SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-57417; File No. SR-NYSEArca-2008-26]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Make Permanent Two Pilot Programs That Increase Position and Exercise Limits on Equity Options

March 3, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 29, 2008, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange has designated this proposal as non-controversial under Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange seeks to make permanent two pilot programs that increase position and exercise limits for equity options. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange seeks to make permanent two pilot programs that increase position and exercise limits for equity options. The Exchange proposes to amend Rule 6.8, Position Limits, and Rule 6.9, Exercise Limits, to permanently establish the increased limits of the two pilot programs. Rule 6.8 subjects equity options to one of five different position limits depending on the trading volume and outstanding shares of the underlying security. Rule 6.9 establishes exercise limits for equity options at the same levels as the applicable position limits.

The first pilot program, the "Rule 6.8 Pilot Program," commenced on February 25, 2005, and provides for an increase to the standard (or "non-pilot") positions and exercise limits for equity option contracts and for options on the PowerShares QQQ Trust ("QQQ").⁵

The second pilot program, the "iShares^{reg}; Russell 2000^{reg}; Index Fund ('IWM') Option Pilot Program," commenced on January 29, 2007, and increases the position and exercise limits for IWM options from 250,000 contracts to 500,000 contracts.⁶

The IWM Option Pilot Program doubles the position and exercise limits for IWM options under the Rule 6.8 Pilot Program. See NYSEArca Rule 6.8, Commentary .06(g). Absent both of these pilot programs, the standard position and exercise limit for IWM options is 75,000 option contracts.

The standard position limits were last increased nine years ago, on December

⁵ The Rule 6.8 Pilot Program was effective upon filing on February 25, 2005. See Securities Exchange Act Release No. 51286 (March 1, 2005), 70 FR 11297 (March 8, 2005) (SR-PCX-2003-55). The Pilot Program has been extended five times for six month periods by the Commission, and expires on March 1, 2008. See Securities Exchange Act Release Nos. 52263 (August 15, 2005), 70 FR 49003 (August 22, 2005) (SR-PCX-2005-95); 53350 (February 22, 2006), 71 FR 9406 (March 1, 2006) (SR-PCX-2006-08); 54385 (August 30, 2006), 71 FR 53150 (September 8, 2006) (SR-NYSEArca-2006-49); 55374 (February 26, 2007), 72 FR 9823 (March 5, 2007) (SR-NYSEArca-2007-19); and 56264 (August 15, 2007), 72 FR 47110 (August 22 2007) (SR-NYSEArca-2007-84).

⁶ The proposal that established the IWM Pilot Program was effective upon filing. See Securities Exchange Act Release No. 55185 (January 29, 2007), 72 FR 5481 (February 6, 2007) (SR-NYSEArca-2007-10). The IWM Pilot Program was subsequently extended and is due to expire on March 1, 2008. See Securities Exchange Act Release Nos. 56021 (July 6, 2007), 72 FR 38115 (July 12, 2007) (SR-NYSEArca-2007-58); and 57174 (January 18, 2008), 73 FR 4655 (January 25, 2007) (SR-NYSEArca-2008-07).

¹⁷ 17 CFR 200.30-3(a)(12).

31, 1998.⁷ Since that time, there has been a steady increase in the number of accounts industry-wide that (a) approach the position limit; (b) exceed the position limits; and (c) are granted an exemption to the applicable position limit by either NYSE Arca, or another options exchange.

NYSE Arca has not encountered any problems or difficulties relating to either pilot program. In addition, the Exchange is unaware of any violations of the position and exercise limits under the pilot programs during the period in which both pilot programs were in effect.

Since the last position limit increase, there has been an exponential increase in the overall volume of exchange traded options. Part of this volume is attributable to a corresponding increase in the number of overall market participants. This growth in market participants has in turn brought about additional depth and increased liquidity in exchange traded options. Further, since the last position limit increase, and throughout the duration of the two pilot programs, the Exchange has not encountered any regulatory issues regarding the applicable position limits, and states that there is a lack of evidence of market manipulation schemes, which justifies making permanent the Rule 6.8 and IWM Option Pilot Programs.

As the anniversary of listed options trading approaches its 35th year, the Exchange believes that the existing surveillance procedures and option position reporting requirements at the Exchange, at other options exchanges, and at the several clearing firms are capable of properly identifying unusual and/or illegal trading activity. The Exchange's surveillance procedures include daily monitoring of firm and customer position reports via automated surveillance techniques to identify potential violations of position limits for options and their underlying securities.

Accordingly, the Exchange represents that its surveillance procedures (which have been significantly enhanced since the last position limit increase in 1999) and reporting procedures, in conjunction with the financial requirements and risk management review procedures already in place at the clearing firms and the Options Clearing Corporation, will serve to adequately address any concerns the Commission may have with respect to account(s) engaging in any manipulative

schemes or assuming too high a level of risk exposure.

The Exchange believes that the current financial requirements imposed by the Exchange and by the Commission adequately address concerns that a member or its customer may try to maintain an inordinately large unhedged position in an equity option.

The Exchange expects continued options volume growth as opportunities for investors to participate in the option markets increase and evolve. The Exchange believes that the non-pilot position and exercise limits are restrictive, and returning to those limits will hamper fair and effective competition between the listed options markets and the over-the-counter markets.

Equity option position limits have been gradually expanded from 1,000 contracts in 1973 to the current level of 75,000 contracts for the largest and most actively traded equity options. To date, there have been no adverse affects on the markets as a result of these past increases in the limits for equity option contracts.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with and furthers the objectives of Section 6(b)(5) of the Act,⁸ in that it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated the proposed rule change as one that: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and

(3) does not become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Therefore, the foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰ The Exchange notes that the proposed rule change is based on a similar proposal recently approved by the Commission.¹¹ The Exchange has asked the Commission to waive the operative delay to permit the proposed rule change to become operative prior to the 30th day after filing.

The Rule 6.8 Pilot Program and the IWM Option Pilot Program were scheduled to expire on March 1, 2008. The Commission believes that waiving the 30-day operative delay of the Exchange's proposal is consistent with the protection of investors and the public interest because it will allow the position and exercise limits to remain at consistent levels during the transition from the pilot programs to permanent status.¹² Therefore, the Commission designates the proposal to be operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has fulfilled this requirement.

¹² For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
