DEPARTMENT OF LABOR

Employment and Training Administration

Agency Information Collection Activities: Extension of a Currently Approved Information Collection With Non-Substantive Changes; Comment Request

ACTION: 60-day notice of information collection under review: Form ETA-9033A, Attestation by Employers Using Alien Crewmembers for Longshore Activities in the State of Alaska; OMB Control No. 1205-0352.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning Form ETA 9033A Attestation by Employers Using Alien Crewmembers for Longshore Activities in the State of Alaska. A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice or at this Web site: <http://www.doleta.gov/OMBControlNumber.cfm>.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before May 5, 2008.

ADDRESSES: William L. Carlson, Administrator, Office of Foreign Labor Certification, U.S. Department of Labor, Room C4312, 200 Constitution Ave., NW., Washington, DC 20210; by phone at (202) 693-3010 (this is not a toll-free number); by fax at (202) 693-2768; or by e-mail at ETA.OFLC.Forms@dol.gov subject line: Form 9033A.

SUPPLEMENTARY INFORMATION:

I. Background

The information collection is required by section 258 of the Immigration and Nationality Act (INA) (8 U.S.C. 1288). The INA has an exception to the general

prohibition on the performance of longshore work by alien crewmembers for ports in the State of Alaska. Under this "Alaska exception", before any employer may use alien crewmembers to perform longshore activities in the State of Alaska, it must submit an attestation to the Secretary of Labor containing the elements prescribed by the INA. The INA further requires that the Secretary of Labor make available for public examination in Washington, DC, a list of employers that have filed attestations and, for each of these employers, a copy of the employer's attestation and accompanying documentation received by the Secretary.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

In order to meet its statutory responsibilities under the INA, the Department needs to extend an existing collection of information pertaining to employers seeking to use alien crewmembers to perform longshore activities in the State of Alaska. ETA has decreased its burden request because the number of applications has decreased during the last 3 years.

SUPPLEMENTARY INFORMATION: Proposed Project: "Disciplinary Process within Agencies."

As part of its statutory mission, MSPB is responsible for conducting studies of the Federal civil service to ensure that all Federal government agencies follow merit systems practices and avoid prohibited personnel practices. To support this research agenda, MSPB periodically conducts surveys of samples of Federal employees. To obtain insight into the perspectives of management and management advisors regarding Federal disciplinary processes, MSPB requests approval to conduct a series of three surveys. All will be completed within two years.

The surveys will be sent to (1) proposing officials for discipline, (2) deciding officials for discipline, and (3) human resources advisors on disciplinary actions. The surveys will ask respondents to share their experiences conducting suspensions of 14 days or less and removal actions, including their level of involvement in decisions made, their use of alternative discipline, the nature of the conduct that led to the action, the role of performance in conduct based actions, and the quality of related training they received. Respondents will be selected based upon disciplinary actions recorded in the Central Personnel Data File (CPDF).

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 0.50 hours per respondent.

Respondents/Affected Entities: Participants will be randomly drawn from the agencies that conducted the majority of removal actions in Fiscal

Year 2007. For each personnel action, there will be three respondents (the proposing official, the deciding official, and the human resources advisor).

Estimated Number of Respondents: 7,500.

Frequency of Response: Once for most respondents. (If a party was involved in implementing multiple disciplinary actions, there is a potential to receive more than one survey.)

Estimated Total Annual Hour Burden: 3,750.

William D. Spencer,

Clerk of the Board.
