Title: (MA) Loans in Areas Having Special Flood Hazards—12 CFR Part 22.

OMB Control Number: 1557-0202.

Description: The regulation requires national banks to make disclosures and keep records regarding whether a property securing a loan is located in a special flood hazard area. This information collection is required by section 303(a)¹ and title V of the Riegle Community Development and Regulatory Improvement Act,² the National Flood Insurance Reform Act of 1994 amendments to the National Flood Insurance Act of 1968³ and the Flood Disaster Protection Act of 1973,⁴ and by OCC regulations implementing those statutes. The information collection requirements are contained in 12 CFR part 22.

Section 22.6 requires a national bank to use and maintain a copy of the Standard Flood Hazard Determination Form developed by the Federal Emergency Management Agency (FEMA).

Section 22.7 requires a national bank or its loan servicer, if a borrower has not obtained flood insurance, to notify the borrower to obtain adequate flood insurance coverage or the bank or servicer will purchase flood insurance on the borrower's behalf.

Section 22.9 requires a national bank making, extending, increasing or renewing a loan secured by a building or a mobile home to advise the borrower and the loan servicer that the property is located in a special flood hazard area, provide a description of the flood insurance purchase requirements, and provide information regarding the availability of insurance under the National Flood Insurance Program and Federal assistance in the event of a declared Federal flood disaster. The bank must maintain a record of the borrower's and loan servicer's receipts of these notices.

Section 22.10 requires a national bank making, increasing, extending, renewing, selling or transferring a loan secured by a building or a mobile home located in a special flood hazard area to notify FEMA of the identity of the servicer, and of any change in servicers.

This information collection requirements ensure bank compliance with applicable Federal law, further bank safety and soundness, provide

SUPPLEMENTARY INFORMATION: The OCC is proposing to extend OMB approval of the following information collection:
Title: (MA)—Management Official Interlocks—12 CFR 26.

OMB Control Number: 1557-0196.

Description: Under the Interlocks Act, two competing depository institutions generally may not share management officials. However, the OCC has legal authority to implement exemptions to this general prohibition. One such prohibition prohibits a management official of a depository organization

from serving at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same relevant metropolitan statistical area and each depository organization has total assets of \$20 million or more. Section 610 of the Financial Services Regulatory Relief Act of 2006 (12 U.S.C. 3202(1)) raises the total asset threshold of the depository organization to \$50 million. The change was effective as of October 13, 2006 and adopted by the OCC on January 11, 2007. This submission covers this change.

The information is needed to prevent any management official interlock that would result in a monopoly or substantial lessening of competition. The OCC needs the information to grant exemptions that foster competition between unaffiliated institutions.

The OCC uses the information to ensure that a proposed management interlock is permitted under statute, is eligible for an exemption under section 2210(c) of the Economic Growth and Regulatory Paperwork Reduction Act of 1996 (12 U.S.C. 3207), and does not have an anticompetitive effect.
