III. Public Comments

EPA is accepting comments only on the two documents made available through this action. These documents are: (1) The TRI Technical Review of Acetonitrile and (2) the Acetonitrile External Peer Review charge. Comments submitted in response to this notification should be limited to the scientific findings in these documents. Comments responding to these documents will be made available to the peer reviewers for consideration during the external peer review process.

EPA does not intend to respond to comments unrelated to the two documents identified as open for public comment and will not provide them to peer reviewers for consideration.
