These partners are subject matter experts within specific industries and sectors. DHS has created this program to facilitate granting clearances to appropriate individuals. The CIKR PSCP requires individuals to complete a clearance request form that initiates the clearance process. Individuals are selected and then invited to become partners with DHS for a specific project or task. DHS Sector Specialists or Protective Security Advisors email the form to the individual who emails back the completed form. The data from these forms make up the Master Roster. The Name, Social Security Number, Date of Birth and Place of Birth are entered into e-QIP—Office of Personnel Management's secure portal for investigation processing. Once the data is entered in e-QIP by the DHS Office of Security, Personnel Security Division then the applicant can complete the rest of the e-QIP security questionnaire. The CIKR PSCP Master Roster contains all the information found on the clearance request form in addition to their clearance info (date granted, level, date non-disclosure agreements signed.) The Administrator of the Master Roster maintains the information so as to track clearance processing and investigation information (date of investigation) and to have the most current contact information for the participants from each sector.
