

sure someone is there to help you, please call (202) 690-2817 before coming.

*Other Information:* Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

**FOR FURTHER INFORMATION CONTACT:** For information on training related to animal diseases, contact Ms. Leslie Bolton, Program Specialist, Professional Development Staff, VS, APHIS, 4700 River Road Unit 27, Riverdale, MD 20737; (301) 734-3624. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS\* Information Collection Coordinator, at (301) 734-7477.

**SUPPLEMENTARY INFORMATION:**

*Title:* Nomination Request Form; Animal Disease Training.

*OMB Number:* 0579-xxxx.

*Type of Request:* Approval of a new information collection.

*Abstract:* Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized, among other things, to prohibit or restrict the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of animal diseases and pests and for eradicating such diseases when feasible. In connection with this mission, the Veterinary Services (VS) program of APHIS provides vital training to State, industry, and academic personnel to prepare them to respond to an animal disease event, including disease eradication activities and sample collection.

Individuals who wish to attend animal disease-related training must submit a Nomination Request Form (VS-1-5) to VS to help the program coordinate courses and select participants. VS develops rosters with course participants' names and their contact information to notify them of future training courses and to encourage contact among participants throughout their careers. We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity for 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the

Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 1.275985663 hours per response.

*Respondents:* State, industry, and academic personnel.

*Estimated annual number of respondents:* 552.

*Estimated annual number of responses per respondent:* 1.010869565.

*Estimated annual number of responses:* 558.

*Estimated total annual burden on respondents:* 712 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 27th day of February 2008.

**Kevin Shea,**

**DEPARTMENT OF AGRICULTURE**

**Animal and Plant Health Inspection Service**

[Docket No. APHIS-2008-0021]

**Notice of Request for Extension of Approval of an Information Collection; Infectious Salmon Anemia; Payment of Indemnity**

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Extension of approval of an information collection; comment request.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to

request an extension of approval of an information collection associated with regulations for the payment of indemnity due to infectious salmon anemia.

**DATES:** We will consider all comments that we receive on or before May 5, 2008.

**ADDRESSES:** You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2008-0021> to submit or view comments and to view supporting and related materials available electronically.

- *Postal Mail/Commercial Delivery:* Please send two copies of your comment to Docket No. APHIS-2008-0021, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. APHIS-2008-0021.

*Reading Room:* You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

*Other Information:* Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

**FOR FURTHER INFORMATION CONTACT:** For information on regulations for the payment of indemnity due to infectious salmon anemia, contact Dr. Stephen Ellis, Assistant Area Veterinarian in Charge, Infectious Salmon Anemia Program, Aquaculture, Swine, Equine and Poultry Programs, VS, APHIS, 16 Deep Cove Road, Eastport, ME 04631; (207) 853-2581. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS\* Information Collection Coordinator, at (301) 734-7477.

**SUPPLEMENTARY INFORMATION:**

*Title:* Infectious Salmon Anemia; Payment of Indemnity.

*OMB Number:* 0579-0192.

*Type of Request:* Extension of approval of an information collection.

*Abstract:* Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized

to prevent the interstate spread of serious diseases and pests of livestock within the United States and to eradicate such diseases and pests from the United States when feasible. In connection with this mission, APHIS established regulations in 9 CFR part 53 to pay indemnity to salmon producers in Maine whose fish are destroyed because of infectious salmon anemia (ISA).

ISA is a foreign animal disease of Atlantic salmon, caused by an orthomyxovirus. The disease affects both wild and farmed Atlantic salmon. ISA poses a substantial threat to the economic viability and sustainability of salmon aquaculture in the United States.

In order to take part in the indemnity program, producers must enroll in the cooperative ISA control program administered by APHIS and the State of Maine. Program participants must inform the ISA Program Veterinarian in writing of the name of their accredited veterinarian; develop biosecurity protocols and a site-specific ISA action plan; submit fish inventory and mortality information; assist APHIS or State officials with on-site disease surveillance, testing, and biosecurity audits; and complete an appraisal and indemnity claim form.

Payment is subject to the availability of funding.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of

information is estimated to average 2.981481481 hours per response.

*Respondents:* Program participants (salmon producers) and their employees, accredited veterinarians, and State animal health officials.

*Estimated annual number of respondents:* 2.

*Estimated annual number of responses per respondent:* 108.

*Estimated annual number of responses:* 216.

*Estimated total annual burden on respondents:* 644 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 27th day of February 2008.

## DEPARTMENT OF AGRICULTURE

### National Agricultural Statistics Service

#### Notice of Intent To Seek Approval To Revise and Extend an Information Collection

**AGENCY:** National Agricultural Statistics Service, USDA.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to seek approval to revise and extend a currently approved information collection, the Agricultural Resources Management Survey and Chemical Use Surveys. The following two scheduling changes will be requested. First, chemical use surveys are only requested for fall 2010 to include fruit and postharvest. Thus, no vegetable chemical use survey will be requested. Second, in 2008 only, in lieu of the fall ARMS Phase II Survey, additional questions will be requested for the ARMS Phase III Cost and Returns Report. These questions will focus on a) bio-energy crop adoption and production expenses, and b) impact of tobacco program changes on tobacco marketing. Thus, in 2009, NASS will not publish the 2008 Field Crops Chemical Use report which would have

resulted from a 2008 ARMS Phase II Survey.

**DATES:** Comments on this notice must be received by May 5, 2008 to be assured of consideration.

**ADDRESSES:** You may submit comments, identified by docket number 0535-0235, by any of the following methods:

- *E-mail:* [ombofficer@nass.usda.gov](mailto:ombofficer@nass.usda.gov).
- *Fax:* (202) 720-6396.
- *Mail:* Mail any paper, disk, or CD-ROM submissions to: NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 A, Mail Stop 2024, South Building, 1400 Independence Avenue SW., Washington, DC 20250-2024.
- *Hand Delivery/Courier:* Hand deliver to: NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 A South Building, 1400 Independence Avenue SW., Washington, DC 20250-2024.

#### FOR FURTHER INFORMATION CONTACT:

Joseph T. Reilly, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-4333.

#### SUPPLEMENTARY INFORMATION:

*Title:* Agricultural Resources Management Survey and Chemical Use Surveys.

*OMB Control Number:* 0535-0218.  
*Expiration Date of Approval:* September 30, 2008.

*Type of Request:* Intent to revise and extend a currently approved information collection.

*Abstract:* The Agricultural Resource Management Survey (ARMS) is the primary source of information for the U.S. Department of Agriculture on a broad range of issues related to agricultural resource use and costs and farm sector financial conditions. ARMS is the only source of information available for objective evaluation of many critical issues related to agriculture and the rural economy, such as: whole farm finance data including data sufficient to construct estimates of income for farms by; type of operation, loan commodities, income for operator households, credit, structure, and organization; marketing information, and other economic data on input usage, production practices, and crop substitution possibilities.

Data from ARMS are used to produce estimates of net farm income by type of commercial producer as required in 7 U.S.C. 7998 and estimates of enterprise production costs as required in 7 U.S.C. 1441(a). Data from ARMS are also used as weights in the development of the Prices Paid Index, a component of the
