and other documentation that supports or is ancillary to the registration of pesticides, including chemical reviews, laboratory test reports, novel microbial pesticide files, emergency exemption jackets, and other administrative files. Paper recordkeeping copies of these files were previously approved for disposal.

20. National Archives and Records Administration, Office of Administration (N1-64-08-6, 4 items, 4 temporary items). Master files of the Physical Access Control System, which maintains data for identity verification and access control activity in compliance with Homeland Security Presidential Directive 12. This schedule requests an exception to the applicable General Records Schedule for access control files.

NATIONAL FOUNDATION ON THE ARTS AND HUMANITIES

Institute of Museum and Library Services; Notice: Proposed Information Collection, Submission for OMB Review, Analysis of Trends in Institute of Museum and Library Services Grants to States

SUMMARY: The Institute of Museum and Library Services announces the following information collection has been submitted to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the contact section below on or before April 2, 2008.

OMB is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collocation of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

ADDRESSES: Lesley Langa, Research Specialist, Institute of Museum and Library Services, 1800 M Street, NW., 9th Floor, Washington, DC. Ms. Langa can be reached by telephone: 202-653-4760; fax: 202-653-4600; or e-mail: llanga@imls.gov.

SUPPLEMENTARY INFORMATION: The Institute of Museum and Library Services is an independent Federal

grant-making agency authorized by the Museum and Library Services Act, 20 U.S.C. 9101, et seq. Section 9108 supports IMLS' data collection and analysis role. The IMLS provides a variety of grant programs to assist the nation's museums and libraries in improving their operations and enhancing their services to the public. Museums and libraries of all sizes and types may receive support from IMLS programs.

This proposed generic clearance is essential to IMLS' ability to improve services, measure progress in achieving the goals articulated in the agency's strategic plan, understand trends in museum and library service, and in general be fully responsive to federal accountability requirements.

Abstract: The purpose of this study is to gather and analyze original data to:

(1) Better understand achievements, uses, impacts, and remaining needs for its program of annual formula-based library Grants to States from approximately 2003-2007;

(2) Relate services provided through Grants to States to all library services provided by the State Library Administrative Agencies in this period and understand the contribution of Grants to States to stimulating funding for library services;

(3) Relate these services to library services and trends in general in this period; and

(4) Better understand the function and impact of the program in the national context of library services.

BILLING CODE 7036-01-P

NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to the Office of Management and Budget (OMB) and solicitation of public comment.

SUMMARY: The NRC is preparing a submittal to OMB for review of continued approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* 10 CFR part 100, "Reactor Site Criteria."

2. *Current OMB approval number:* 3150-0093.

3. *How often the collection is required:* As necessary in order for the NRC to assess the adequacy of proposed seismic design bases and the design bases for other site hazards for nuclear power and test reactors constructed and licensed in accordance with 10 CFR parts 50 and 52 and the Atomic Energy Act of 1954, as amended.

4. *Who is required or asked to report:* Applicants and licensees for nuclear power and test reactors.

5. *The number of annual respondents:* Approximately 9.

6. *The number of hours needed annually to complete the requirement or request per applicant:* 657,000 (73,000 hours per applicant).

7. *Abstract:* 10 CFR part 100, "Reactor Site Criteria," establishes approval requirements for proposed sites for the purpose of constructing and operating stationary power and testing reactors pursuant to the provisions of 10 CFR parts 50 or 52. These reactors are required to be sited, designed, constructed and maintained to withstand geologic hazards, such as faulting, seismic hazards, and the maximum credible earthquake, to protect the health and safety of the public and the environment. Non-seismic siting criteria must also be evaluated. Non-seismic siting criteria

include such factors as population density, the proximity of man-related hazards, and site atmospheric dispersion characteristics. NRC uses the information required by 10 CFR part 100 to evaluate whether natural phenomena and potential man-made hazards will be appropriately accounted for in the design of nuclear power and test reactors.

Submit, by May 2, 2008, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

A copy of the draft supporting statement may be viewed free of charge at the NRC Public Document Room, One White Flint North, 11555 Rockville Pike, Room O-1 F21, Rockville, MD 20852. OMB clearance requests are available at the NRC worldwide Web site: <http://www.nrc.gov/public-involve/doc-comment/omb/index.html>. The document will be available on the NRC home page site for 60 days after the signature date of this notice.

Comments and questions about the information collection requirements may be directed to the NRC Clearance Officer, Margaret A. Janney (T-5 F52), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, by telephone at 301-415-7245, or by e-mail to INFOCOLLECTS@NRC.GOV.

Dated at Rockville, Maryland, this 26th day of February 2008.

For the Nuclear Regulatory Commission.

Gregory Trussell,

Acting NRC Clearance Officer, Office of Information Services.
